The false information laundering was perpetrated by Laura Dehmlow and Elvis Chan¹⁴⁷ from the FBI, among many¹⁴⁸ others. Dehmlow supervises the Orwellian-themed “Foreign Influence Task Force” (FITF)¹⁴⁹ along with Chan, the ASAC at the San Francisco Field Office.¹⁵⁰ Dehmlow believes it is her civic duty¹⁵¹ to censor—she told other feds that “critical thinking seems to be a problem currently.”¹⁵²

Ms. Laura Dehmlow	FBI

There was discussion between team members related to organizational information sharing between public/private sector; how to collaborate across channels; driving resiliency building and education about MDM; with FBI focused on foreign efforts, how do we disentangle foreign actors embedded in the MDM process; and, what is the government's strategic approach related to MDM? Ms. Dehmlow was asked to provide her thoughts or to define a goal for approaching MDM and she mentioned “resiliency”. She stated we need a media infrastructure that is held accountable; we need to early educate the populace; and that today, critical thinking seems to be a problem currently. Senior Advisor for Homeland Security and Director of the Defending Democratic Institutions Center for Strategic and International Studies (CSIS), stated that civics education should be provided at all ages.

Laura Elaine Dehmlow
DOB: 06/03/1982

Elvis Ming Chan
DOB: 04/05/1969

60. Defendant Laura Dehmlow is the Section Chief for the FBI's Foreign Influence Task Force. She is sued in her official capacity.

61. Defendant Elvis M. Chan is Supervisory Special Agent of Squad CY-1 in the San Francisco Division of the FBI. On information and belief, he has authority over cybersecurity issues for FBI in that geographical region, which includes the headquarters of major social-media platforms, and he plays a critical role for FBI and FITF in coordinating with social-media platforms relating to censorship and suppression of speech on their platforms.

Greenberg in 2017 made 16 payments totaling about \$5,000 to a woman who later dated Gaetz while interning in Washington, D.C. Greenberg also made a payment in April 2017 to the woman using Cash App."

⁹⁶⁵ "[U]se of the cellular phone would satisfy the interstate commerce element ... It is well established that telephones, even when used intrastate, constitute instrumentalities of interstate commerce. ... Thus, even though the signal that actually connected the two parties was ultimately intrastate, interstate activities were required to make that connection possible. Hence, we conclude that the defendant's use of his cellular telephone was use of an instrumentality in interstate commerce."

IV. DRUG-RELATED CRIMES

The Biden family’s drug and alcohol addictions have been sympathetically written about by the mainstream American press since 2009, when a video surfaced of Ashley snorting cocaine at a party. The mainstream media has not focused, however, on the fact that it was Joe who came up with the phrase “drug czar”¹³⁷³ in 1982. Indeed, Joe played a leading role in crafting stricter sentences for drug offenders that, if applied equally, would have sent his own son and daughter to prison for decades. Furthermore, only a foreign outlet has covered the incredible admission from Joe that Hunter apparently inherited his addictive urges from Joe, and Hunter’s mother, Neilia: “[Y]ou got the disease from mommy [Neilia] and me[.]”¹³⁷⁴ It is critical to remember that many of Hunter’s drug dealers—and Hunter himself—used sex trafficking¹³⁷⁵ and other illegal pursuits in tandem with narcotics offenses.
