Description

[WooCommerce](#) is the open-source ecommerce platform for WordPress.

Our core platform is free, flexible, and amplified by a global community. The freedom of open-source means you retain full ownership of your store's content and data forever.

Whether you're launching a business, taking brick-and-mortar retail online, or developing sites for clients, use WooCommerce for a store that powerfully blends content and commerce.

- **Create beautiful, enticing storefronts** with [themes](#) suited to your brand and industry.
- **Increase revenue** with an optimized [shopping cart experience](#) that converts.
- **Customize product pages in minutes** using modular [product blocks](#).
- Showcase physical and digital goods, product variations, custom configurations, instant downloads, and affiliate items.
- Sell [subscriptions](#), [bookings](#), or [memberships](#), with our developer-vetted extensions.
- **Rise to the top of search results** by leveraging [WordPress' SEO advantage](#).
- **Build on a platform that scales.** Get flexible ecommerce for [high-volume stores](#).

ALL THE TOOLS YOU NEED TO SELL

Built-in tools and popular integrations help you efficiently manage your business operations. Many services are free to add with a single click via the optional [Setup Wizard](#).

- **Choose how you want to get paid.** Conveniently manage payments from the comfort of your store with [WooPayments](#) (Available in the U.S., U.K., Ireland, Australia, New Zealand, Canada, Spain, France, Germany, and Italy). Securely accept credit cards, mobile wallets, bank transfers, and cash thanks to [100+ payment gateways](#) – including [Stripe](#), [PayPal](#), and [Square](#).
- **Configure your shipping options.** Print USPS labels right from your dashboard and even schedule a pickup with [WooCommerce Shipping](#) (U.S.-only). Connect with [well-known carriers](#) such as UPS and FedEx – plus a wide variety of delivery, inventory, and fulfillment solutions for your locale.
- **Simplify sales tax.** Add [WooCommerce Tax](#) or [similar integrated services](#) to make automated calculations a reality.

Grow your business, add features, and monitor your store on the go

WooCommerce means business. Keep tabs on the performance metrics most important to you with [WooCommerce Admin](#) – a powerful, customizable central dashboard for your store.

Expand your audience across marketing and social channels with [Google Ads](#), [HubSpot](#), [Mailchimp](#), and [Facebook](#) integrations. You can always check out the in-dashboard [Marketing Hub](#) for fresh ideas and tips to help you succeed.

Enhance store functionality with hundreds of free and paid extensions from the [official WooCommerce Marketplace](#). Our developers [vet each new extension](#) and regularly review existing extensions to maintain Marketplace quality standards. We are actively [looking for products that help store builders create successful stores](#).

Manage your store from anywhere with the free WooCommerce [mobile app](#) (Android and iOS). Spoiler alert: Keep an ear out for the slightly addictive “cha-ching” notification sound each time you make a new sale!

Own and control your store data – forever

With [WooCommerce](#), your data belongs to you. Always.

If you opt to share [usage data](#) with us, you can feel confident knowing that it's anonymized and kept secure. Choose to opt-out at any time without impacting your store.

Unlike hosted ecommerce solutions, WooCommerce store data is future-proof; you're free to export all your content and take your site to any platform you choose. No restrictions.

Why developers choose (and love) WooCommerce

Developers can use [WooCommerce](#) to create, customize, and scale a store to meet a client's exact specifications, making enhancements through extensions or custom solutions.

- Leverage [hooks and filters](#) to modify or create functionality.
- Integrate virtually any service using a robust [REST API](#) and webhooks.
- Design and build custom content blocks with React.
- [Inspect and modify](#) any aspect of the core plugin code.
- Speed up development with a lightning-fast [CLI](#).

The core platform is tested rigorously and often, supported by a dedicated development team working across time zones. Comprehensive documentation is updated with each release, empowering you to build exactly the store required.

Be part of our growing international community

WooCommerce has a large, passionate community dedicated to helping merchants succeed – and it's growing fast.

There are [WooCommerce Meetups](#) in locations around the world that you can attend for free and even get involved in running. These events are a great way to learn from others, share your expertise, and connect with like-minded folks.

WooCommerce also has a regular presence at WordCamps across the globe – we'd love to meet you.

Contribute and translate

WooCommerce is developed and supported by Automattic, the creators of WordPress.com and Jetpack. We also have hundreds of independent contributors, and there's always room for more. Head to the [WooCommerce GitHub Repository](#) to find out how you can pitch in.

WooCommerce is translated into multiple languages, including Danish, Ukrainian, and Persian. Help localize WooCommerce even further by adding your locale – visit translate.wordpress.org.

Connection to WooCommerce.com

You can connect your store to [WooCommerce.com](#) to manage your subscriptions on WooCommerce Marketplace and receive product updates without leaving WordPress admin. Connection also enables installation of purchased products right from WooCommerce.com and streamlines access to technical support. If you'd like to learn about what data is gathered and how it is used, please refer to our [Privacy Policy](#).
