Read Directions Carefully
Overall Goal

Fill the buildings with patriots and communicate our demands.

To maintain control over a select few, but crucial buildings in the DC area for a set period of time, presenting our demands in unity. (see attached list of demands in "Patriot Plan" section).

We need many people as possible inside these buildings. These are OUR buildings, they are just renting space. We must show our politicians We the People are in charge.

Targeted Buildings

Russell Senate Office Building
Dirksen Senate Office Building
Supreme Court of the United States
Hart Senate Office Building
Cannon House Office Building – Independence and First St SE
Longworth House Office Building
Rayburn House Office Building
CNN – at least egg doorway
Manpower Needs
One team for each building

Lead: Covert Sleeper, sets up fake appointment – is expected to spend the day as our insider and let people inside the building.
Second: Takes place of the lead in case of being discovered (will also need to make a fake appointment)
Hypeman: leads chants, must maintain energy / presence
Recruiter: In charge of gathering patriots for starting point for each building, share the “patriot plan” documents, spread the word
Patriots: MINIMUM of 50 for each building or it’s a no go for that building. Maintain a presence while handing out “patriot plan”

January 1-5 – preparation

1. Distribute “Patriot Plan” far and wide via internet. Get confirmation from Patriots to join.
2. Recruiters bring hard copies of “patriot plan” to distribute IN PERSON at rally
3. Fill the roles in charge of each building. Set up appointments with representatives in buildings to be let in (Regardless, they are REQUIRED to let us in, they represent US)
4. Scope out and report road closures.

Use Covid to your advantage. Pack huge face masks & face shields, protect your identity. Make sure everyone has food and water to last a day in their backpacks.

January 6 – execution day overview

Preparation

Have Scouts drive around buildings and areas before daylight to check on any roadblocks and update plans accordingly.

Part 1: Infiltrate

Have leads and seconds stay inside the building until called upon execution time. Scope out the entrances and exits. If possible, be in building first thing in the morning. Be dressed in suits and unsuspecting, do not look tactical at all.

Recruiters in the streets distributing printed and digital copies of the “Patriot Plan” garnishing support from those attending rally.
Part 2: Execution

Ensure crowd outside is full and ready to go.

Have leads and seconds open the doors for the crowd to enter. This might include causing trouble near the front doors to distract guards who may be holding the doors off.

It could also mean pulling the fire alarm, which requires exits to be opened.

The goal is to ensure there is an entry point for the masses to rush the building.

Part 3: If necessary, distract

Only to be done if they won’t allow patriots into buildings we OWN!!
Distract law enforcement in the area by pulling other fire alarms around the city. This is ONLY to be done at the right time and if the leader makes the call. Don’t waste this opportunity, protect your identity. Be cautious, some fire alarms may spray something at the person who pulls it.

Ideal locations to place men
- Wal-mart supercenter
- Residence Inn by Ford House
- Marriott Hotel Location
- Large Hotels
- Museums
- Grocery Stores

Part 4: Occupy

Present our list of demands – the “We The People” page of the patriot plan.
Lead, Second or Hyperman to lead the following chants

- Free and fair elections
- Liberty or Death
- We are watching
- No Trump, No America
- No Justice, No Peace
- We the People

We the people require our representatives to represent us.

Part 5: Sit In

We have the ability to go into office
Target Specific Senators’ Offices

WHATS THE ENDING POINT FOR THIS?
Does everyone just leave at a certain time?
WHO DOES GOV RESPOND TO?
Notes:

- Protect your identity. Use Covid compliance in your favor.
- Have an escape plan for those in charge.
- Choose an HQ and make it inside or one of the captured buildings (or a nearby hotel).
- See if you can get anyone with a semi to help you block traffic. Now is the time to reach out to truckers or bikers for Trump for these roadblocks.
- With a large caravan, simply have cars block intersections. Ideally, one should halt the flow of cars where Independence Ave, and Pennsylvania Avenue meet. The intersection of Maryland Avenue and Constitution Avenue is another good area to block off. Traffic blocks have network effects. The rerouting traffic will block other important areas, and also stop access to any law enforcement vehicle. The corner of C St Se and New Jersey would also be an ideal road to block. It is recommended you block traffic going both ways using normally four cars.
