ACCESSWIRE

Puissant Industries Inc. (OTC Pink: PSSS) Announces Expansion of its Energy Operations

January 30, 2018

Preparations Have Progressed for Cryptocurrency Mining Farm Operations

LONDON, KY / ACCESSWIRE / January 30, 2018 / Puissant Industries, Inc. (OTC PINK: PSSS) ("Puissant") (Corporate Website: psss.co), a publicly traded energy rich company that uses its resources to develop or acquire high growth companies in industries where maximum profitability can be generated, announces that it has added five new wells and 4 miles of pipeline to its operations. The added wells bring Puissant's total wells to 41 producing wells and expand its production and potential revenue for its oil and gas operations.

The Company is pleased to also announce that its wholly-owned subsidiary, American Crypto Mining, Inc., has

Independence Day Rallies

- Completing the electrical components in the Farm.
- 35% of the Miners (Cryptocurrency Mining computers) are in inventory and more Miners have been ordered.
- We anticipate mining on a limited basis by March 2018

Mark Holbrook commented, "We are pleased to expand our oil and gas operations and the progress we have made with Cryptocurrency Mining. We look forward to our first Farm becoming fully operational and fulfilling our plans to reinvest our Farm revenue in additional Farms."

About Puissant Industries, Inc.

Puissant Industries is a multifaceted energy company that utilizes energy produced from a variety of energy sources to generate the maximum profitability of its assets. The Company seeks to expand into selective fast growing industries where the benefits of its multiple energy resources can make a significant impact on short and long term growth. This includes American Crypto and other industries under evaluation.

About American Crypto Mining, Inc.

American Crypto Mining, Inc. (a Kentucky corporation) is Puissant Industries' wholly owned subsidiary. Currently constructing and equipping its first Cryptocurrency Mining Farm, American Crypto plans to pursue the construction and operation of multiple farms through revenue reinvestment and excess electrical capacity.
