We are opposed. I trust any Rule 12 Motion will take into account the Crusoe filings to date. Thank you.

Sorry for the delay. Alkane opposes the motion to amend because we are moving to dismiss your patent infringement claims. As such, we believe any amendment to your existing amended complaint is futile, including the addition of a similar patent. We will be filing an answer to your client's tortious interference claims. Pursuant to Judge Wang's local rules, we are conferring to get your position on the motion to dismiss. I assume you oppose. Please confirm.

Ryan,

Per our discussion yesterday, we've attached a draft of the Second Amended Complaint (and infringement charts) that we plan to seek leave to file. Please let us know your position on Crusoe's Motion for Leave. Please also let us know whether we have your approval to file the joint stipulation to extend the deadline for Alkane to respond to the First Amended Complaint from 10/5 to 10/7 (which I sent yesterday evening).

Also, as an FYI, I will be out of the office beginning this afternoon and returning on Monday, 10/17. To ensure a timely response from our team during that time, please be sure to copy Brett, Daniel, and Taylor on all case-related communications.

External Email – Use Caution

Ryan,

Crusoe plans to file motion seeking leave to file a second amended complaint that (a) adds an infringement claim for newly issued U.S. Patent No. 11,451,059, and (b) amends the pleadings for the other asserted patents in light of additional information that Alkane has provided in its filings in this case. Please let us know if Alkane will oppose the motion for leave. If you would like to discuss, we are available to do so this afternoon or tomorrow morning.
