Hi there! Just chatted w the team. Confirming that we are ready to launch with the OEMs, no reason to keep this flagged as "not ready"

kstolz@google.com 2022-03-21T20:28:52.490Z

We're finalizing some documentation, could have it ready in a few weeks if anyone asked

margaretlam@google.com 2022-03-21T20:29:06.617Z

What's the ETA for the requirement documentation?

margaretlam@google.com 2022-03-21T20:29:14.682Z

is there anything high level you can share in the meantime?

kstolz@google.com 2022-03-21T20:29:27.450Z

in terms of technical documentation?

kstolz@google.com 2022-03-21T20:29:50.254Z

I think we'd want to have a conversation with the OEM before we shared any technical docs

margaretlam@google.com 2022-03-21T20:50:31.289Z

yes

margaretlam@google.com 2022-03-21T20:50:36.154Z

they will need to know what is expected of them

margaretlam@google.com 2022-03-21T20:50:42.402Z

so we have a whole list of req

margaretlam@google.com 2022-03-21T20:51:00.283Z

we don't set up 1:1 calls with each product teams when negotiation as a whole

margaretlam@google.com 2022-03-21T20:51:05.291Z

but since this is new

margaretlam@google.com 2022-03-21T20:51:12.268Z

probably could make sense to introduce this to the partners

margaretlam@google.com 2022-03-21T20:51:28.459Z

i'll flag with the BD team and see what they'd like to do with this one -- good to know that the team is ready to onboard partners

kstolz@google.com 2022-03-21T20:52:53.099Z

great, thanks!

kstolz@google.com 2022-03-21T20:53:07.540Z

they're prob a few weeks out from having the technical documentation that you're looking for

kstolz@google.com 2022-03-21T20:53:10.918Z

but we're nearly there!

margaretlam@google.com 2022-03-21T20:53:16.401Z

that sounds great, thanks Katherine!

(also this is pretty silly but do you mind turning history off 😊)
