**STATEMENT OF PROBABLE CAUSE**  
(For issuance of an arrest warrant or summons)

I state that on 04/06/2024 while exercising my duties as a law enforcement officer in the \_\_\_\_\_ District of AZ

Pursuant to 16USC 551: I state that on April 6, 2024 while exercising my duties as a Law Enforcement Officer in the District of Arizona I, USDA Forest Service Law Enforcement Officer (LEO) Roper, was on uniformed patrol in a marked patrol vehicle within the jurisdiction of the Coconino National Forest.

At approximately 1820 hours I observed a blue Chevrolet Tahoe (AZ: parked off of Forest Road (FR) 689, along a non-system road in violation of the Motor Vehicle Use Map. The vehicle was backed in between two trees, and all the windows were either tinted or covered, giving the appearance of the vehicle hiding and/or being set up in a defensive position. Between the tint on the rear windows and the large window coverings on the front three windows, it was nearly impossible for me to see into the vehicle, but any potential occupants would be able to observe my movements outside the vehicle without me knowing. Given this set up, I observed the vehicle from all sides from a distance, then returned to my patrol vehicle. I turned on my red/blue emergency lights, honked the airhorn several times, and I utilized my patrol vehicle's public address system to identify myself as the police and three times I ordered the driver of the Tahoe to exit the vehicle.

After several announcements and orders to exit the vehicle, I saw no movement of the vehicle or within the vehicle. I approached the vehicle and stated "I just gave you commands to come out of the vehicle. Come on out." A male's voice (later identified by AZ DL as Patrick VIGIL Jr) responded by saying "why?" I informed him that he was in violation of the law, and VIGIL responded "No." Now that I identified that someone was actually in the vehicle, given their ability to observe me but I could not see them, and their passive and verbal resistance to my commands, I requested backup officers to respond and assist me. After about two more minutes of waiting, a male emerged from the driver's door of the vehicle (where a canister of bear spray and a Leatherman was later located) and he started walking towards me. I drew my Taser and ordered VIGIL into a kneeling handcuffing position. VIGIL complied, I placed him into handcuffs, checked him for weapons, and then detained him in the back of my patrol vehicle.

I performed a protective sweep of the suspect vehicle to ensure there were no other occupants inside. While performing this sweep, I noticed the distinct odor of marijuana emanating from the vehicle. Prior to performing a search of the vehicle for marijuana, I asked VIGIL if he had any drugs, weapons, or anything else that could harm me. He only stated that he had marijuana.

The foregoing statement is based upon:

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

**CASE NUMBER**  
**FDVI009T**

<b>FOREST</b> Coconino National Forest	<b>ADDRESS</b> 8375 State Route 179, PO Box 20429, Sedona, AZ 86341
---	--

I state that on April 6, 2024 while exercising my duties as a Law Enforcement Officer in the District of Arizona I, USDA Forest Service Law Enforcement Officer (LEO) Roper, was on uniformed patrol in a marked patrol vehicle within the jurisdiction of the Coconino National Forest.

At approximately 1820 hours I observed a blue Chevrolet Tahoe (AZ: \_\_\_\_\_, parked off of Forest Road (FR) 689, along a non-system road in violation of the Motor Vehicle Use Map. The vehicle was backed in between two trees, and all the windows were either tinted or covered, giving the appearance of the vehicle hiding and/or being set up in a defensive position. Between the tint on the rear windows and the large window coverings on the front three windows, it was nearly impossible for me to see into the vehicle, but any potential occupants would be able to observe my movements outside the vehicle without me knowing. Given this set up, I observed the vehicle from all sides from a distance, then returned to my patrol vehicle. I turned on my red/blue emergency lights, honked the airhorn several times, and I utilized my patrol vehicle's public address system to identify myself as the police and three times I ordered the driver of the Tahoe to exit the vehicle.

After several announcements and orders to exit the vehicle, I saw no movement of the vehicle or within the vehicle. I approached the vehicle and stated "I just gave you commands to come out of the vehicle. Come on out." A male's voice (later identified by AZ DL as Patrick VIGIL Jr) responded by saying "why?" I informed him that he was in violation of the law, and VIGIL responded "No." Now that I identified that someone was actually in the vehicle, given their ability to observe me but I could not see them, and their passive and verbal resistance to my commands, I requested backup officers to respond and assist me. After about two more minutes of waiting, a male emerged from the driver's door of the vehicle (where a canister of bear spray and a Leatherman was later located) and he started walking towards me. I drew my Taser and ordered VIGIL into a kneeling handcuffing position. VIGIL complied, I placed him into handcuffs, checked him for weapons, and then detained him in the back of my patrol vehicle.

I performed a protective sweep of the suspect vehicle to ensure there were no other occupants inside. While performing this sweep, I noticed the distinct odor of marijuana emanating from the vehicle. Prior to performing a search of the vehicle for marijuana, I asked VIGIL if he had any drugs, weapons, or anything else that could harm me. He only stated that he had marijuana. Upon searching the vehicle I located the bear spray and Leatherman inside the driver's door pocket, two pistols (one loaded) in the rear of the SUV where VIGIL had been laying, a machete just inside the right rear door/also next to where VIGIL had been laying, and other miscellaneous pocket knives.

I asked VIGIL if he reached for or possessed the guns while I was making announcements to him. VIGIL told me that he didn't, but that if he felt like he was in danger, or if he didn't know who I was, then he would have [handled his firearms].

Approximately 45 minutes later, I concluded my vehicle search and I notified VIGIL that he was under arrest and that I would have to impound his vehicle for safe keeping. VIGIL expressed his displeasure with this, and eventually stated "this is what makes me want to kill..." I later asked VIGIL to clarify what he meant by that statement. VIGIL replied something to the effect of "what else can I do to stop you from, to stop you from, from..." I asked "So that is accurate then? It makes you want to kill me." VIGIL replied "Yeah. So." VIGIL claimed not to have "murderous intent," but when I explained that he just described intent to murder me, he replied something to the effect of "You gotta understand how I'm feeling right now... I wish it was like, just, self-defense. That's what I could have said all along, ya know." I asked VIGIL if he could go back in time, would he like to shoot me and then call it self-defense. VIGIL said no, because he is too slow, elaborating by saying "there is the quick and the dead. I am good as dead." VIGIL clarified that mentally, that is where he was at though.

**USDA STATEMENT OF PROBABLE CAUSE**  
**Forest Service**

**CASE NUMBER**  
**FDVI009T**

Being concerned for the safety of our civilian forest service employees who also make compliance contacts, as well as of the general recreating public, I felt that the only safe option was to take VIGIL into custody. I felt that, based on his own statements, VIGIL posed a risk of harming anyone who came into or near his campsite and that he felt like he could act quicker than in a fight.

I arrested VIGIL for a violation of 36 CFR 261.3 (a), Threatening, resisting, intimidating, or interfering with any forest officer engaged in or on account of the performance of his official duties in the protection, improvement, or administration of the National Forest System. VIGIL was also charged with residing on National Forest System lands (FDVI009U) and violating the regulations of the Coconino National Forest's motor vehicle use map (VN # FDVI009V). VIGIL was issued a warning for possession of marijuana, and 13.88 grams of marijuana was seized from his vehicle.

The foregoing is based upon:

- My personal observations.
- My personal investigation.
- Information supplied to me from a fellow officer's observations.
- Other (explained above).

I declare under penalty of perjury that the information which I have set forth above and on the face of the Violation Notice is true and correct to the best of my knowledge.

**STATEMENT OF PROBABLE CAUSE**  
(For issuance of an arrest warrant or summons)

I state that on 04/06/2024 while exercising my duties as a law enforcement officer in the \_\_\_\_\_ District of AZ

Pursuant to 16USC 551: I state that on April 6, 2024 while exercising my duties as a Law Enforcement Officer in the District of Arizona I, USDA Forest Service Law Enforcement Officer (LEO) Roper, was on uniformed patrol in a marked patrol vehicle within the jurisdiction of the Coconino National Forest.

At approximately 1820 hours I observed a blue Chevrolet Tahoe parked off of Forest Road (FR) 689, along a non-system road in violation of the Motor Vehicle Use Map. The vehicle was backed in between two trees and all the windows were either tinted or covered, giving the appearance of the vehicle hiding and/or being set up in a defensive position. Given this appearance, I observed the vehicle from all sides from a distance, then returned to my patrol vehicle to make announcements on the public address system. After several announcements and orders to exit the vehicle, I saw no movement of the vehicle or within the vehicle. I reapproached the vehicle and announced myself, a male (later identified by AZ DL as Patrick VIGIL Jr) answered, and then I again ordered him out of the vehicle. I requested backup officers since VIGIL had barricaded himself in his vehicle, and several minutes later VIGIL came out and I was able to safely detain him.

Once VIGIL was detained and searched, I placed him in the back of my patrol vehicle. He made several unsolicited statements about being homeless, living in his car, and just looking for a place to stay. I then read VIGIL his Miranda rights, which he waived. VIGIL went on to tell me the following:

- VIGIL is currently homeless, and he had been living in a car since the end of October, 2022
- VIGIL stated that the address on his license was a hotel in Camp Verde. He stated that his current address is his car because that is where he lives, but he uses the hotel address because the authorities require him to have an address.
- VIGIL stated that he has PO boxes in Flagstaff and Anthem that he also uses.
- VIGIL stated that he alternates between living in Flagstaff and the Verde Valley. He has a parking lot in Flagstaff that he frequents, but when the snow came, he moved down to this location one day prior to our contact.
- VIGIL stated that the purpose of his stay on National Forest was to find a place to park where he would not get in trouble and where he could be away from everyone else.

In a subsequent search of the vehicle, I observed that the rear seats were folded down and the vehicle was set up in a manner consistent with residential use. This included having all the windows covered, having a sleeping bag and mattress spread

The foregoing statement is based upon:

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

**STATEMENT OF PROBABLE CAUSE**  
(For issuance of an arrest warrant or summons)

I state that on 04/06/2024 while exercising my duties as a law enforcement officer in the \_\_\_\_\_ District of AZ

Pursuant to 16USC 551: I state that on April 6, 2024 while exercising my duties as a Law Enforcement Officer in the District of Arizona I, USDA Forest Service Law Enforcement Officer (LEO) Roper, was on uniformed patrol in a marked patrol vehicle within the jurisdiction of the Coconino National Forest.

At approximately 1820 hours I observed a blue Chevrolet Tahoe (AZ parked off of a non-system road, accessed via Forest Road (FR) 689. [A non-system road is a road not identified on the Coconino National Forest's Motor Vehicle Use Map (MVUM).] The Tahoe was at the end of a turn around, and it was backed into a small drainage between two trees. I have not seen evidence of vehicles parked in this location before, which means this vehicle was creating further natural resource impacts and possibly extending the illegal road further.

This portion of Forest Route 689 is identified as a camping corridor, which means that vehicle use is allowed within 300 lateral feet of the roadway for the purpose of camping. According to an estimate measured on Google Earth, the suspect's vehicle was approximately 316 feet away from the closest portion of FR 689.

I attempted to contact the occupant of the vehicle (later identified by AZ DL as Patrick VIGIL) for this violation, but all the windows were covered and no one came out of the vehicle when I announced myself several times. Eventually VIGIL answered me but told me "no" when I asked him to get out of the vehicle. I requested backup officers since VIGIL had barricaded himself in his vehicle, and eventually VIGIL came out and I was able to safely detain him. In a subsequent search of the vehicle I found weapons near most doors of the vehicle, including two pistols (one loaded), a machete, pocket knives, and bear spray. VIGIL readily admitted to me that he had been living in his vehicle for 2 years and that he was just looking for a place to stay where he could keep to himself.

I arrested VIGIL for a violation of 36 CFR 261.13, driving off roadways established by the Motor Vehicle Use Map. VIGIL was also charged with residing on National Forest System lands (FDVI009U) and threatening/intimidating a Forest Officer (VN # FDVI009T). VIGIL was issued a warning for possession of marijuana, and 13.88 grams of marijuana was seized from his vehicle.

The foregoing statement is based upon:

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.
