BTW: I didn't realize this was a restriction until I created this threaded dynamite room and added everyone to it, but...

"Threaded rooms do not have a history setting. In other words, History is default on and users can not turn off. We request users to create "flat rooms" i.e., do not select "use threaded replies" while creating a room to have history toggle functionality."

So, if we want to go back to the history off old way of doing things, I'll need to recreate this one more time without threads... which I'm "happy" to do... 😊

That said, what do we value more -- threads? or 24 hour history?

Deleted on2022-08-23T03:32:43.460Z
