CAUTION - EXTERNAL:

Mr. Douyon,

I indicated to you that I would have a response to the motion for a protective order and am disappointed that the court chose to proceed without that response knowing full well that I am at this point still without legal counsel and was intending a response.

On top of this, the burden of having to file motions in person at the court rather than online as the prosecution is able to do further disadvantages me at a time when time is of the essence.

Please be advised that I am intending to file several additional motions and responses in the next several days, but I reiterate this new premature decision underscores the unfairness of the current situation and its harm to due process.

I strongly object to this decision.

Peter Navarro
