Subject: Re: [EXTERNAL] deal

Thanks for this! Looks generally good.

Kevin and I spoke earlier today. To summarize a few potential ideas we discussed:

1) We want to do everything we can to make you all commercially successful and are happy to move significantly from the term sheet. [redacted]

[redacted] Our strong preference is to make you all a bunch of money as quickly as we can and for you to be enthusiastic about making this additional investment soon. If things are going well, I don't feel worried about it.

Does that all sound reasonable?
