ORDER

The Court appreciates Aponte's response and apology. The show cause Orders, *Doc. 24 at 6 & Doc. 28*, are discharged. The Court will not impose any sanctions. But, the Court admonishes Aponte: He must verify all sources he cites in his court filings, especially cases, statutes, regulations, and other legal authorities; and he should cultivate a healthy skepticism about materials located with internet searches and especially about materials that are (or could have been) generated by artificial intelligence.

So Ordered.
