**Subject:** Re: U.S. v. Neely

Joe,

I screwed that up. I meant SHE led HIM into the Capitol-but you probably figured that.

It's clear. Thanks, kira

Hi Joe,

Thanks for this response. I probably wasn't clear, but if the girl in the beret is a police officer, that's Brady information because he led her into the Capitol.

Why can't we have a list of known reporters/newspaper folks?  
I know that's a long discovery letter, I appreciate your continued cooperation.

Kira,

I am writing in response to your various requests made in the past week. I believe this email addresses them all, but please let us know if we missed anything.

1. We have produced the AT&T records. The FBI did not create a map based on these records, and there is no Geofence map for this case either.
2. With respect to the girl in the beret, we decline to provide information about ongoing investigations.
3. With respect to the officers from the Crypt, we are looking into identifying them.
4. We decline to provide information regarding members of the news media who have not been charged.
5. We received your discovery letter. We do not agree with all of the legal and factual assertions therein. We will continue to comply with our discovery obligations in this matter. To the extent that you have specific discovery requests, we will continue to respond to them.

Have a nice weekend.

Best,  
Joe
