About this Page

This form is intended for use by intellectual property rights owners and their agents to notify Amazon of alleged intellectual property infringements such as copyright and trademark concerns. If you are not an intellectual property rights owner or their agent, Amazon will not be able to process complaints submitted through this form. Please report your concerns to Amazon through the appropriate venue:

- Sellers may use this contact us form to report inappropriate listings, other sellers, policy violations, etc.
- Buyers may use this contact us form to report problems with orders, seller policy violations, etc.

We Do Not Enforce

Detail Page Ownership and Image Restrictions: When a detail page is created, it becomes a permanent catalog page on Amazon.com that will remain even if the creator's inventory sells out. Additionally, when you add your copyrighted image to a detail page, you grant Amazon and its affiliates a non-exclusive, worldwide, royalty-free, perpetual, irrevocable right to exercise all rights of publicity over the material.

Other sellers can list their items for sale against pages that you have created or added your copyrighted images to. However, we do require sellers to list only against detail pages that exactly match their items. If you believe sellers are listing against detail pages that do not exactly match their items, we ask that you report the violation directly by using the contact us form.

If your copyrighted image has been added to our catalog without your consent, please complete the form below.

Exclusive or Selective Distribution: Amazon respects a manufacturer's right to enter into exclusive distribution agreements for its products. However, violations of such agreements do not constitute intellectual property rights infringement. As the enforcement of these agreements is a matter between the manufacturer and the retailers, it would not be appropriate for Amazon to assist in enforcement activities.

Report Infringement

About this Page

This form is intended for use by intellectual property rights owners and their agents to notify Amazon of alleged intellectual property infringements such as copyright and trademark concerns. If you are not an intellectual property rights owner or their agent, Amazon will not be able to process complaints submitted through this form. Please report your concerns to Amazon through the appropriate venue:

- Sellers may use this contact us form to report inappropriate listings, other sellers, policy violations, etc.
- Buyers may use this contact us form to report problems with orders, seller policy violations, etc.

We Do Not Enforce

Detail Page Ownership and Image Restrictions: When a detail page is created, it becomes a permanent catalog page on Amazon.com that will remain even if the creator's inventory sells out. Additionally, when you add your copyrighted image to a detail page, you grant Amazon and its affiliates a non-exclusive, worldwide, royalty-free, perpetual, irrevocable right to exercise all rights of publicity over the material.

Other sellers can list their items for sale against pages that you have created or added your copyrighted images to. However, we do require sellers to list only against detail pages that exactly match their items. If you believe sellers are listing against detail pages that do not exactly match their items, we ask that you report the violation directly by using the contact us form.

If your copyrighted image has been added to our catalog without your consent, please complete the form below.

Exclusive or Selective Distribution: Amazon respects a manufacturer's right to enter into exclusive distribution agreements for its products. However, violations of such agreements do not constitute intellectual property rights infringement. As the enforcement of these agreements is a matter between the manufacturer and the retailers, it would not be appropriate for Amazon to assist in enforcement activities.

the athletic waist band or, at the very least, cause consumers to falsely believe the athletic waist band is affiliated with FlipBelt or made under a license from FlipBelt. Additionally, the front of the infringing athletic waist band has the word "Fit" with only the first letter capitalized next to the word "Belt" with only the first letter capitalized and the font is similar to the font used in the "FlipBelt" trademark. Report Infringement

About this Page

This form is intended for use by intellectual property rights owners and their agents to notify Amazon of alleged intellectual property infringements such as copyright and trademark concerns. If you are not an intellectual property rights owner or their agent, Amazon will not be able to process complaints submitted through this form. Please report your concerns to Amazon through the appropriate venue:

- Sellers may use this contact us form to report inappropriate listings, other sellers, policy violations, etc.
- Buyers may use this contact us form to report problems with orders, seller policy violations, etc.

We Do Not Enforce

Detail Page Ownership and Image Restrictions: When a detail page is created, it becomes a permanent catalog page on Amazon.com that will remain even if the creator's inventory sells out. Additionally, when you add your copyrighted image to a detail page, you grant Amazon and its affiliates a non-exclusive, worldwide, royalty-free, perpetual, irrevocable right to exercise all rights of publicity over the material.

Other sellers can list their items for sale against pages that you have created or added your copyrighted images to. However, we do require sellers to list only against detail pages that exactly match their items. If you believe sellers are listing against detail pages that do not exactly match their items, we ask that you report the violation directly by using the contact us form.

If your copyrighted image has been added to our catalog without your consent, please complete the form below.

Exclusive or Selective Distribution: Amazon respects a manufacturer's right to enter into exclusive distribution agreements for its products. However, violations of such agreements do not constitute intellectual property rights infringement. As the enforcement of these agreements is a matter between the manufacturer and the retailers, it would not be appropriate for Amazon to assist in enforcement activities.

Report Infringement

About this Page

This form is intended for use by intellectual property rights owners and their agents to notify Amazon of alleged intellectual property infringements such as copyright and trademark concerns. If you are not an intellectual property rights owner or their agent, Amazon will not be able to process complaints submitted through this form. Please report your concerns to Amazon through the appropriate venue:

- Sellers may use this contact us form to report inappropriate listings, other sellers, policy violations, etc.
- Buyers may use this contact us form to report problems with orders, seller policy violations, etc.

We Do Not Enforce

Detail Page Ownership and Image Restrictions: When a detail page is created, it becomes a permanent catalog page on Amazon.com that will remain even if the creator's inventory sells out. Additionally, when you add your copyrighted image to a detail page, you grant Amazon and its affiliates a non-exclusive, worldwide, royalty-free, perpetual, irrevocable right to exercise all rights of publicity over the material.

Other sellers can list their items for sale against pages that you have created or added your copyrighted images to. However, we do require sellers to list only against detail pages that exactly match their items. If you believe sellers are listing against detail pages that do not exactly match their items, we ask that you report the violation directly by using the contact us form.

If your copyrighted image has been added to our catalog without your consent, please complete the form below.

Exclusive or Selective Distribution: Amazon respects a manufacturer's right to enter into exclusive distribution agreements for its products. However, violations of such agreements do not constitute intellectual property rights infringement. As the enforcement of these agreements is a matter between the manufacturer and the retailers, it would not be appropriate for Amazon to assist in enforcement activities.

Hello Kendria,

This is further to your submission of December 15, 2015, alleging that certain products offered for sale on Amazon.com ("Amazon") by third-party sellers infringe your intellectual property rights.

As a neutral e-commerce platform, we believe that the third-party sellers are the appropriate parties to respond to your allegations. Amazon does not resolve intellectual property infringement disputes between patent owners and the seller of record (the third-party sellers). We have notified the third-party sellers currently offering these products of your claim, and have requested that they resolve this matter with you directly. Contact information for each of the sellers is listed below.

Third-Party Seller	Third-Party Seller Email	Related ASIN(s)
Dann Pedersen/Blue-1one	customer-service@blue1one.com	B00SUQH5AY; B00SUQH5CM; B00SUQH5BI

The ASIN(s) listed below are no longer available for sale on Amazon.com:
B00SUQH590

At this time we consider this matter closed and we will take no further action with regard to the ASIN(s) listed in your complaint. We cannot remove ASINs unless you provide a court order against the specific product and/or seller.

Sincerely,
Eric Duggan on behalf of
Scott Sanford

Scott and Eric:

I have filed at least four notices of design patent infringement on behalf of Level Terrain LLC and all notices have included a claim chart comparing the product to Level Terrain's two design patents (an example of one such claim chart is attached). However, none of the products have been taken down.

Can you please provide some insight into what I should submit or what is missing from my submissions? Please feel free to call me at 303.863.2986 if that is easier.

Regards,

Kendria
