

CO 109A - Rev. 3/2010

UNITED STATES DISTRICT AND BANKRUPTCY COURTS
FOR THE DISTRICT OF COLUMBIA

UNITED STATES OF AMERICA

vs.

ETHAN NORDEAN et al

Civil/Criminal No.: 21-CR-175 (TJK)

NOTE FROM JURY

We would like clarification on jury instructions under "Organizations and Persons Not Present," (p.13), which states: "You should not make any inferences or speculate about other individuals you have heard about in this trial or whether they have been charged with crimes."

However, Count 8 (regarding the water bottle) appears to require us to make inferences about a person who is not a defendant in this case. Can you provide clarification on how the Theories of Liability could potentially apply to the defendants in relation to such individual?

Thank you!
