Policy Rationale

Bullying and harassment happen in many places and come in many different forms from making threats and releasing personally identifiable information to sending threatening messages and making unwanted malicious contact. We do not tolerate this kind of behavior because it prevents people from feeling safe and respected on Facebook, Instagram, and Threads.

We distinguish between public figures and private individuals because we want to allow discussion, which often includes critical commentary of people who are featured in the news or who have a large public audience. For public figures, we remove attacks that are severe as well as certain attacks where the public figure is directly tagged in the post or comment. We define public figures as state and national level government officials, political candidates for those offices, people with over one million fans or followers on social media and people who receive substantial news coverage.

For private individuals, our protection goes further: We remove content that's meant to degrade or shame, including, for example, claims about someone's sexual activity. We recognize that bullying and harassment can have more of an emotional impact on minors, which is why our policies provide heightened protection for anyone under the age 18, regardless of user status.

Context and intent matter, and we allow people to post and share if it is clear that something was shared in order to condemn or draw attention to bullying and harassment. In certain instances, we require self-reporting because it helps us understand that the person targeted feels bullied or harassed. In addition to reporting such behavior and content, we encourage people to use tools available on our platforms to help protect against it.

We also have a Bullying Prevention Hub, which is a resource for teens, parents, and educators seeking support for issues related to bullying and other conflicts. It offers step-by-step guidance, including information on how to start important conversations about bullying. Learn more about what we are doing to protect people from bullying and harassment here.
