

## STATEMENT OF FACTS

Your affiant, Andrea Coble, is a Special Agent with the FBI assigned to the Domestic Terrorism Squad. In my duties as a special agent, I have investigated federal criminal violations which are intended to intimidate or coerce a civilian population, influence the policy of a government by intimidation or coercion, or affect the conduct of a government by mass destruction, assassination, or kidnapping. Currently, I am tasked with investigating criminal activity in and around the Capitol grounds on January 6, 2021. As a special agent, I am authorized by law or by a Government agency to engage in or supervise the prevention, detection, investigation, or prosecution of a violation of Federal criminal laws.

### *Background – The U.S. Capitol on January 6, 2021*

The U.S. Capitol is secured 24 hours a day by U.S. Capitol Police. Restrictions around the U.S. Capitol include permanent and temporary security barriers and posts manned by U.S. Capitol Police. Only authorized people with appropriate identification were allowed access inside the U.S. Capitol. On January 6, 2021, the exterior plaza of the U.S. Capitol was also closed to members of the public.

On January 6, 2021, a joint session of the United States Congress convened at the United States Capitol, which is located at First Street, SE, in Washington, D.C. During the joint session, elected members of the United States House of Representatives and the United States Senate were meeting in separate chambers of the United States Capitol to certify the vote count of the Electoral College of the 2020 Presidential Election, which had taken place on November 3, 2020. The joint session began at approximately 1:00 p.m. Shortly thereafter, by approximately 1:30 p.m., the House and Senate adjourned to separate chambers to resolve a particular objection. Vice President Mike Pence was present and presiding, first in the joint session, and then in the Senate chamber.

As the proceedings continued in both the House and the Senate, and with Vice President Mike Pence present and presiding over the Senate, a large crowd gathered outside the U.S. Capitol. As noted above, temporary and permanent barricades were in place around the exterior of the U.S. Capitol building, and U.S. Capitol Police were present and attempting to keep the crowd away from the Capitol building and the proceedings underway inside.

At such time, the certification proceedings were still underway and the exterior doors and windows of the U.S. Capitol were locked or otherwise secured. Members of the U.S. Capitol Police attempted to maintain order and keep the crowd from entering the Capitol; however, around 2:00 p.m., individuals in the crowd forced entry into the U.S. Capitol, including by breaking windows and by assaulting members of the U.S. Capitol Police, as others in the crowd encouraged and assisted those acts.

Shortly thereafter, at approximately 2:20 p.m. members of the United States House of Representatives and United States Senate, including the President of the Senate, Vice President Mike Pence, were instructed to—and did—evacuate the chambers. Accordingly, the joint session of the United States Congress was effectively suspended until shortly after 8:00 p.m. Vice

President Pence remained in the United States Capitol from the time he was evacuated from the Senate Chamber until the sessions resumed.

During national news coverage of the aforementioned events, video footage which appeared to be captured on mobile devices of persons present on the scene depicted evidence of violations of local and federal law, including scores of individuals inside the U.S. Capitol building without authority to be there.

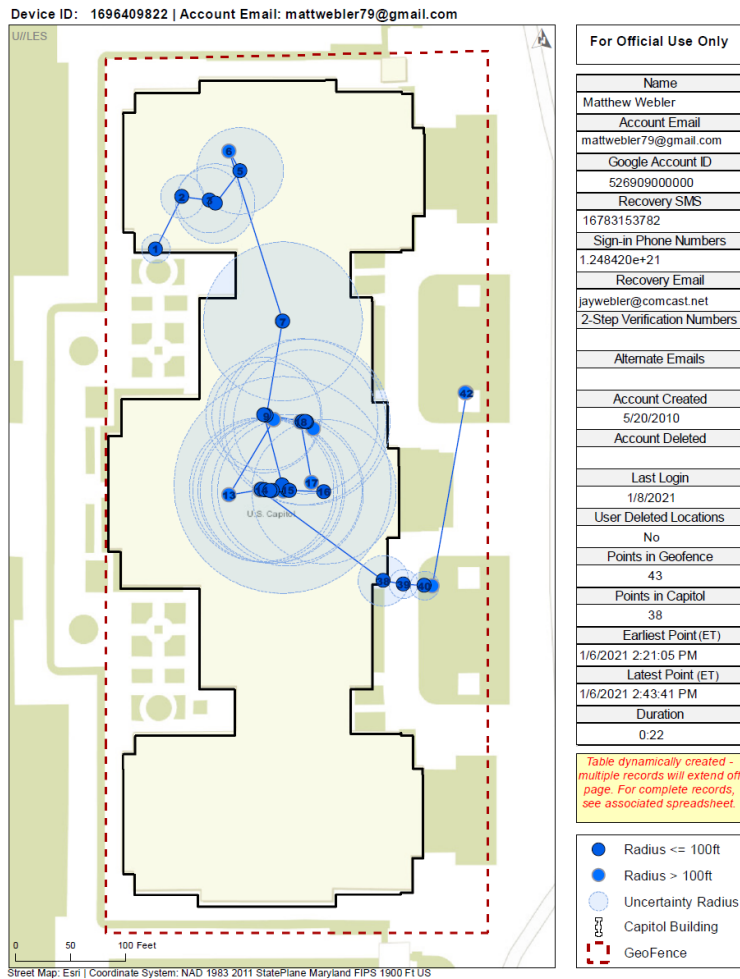

*Facts Specific to Matthew Jay WEBLER*

**Evidence that the User of “mattwebler79@gmail.com” Was Present Inside the U.S. Capitol Building on January 6, 2021**

According to records obtained through a search warrant served on Google, a mobile device associated with mattwebler79@gmail.com, Device ID 1696409822, username “Matthew Webler”, with the recovery phone number xxx-xxx-3782 (x3782)<sup>1</sup>, was present at or around the U.S. Capitol on January 6, 2021. Google estimates device location using sources including GPS data and information about nearby Wi-Fi access points and Bluetooth beacons. This location data varies in its accuracy, depending on the source(s) of the data. As a result, Google assigns a “maps display radius” for each location data point. Thus, where Google estimates that its location data is accurate to within 10 meters, Google assigns a “maps display radius” of 10 meters to the location data point. Finally, Google reports that its “maps display radius” reflects the actual location of the covered device approximately 68% of the time. In this case, Google location data shows that a device associated with mattwebler79@gmail.com was likely within the U.S. Capitol building located at First St. SE, Washington, D.C. 20004. According to the location data provided by Google, this device was likely in or around the U.S. Capitol building on January 6, 2021 from approximately 2:21 pm – 2:43 pm. The location data is consistent with a device path that might have entered the Capitol Building on the west side, traveled to the center area of the building, and exited and Capitol building on the east side:

along the Interstate 95 and Interstate 85 corridors running north and south between the Atlanta, Georgia metropolitan area and the Washington, D.C. metropolitan area. Additionally, this route corresponds with a post WEBLER made to Facebook, which stated “we’re leaving on the 5th @ 8:30pm and arriving in DC around 9am.”

### **Evidence from Facebook that WEBLER Was Present in the U.S. Capitol on January 6, 2021**

On or about June 1, 2021, the FBI Atlanta Field Office conducted open source research on WEBLER and identified Facebook account “matthew.webler.” A review of the public “matthew.webler” account revealed posts related to January 6, 2021 events in Washington, D.C. Records from Facebook confirm that the username “matthew.webler” is associated with subscriber Matthew Webler and registered email address mattwebler79@gmail.com, which further corresponds to records from Google which show that the device associated with mattwebler79@gmail.com was likely in or around the U.S. Capitol building on January 6, 2021.

On January 5, 2021, WEBLER made a Facebook post stating “DC here we come!”, as depicted below:

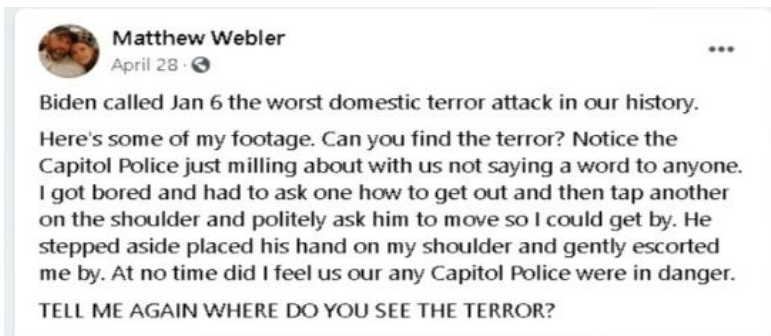

On January 6, 2021, WEBLER posted on Facebook a video. In the selfie-styled video, the face of a person believed to be WEBLER is visible, and the individual describes entering the Capitol building, and notes that Capitol Police stood there watching them. He states that he has video from that day that shows what happened, and that when he left, it was peaceful. The individual is believed to be WEBLER because the phone number, email address, and device ID resolve to a single identity, Matthew Webler. In addition, during physical surveillance of

WEBLER, a vehicle was seen leaving a property known to be used by WEBLER. The vehicle's tag was registered WEBLER (although the tag did not match the vehicle driven). The undersigned has compared the driver of the vehicle, believed to be WEBLER, to the person in the Facebook video and believes them to be the same person.

In the Facebook video, the individual is wearing a distinctive hat with a folded brim, and has a dark colored mustache and gray colored beard as depicted below:

On April 28, 2021, WEBLER made a Facebook post stating “here’s some of my footage...I got bored and had to ask one how to get out,” as depicted below, along with a video of the inside of the Capitol during which chants of “USA, USA” can be heard. In the video, a person believed to be WEBLER asks how to exit the building, and then exits the Capitol building and shouts “1776.” A screenshot of the Facebook post, and two screenshots from the video are below:

**Evidence from Closed Circuit Television (CCTV) Cameras that WEBLER Was Present in the U.S. Capitol on January 6, 2021**

CCTV from inside the Senate Wing Door on the west side of the U.S. Capitol building on January 6, 2021, captured video footage of individuals inside the Capitol. The three photos below contain screenshots of footage from that video at or around 2:22 PM (19:22 UTC) in which an

individual in a yellow jacket, hat with a folded brim and enters the U.S. Capitol through a broken window next to the Senate Wing Door. Based on a comparison of the selfie-style video described above that was posted to WEBLER's Facebook page on January 6, 2021 which shows WEBLER's face, distinctive hat, and a dark colored mustache and gray colored beard, the view of WEBLER during surveillance, and the individual captured on video by USCP CCTV, I believe that the individual circled in red below to be WEBLER. WEBLER is seen wearing a yellow jacket and what appears to be the same hat that he was wearing in his Facebook video post where he discussed being in the Capitol on January 6, 2021. In the CCTV video, WEBLER is holding what appears to be a cellular phone in his left hand. WEBLER is also wearing what appears to be a flag around his neck that has the letter "Q" on it. Additionally, a video posted by WEBLER on Facebook of an individual entering the Capitol through a window with broken glass next to the Senate Wing Door appears to match the location and angle of the cellphone in the man captured on USCP CCTV, as does the Google map discussed above that shows the mobile device associated with mattwebler79@gmail.com possibly entering the west side of the U.S. Capitol sometime around or after 2:20 PM.

A person believed to be WEBLER is also captured inside the Capitol in other USCP CCTV near the Supreme Court Chamber Stairs at approximately 2:28 PM (19:28 UTC) as depicted below. The individual circled in red and holding a cell phone in his left hand is believed to be WEBLER because he is wearing the same distinctive hat and yellow jacket and has the same facial hair as the man in the selfie-style video posted by WEBLER.

Additional CCTV from inside the Capitol building on January 6, 2021 captured video footage of individuals inside the Capitol near the Memorial Door. The photos below contain screenshots of footage at approximately 2:32 PM (19:32:37 UTC). Based on a comparison of the selfie-style video posted to WEBLER's Facebook page which shows WEBLER's face, the distinctive hat, yellow jacket, and facial hair and the individual captured on video by USCP CCTV, and the view of WEBLER during surveillance, I believe that the individual circled in red is WEBLER.

Additional CCTV from inside the Capitol building on January 6, 2021 captured video footage of individuals exiting the Capitol on the east side through the Memorial Door. The photo below contains a screenshot of footage from one such video at approximately 2:36 PM (19:36 UTC). Based on a comparison of the hat, jacket and flag with a “Q” of the individual in the video with the clothing of the individual described above, I believe that the individual circled in red is WEBLER. Additionally, cellphone video posted by WEBLER on Facebook of an individual exiting the Capitol through the Memorial Door appears to match the location and angle of the cellphone of the man captured on USCP CCTV, as does the Google map discussed above that shows the mobile device associated with mattwebler79@gmail.com possibly exiting the east side of the U.S. Capitol sometime around or before approximately 2:43 PM.

**Additional Evidence from Facebook and Open Source Media that of WEBLER  
Was Present in the U.S. Capitol on January 6, 2021**

Records obtained from Facebook along with WEBLER's use of Google photos and videos provide further evidence of WEBLER's entrance into the Capitol on January 6, 2021, as exhibited below. Specifically, WEBLER posted the statement on Facebook, "More from inside. Notice police just chilling. Also proud of myself for not getting caught up to [sic] much and having the sense to stand up to someone trying to vandalize the place. Missed the guy taking 'souvenirs' though..." Below the statement, WEBLER posted links to two URLs:

When entered into Google, the URLs shared by WEBLER connect to publicly available videos posted by a Google account named "Matthew Webler." Per records from Google the name "Matthew Webler" is associated with [mattwebler79@gmail.com](mailto:mattwebler79@gmail.com), phone number x3782, and the Decatur, Georgia address associated with WEBLER's driver's license records. The videos appear to be first-person cell phone videos that capture the grounds and inside the U.S. Capitol on January 6, 2021. A male voice can be heard in the videos repeatedly stating, "it's my birthday" and "this is the best birthday ever. It's my birthday, and it's the best one ever." As stated above, WEBLER's birthday is January 6. In one of the videos, a distinctive hat brim is briefly visible in this footage, as well as the bottom portion of yellow jacket, dark colored pants, and work boots. These items of clothing appear to match the clothing worn by the man captured in USCP CCTV footage described above. The hat also matches the selfie-style video that WEBLER posted to Facebook, in which he admits to being inside the U.S. Capitol.
