MEMORANDUM FOR LT. PEPONIS

FROM: D. Lockett, Unit Secretary

SUBJECT: Hunger Stike

On February 01, 2024, at approximately 07:45am I unit secretary Lockett walked into Special Housing Unit (SHU) for signatures for a release packet. The following inmates at SHU recreation had a few questions regarding their upcoming releases and Copouts. Inmate, J [redacted], K [redacted] RegNo. # [redacted], F [redacted], R [redacted] RegNo. # [redacted], S [redacted], J [redacted] RegNo. # [redacted] and A [redacted], N [redacted] RegNo. # [redacted] had question for Unit Team staff that I was unable to answer, and they advised me that they have not received a response from their copout. As a form of a protest, Inmate F [redacted] said, "I will not be eating any food or drinking water until I am out of SHU, I am in here for no reason meanwhile there are inmates on the compound selling drugs. I have been down a long time, and I went on a 45-day hunger strike once before during my time in prison". Inmate J [redacted] and A [redacted] both agreed to participating in the hunger strike. Inmate J [redacted] stated, "I am going to go on a hunger strike too and I am not leaving SHU rec because they changed my cells man". Inmate A [redacted] agreed and said "yup, I get out in 19 days, but I am down with you j [redacted]. If you not leaving rec neither am I." I Lockett, advised the following inmates that they should not cause disruption in Shu and go on a hunger strike. I recommend the inmates communicate their concerns with the Psychology, Unit managers and Lieutenant without disrupting their dietary needs and causing disruption to the Shu. Immediately after I notified Shu staff and the on-duty Lieutenant of their plans of the hunger strike.

Due to short staffing during Annual Training, and reassignments.

I gave all inmate an option to submit their copout to me directly today and as a one-time courtesy, I will deliver the copout forms to the assigned unit team staff member mailbox in the warden's complex.
