Notice of Appeal

comes now William Wallace Frey 'Defendant' files this notice of appeal..

After careful consideration of factors listed in the orignal appeal documents I am asking and trying to gather the necessary evadentary data which would enhance my request included here-in.

Ihave made several contacts previously that my request have not been taken seriously I am therefore requesting that the court take a careful and objective view of my cercumstance and the case itself you may consider this letter as a formal Request for Re-evaluation of all cercumstances involved which are a portian of the record entered into evidence by the DA or withheld from submission to the court Regardless of there validity to the case based on the judgement. improper though it may have been, and have convoluded the remaining facts of the case

since one cd was used as primarly evidence, even though thare were 3 additional cds which the District attorney withheld please review this message and respond as quickly as possible.

Respectfully submitted
