Dear Case Number 4:26-CV-07116

My name is Alexander William Rorke. I am a fan of all movies. Once you read this letter to case for Paramount Skydance. is to why they must buy Warner Bros Discovery, is that I found out, the two will definitely still make movies in the future. somehow I'm sure that they'll try to get along so very well, and proceed on keeping Hollywood alive forever in the future. so I think we should give Paramount Skydance a chance to buy Warner Bros. Discovery in order to have all film production still alive and try to keep on going in bussiness for all productions companies to proceed on with more movies to come, in the future. If we all give Paramount Skydance a chance to buy Warner Bros. Discovery, then I'm sure they can still keep the motion pictures to stay alive in the future and help all of Hollywood to proceed on with kinds of movies to make all people happy, which they are our family, friends, and all of the fans they grown up on in Hollywood in their childhood and Dreams that they would like to do for a career when they grow up sooner or later.

From a fan in Scranton, PA

Alex Rorke aka ALR.
