**WITHDRAWAL OF COUNSEL**

Robert J. Costello, declares under penalty of perjury as follows:

1. I am an attorney and Partner in the firm of Davidoff, Hutcher & Citron, LLP located at 605 Third Avenue, New York, New York. For the past 49 years I have been admitted to the bar of the State of New York, the Southern and Eastern Districts of New York, the Second and Third Circuit Courts of Appeals and the United States Supreme Court. I have been counsel to the above listed Defendant, Stephen K. Bannon on a number of different matters for the past three years. I am admitted to the bar of this District by way of pro hac vice motion. I have been co-counsel to Mr. Bannon throughout these proceedings as well as in connection with all interactions with the Select Committee which preceded the filing of Contempt of Congress misdemeanor charges in this Court.

2. Due to the fact that I have been the only individual who interacted with the Select Committee and that Mr. Bannon’s sole basis of information about the facts and the law concerning this matter came about through communications with me, there has always been the possibility that I might be called as a witness in this matter.

3. In light of the possibility that I could become a witness, I examined the ethical opinions of

the bar of this Court to determine if I could participate as Mr. Bannon's co-counsel in the pre-trial portions of this proceeding. According to a published opinion, I am permitted to participate in the pre-trial aspects until such time as it becomes apparent that I would be a witness at trial.

4. The issue currently facing me is that this Court has yet to determine if I will be permitted to testify if offered as a witness on behalf of Steve Bannon. Indeed, this Court has referred to that issue as " a very complicated question." ( Transcript, 6/15/2022 at 137,Line 23). If the Court decides to prevent me from testifying, there will be no pathway to inform the Jury about the communications with the Select Committee or the three prosecutors in this case, who interfered with Mr. Bannon's attorney -client relationship by attempting to turn me into a witness against my client by surreptitiously subpoenaing my home, office direct line and cellphone records while at the same time failing in their attempts to obtain my social media information. If that were not enough, those same prosecutors turned what I believed to be a declination discussion into an FBI 302 interview of me to be used against Mr. Bannon. The fact that these prosecutors failed in their attempt to gain meaningful evidence against Mr. Bannon should not be their salvation, particularly since they clearly do not recognize or acknowledge the error of their ways. This Court has yet to address this conduct and has indicated it will only deal with this after the trial in this matter.

5. Since it appears there will be a trial, and since it appears that at this point in time I might be called as a witness, I must reluctantly ask the Court to grant my request to withdrawal as trial counsel for Defendant, Stephen K. Bannon.
