Civil Action No. 25-0313 (CKK)

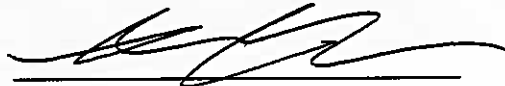

CERTIFICATION OF ADMINISTRATIVE RECORD

I, Daniel Katz, am currently employed as the Chief of Staff of the U.S. Department of the Treasury. I am familiar with the claims asserted against Treasury in the above-captioned action regarding the granting of access to systems maintained by the Bureau of the Fiscal Service (BFS) to employees implementing Executive Order 14,158.

I hereby certify, to the best of my knowledge, that the accompanying administrative record is complete and contains all non-deliberative documents and materials directly or indirectly considered regarding the Treasury actions challenged in this case.¹ Among these documents and materials, Treasury has duly evaluated all predecisional documents before excluding them from the record.

¹ Notwithstanding the Court's order to file an administrative record in this case, Defendants maintain that the Amended Complaint does not challenge any final agency action and reserve their right to argue in further proceedings in this case, including in any subsequent appeal, that the Administrative Procedure Act does not provide for review.

In accordance with 28 U.S.C. § 1746, I hereby certify and declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information, and belief.

A handwritten signature in black ink, appearing to read 'Daniel Katz', is written over a solid horizontal line.

3. I have been advised that the unauthorized disclosure, unauthorized retention, or negligent handling of classified information by me could cause damage or irreparable injury to the United States or could be used to advantage by a foreign nation. I hereby agree that I will never divulge classified information to anyone unless: (a) I have officially verified that the recipient has been properly authorized by the United States Government to receive it; or (b) I have been given prior written notice of authorization from the United States Government Department or Agency (hereinafter Department or Agency) responsible for the classification of information or last granting me a security clearance that such disclosure is permitted. I understand that if I am uncertain about the classification status of information, I am required to confirm from an authorized official that the information is unclassified before I may disclose it, except to a person as provided in (a) or (b), above. I further understand that I am obligated to comply with laws and regulations that prohibit the unauthorized disclosure of classified information.
4. I have been advised that any breach of this Agreement may result in the termination of any security clearances I hold; removal from any position of special confidence and trust requiring such clearances; or termination of my employment or other relationships with the Departments or Agencies that granted my security clearance or clearances. In addition, I have been advised that any unauthorized disclosure of classified information by me may constitute a violation, or violations, of United States criminal laws, including the provisions of sections 641, 793, 794, 798, *952 and 1924, title 18, United States Code; *the provisions of section 783(b), title 50, United States Code; and the provisions of the Intelligence Identities Protection Act of 1982. I recognize that nothing in this Agreement constitutes a waiver by the United States of the right to prosecute me for any statutory violation.
5. I hereby assign to the United States Government all royalties, remunerations, and emoluments that have resulted, will result or may result from any disclosure, publication, or revelation of classified information not consistent with the terms of this Agreement.
6. I understand that the United States Government may seek any remedy available to it to enforce this Agreement including, but not limited to, application for a court order prohibiting disclosure of information in breach of this Agreement.
7. I understand that all classified information to which I have access or may obtain access by signing this Agreement is now and will remain the property of, or under the control of the United States Government unless and until otherwise determined by an authorized official or final ruling of a court of law. I agree that I shall return all classified materials which have, or may come into my possession or for which I am responsible because of such access: (a) upon demand by an authorized representative of the United States Government; (b) upon the conclusion of my employment or other relationship with the Department or Agency that last granted me a security clearance or that provided me access to classified information; or (c) upon the conclusion of my employment or other relationship that requires access to classified information. If I do not return such materials upon request, I understand that this may be a violation of sections 793 and/or 1924, title 18, United States Code, a United States criminal law.
8. Unless and until I am released in writing by an authorized representative of the United States Government, I understand that all conditions and obligations imposed upon me by this Agreement apply during the time I am granted access to classified information, and at all times thereafter.
9. Each provision of this Agreement is severable. If a court should find any provision of this Agreement to be unenforceable, all other provisions of this Agreement shall remain in full force and effect.
10. These provisions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by existing statute or Executive order relating to (1) classified information, (2) communications to Congress, (3) the reporting to an Inspector General of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive orders and statutory provisions are incorporated into this agreement and are controlling.

(U) SENSITIVE COMPARTMENTED INFORMATION NONDISCLOSURE AGREEMENT

An Agreement between

Thomas Harry Krause Jr.

and the United States.

(Name - Printed or Typed)

1. (U) Intending to be legally bound, I hereby accept the obligations contained in this Agreement in consideration of my being granted access to information or material protected within Special Access Programs, hereinafter referred to in this Agreement as Sensitive Compartmented Information (SCI). I have been advised that SCI involves or derives from intelligence sources or methods and is classified or is in process of a classification determination under the standards of Executive Order 13526 or other Executive order or statute. I understand and accept that by being granted access to SCI, special confidence and trust shall be placed in me by the United States Government.
2. (U) I hereby acknowledge that I have received a security indoctrination concerning the nature and protection of SCI, including the procedures to be followed in ascertaining whether other persons to whom I contemplate disclosing this information or material have been approved for access to it, and I understand these procedures. I understand that I may be required to sign subsequent agreements upon being granted access to different categories of SCI. I further understand that all my obligations under this agreement continue to exist whether or not I am required to sign such subsequent agreements.
3. (U) I have been advised that the unauthorized disclosure, unauthorized retention, or negligent handling of SCI by me could cause irreparable injury to the United States or be used to advantage by a foreign nation. I hereby agree that I will never divulge anything marked as SCI or that I know to be SCI to anyone who is not authorized to receive it without prior written authorization from the United States Government department or agency (hereinafter Department or Agency) that last authorized my access to SCI. I understand that it is my responsibility to consult with appropriate management authorities in the Department or Agency that last authorized my access to SCI, whether or not I am still employed by or associated with that Department or Agency or a contractor thereof, in order to ensure that I know whether information or material within my knowledge or control that I have reason to believe might be, or related to or derived from SCI, is considered by such Department or Agency to be SCI. I further understand that I am also obligated by law and regulation not to disclose any classified information or material in an unauthorized fashion.
4. (U) In consideration of being granted access to SCI and of being assigned or retained in a position of special confidence and trust requiring access to SCI, I hereby agree to submit for security review by the Department or Agency that last authorized my access to such information or material, any writing or other preparation in any form, including a work of fiction, that contains or purports to contain any SCI or description of activities that produce or relate to SCI or that I have reason to believe are derived from SCI, that I contemplate disclosing to any person not authorized to have access to SCI or that I have prepared for public disclosure. I understand and agree that my obligation to submit such preparations for review applies during the course of my access to SCI and thereafter, and I agree to make any required submissions prior to discussing the preparation with, or showing it to, anyone who is not authorized to have access to SCI. I further agree that I will not disclose the contents of such preparation with, or show it to, anyone who is not authorized to have access to SCI until I have received written authorization from the Department or Agency that last authorized my access to SCI that such disclosure is permitted.
5. (U) I understand that the purpose of the review described in paragraph 4 is to give the United States a reasonable opportunity to determine whether the preparation submitted pursuant to paragraph 4 sets forth any SCI. I further understand that the Department or Agency to which I have made a submission will act upon it, coordinating within the Intelligence Community when appropriate, and make a response to me within a reasonable time, not to exceed 30 working days from date of receipt.
6. (U) I have been advised that any breach of this Agreement may result in my termination of my access to SCI and removal from a position of special confidence and trust requiring such access, as well as the termination of my employment or other relationships with any Department or Agency that provides me with access to SCI. In addition, I have been advised that any unauthorized disclosure of SCI by me may constitute violations of United States criminal laws, including provisions of Sections 793, 794, 798, and 952, Title 18, United States Code, and of Section 783(b), Title 50, United States Code. Nothing in this agreement constitutes a waiver by the United States of the right to prosecute me for any statutory violation.
7. (U) I understand that the United States Government may seek any remedy available to it to enforce this Agreement including, but not limited to, application for a court order prohibiting disclosure of information in breach of this Agreement. I have been advised that the action can be brought against me in any of the several appropriate United States District Courts where the United States Government may elect to file the action. Court costs and reasonable attorney's fees incurred by the United States Government may be assessed against me if I lose such action.
8. (U) I understand that all information to which I may obtain access by signing this Agreement is now and will remain the property of the United States Government unless and until otherwise determined by an appropriate official or final ruling of a court of law. Subject to such determination, I do not now, nor will I ever, possess any right, interest, title, or claim whatsoever to such information. I agree that I shall return all materials that may have come into my possession or for which I am responsible because of such access, upon demand by an authorized representative of the United States Government or upon the conclusion of my employment or other relationship with the United States Government entity providing me access to such materials. If I do not return such materials upon request, I understand this may be a violation of Section 793, Title 18, United States Code.
9. (U) Unless and until I am released in writing by an authorized representative of the Department or Agency that last provided me with access to SCI, I understand that all conditions and obligations imposed on me by this Agreement apply during the time I am granted access to SCI, and at all times thereafter.
10. (U) Each provision of this Agreement is severable. If a court should find any provision of this Agreement to be unenforceable, all other provisions of this Agreement shall remain in full force and effect. This Agreement concerns SCI and does not set forth such other

Subject: Potential Hire Vetting Checklist¹

Please respond to the questions below. Indent your response as a sub-bullet or change the text color to signal your response.

1. Do you (as applicable, or your spouse, minor child, or general partner) hold significant financial investments in the financial services industry (e.g., J.P. Morgan Chase common stock or stock in a sector fund concentrating in the financial industry); or in the software sector? Also, do you (as applicable, or your spouse, minor child, or general partner) hold investments in companies that contract with the government?
 - o If yes, is there a willingness/ability to divest if necessary

Attached is a list of my equity holdings based on GICS classifications for Financials (includes banks, capital markets firms, consumer finance, insurance, and asset managers), Software, and Aerospace & Defense (which is the closest approximation among the GICS classifications for “companies that contract with the government”). I would be willing and able to divest any of these holdings if necessary.

I also have a [REDACTED] commitment as a Limited Partner (LP) in GTM Fund, a software venture capital fund, but have no control or discretion over it. It would be a challenge to divest myself of that commitment.

Finally, I have stock options in my current employer, Cloud Software Group (www.cloud.com), which sells products to commercial and government users.

Note that these investments are held by me directly or in trust where I am either grantor, trustee, or beneficiary.

2. Do you currently hold any investments that restrict your ability to divest of the holding (e.g., hedge funds, private equity holdings, stock options, other plans that do not allow divestiture or trust arrangements that cannot be exited)?

¹ PLEASE NOTE: This checklist contains broad parameters that may be used as one helpful tool in an initial vetting process. If a potential candidate answers “yes” to any of these questions, it does NOT necessarily mean they have unalterable conflicts and cannot be hired to work for Treasury. It only means that an ethics official should be consulted concerning the possibility of a conflict.

In addition to GTM Fund and my stock options in Cloud Software Group described above, I am a minority shareholder or LP – with no control or discretion – in the following private investments which would also be challenging to divest:

Private Equity

- [REDACTED] commitment to Vista Capital Solution Fund LP (Private Credit Fund)
- [REDACTED] investment in KKR Private Equity Conglomerate LLC (Private Equity)

Private Credit

- [REDACTED] investment in Blackstone Private Credit (Private Credit Fund)
- [REDACTED] investment in Apollo Debt Solutions (Private Credit Fund)

Private Real Estate

- [REDACTED] investment in Blackstone Private Real Estate Investment Trust
- [REDACTED] commitment to Bridge Workforce and Affordable Housing II
- [REDACTED] investment in Starwood Private Real Estate Investment Trust

Hedge Funds

- [REDACTED] investment in Millennium
- [REDACTED] investment in Schonfeld Fundamental Equity
- [REDACTED] investment in The Children's Investment Fund

Note that these investments are held by me directly or in trust where I am either grantor, trustee, or beneficiary.

3. Do you (or your spouse or minor child) currently own or are you invested in any financial business or business that you would be unable or unwilling to divest?

See responses above.

4. Were you employed by or a consultant to a financial services entity the past year?

I have a consulting contract with Elliott Investment Management – an alternative investment manager – to provide advice regarding software/technology investments.

5. Does your current employment, or did your employment within the last year, result in the representation of any financial services firms?

No

6. (If applicable) Does your spouse and/or dependent child work for a financial institution; a financial services firm; or represent clients who do?

No

7. Does any other member of your household (adult children, significant other, and housemates) work for a company in the financial sector or represent clients in the financial sector (e.g., as a lawyer or accountant for J.P. Morgan Chase)?

No

8. Do any close relatives work for a company that contracts with the financial sector or represent clients in the financial sector?

No

9. Are you currently seeking a business, contractual, or other financial relationship (other than a routine commercial transaction) with an entity in the financial sector?

No

10. Are you currently the party to any book contract or teaching or speaking agreement?

No

11. Are you an active participant in any organization that has significant involvement with the financial sector?

No

12. Are you a member of the board of directors of any organization?

Yes. In addition to being CEO of Cloud Software Group, I am a member of the company's board of directors.

CLASSIFIED INFORMATION NONDISCLOSURE AGREEMENT**AN AGREEMENT BETWEEN**

Thomas Harry Krause Jr.

AND THE UNITED STATES*(Name of individual - Printed or typed)*

1. Intending to be legally bound, I hereby accept the obligations contained in this Agreement in consideration of my being granted access to classified information. As used in this Agreement, classified information is marked or unmarked classified information, including oral communications, that is classified under the standards of Executive Order 13526, or under any other Executive order or statute that prohibits the unauthorized disclosure of information in the interest of national security; and unclassified information that meets the standards for classification and is in the process of a classification determination as provided in sections 1.1, 1.2, 1.3 and 1.4(e) of Executive Order 13526, or under any other Executive order or statute that requires protection for such information in the interest of national security. I understand and accept that by being granted access to classified information, special confidence and trust shall be placed in me by the United States Government.
2. I hereby acknowledge that I have received a security indoctrination concerning the nature and protection of classified information, including the procedures to be followed in ascertaining whether other persons to whom I contemplate disclosing this information have been approved for access to it, and that I understand these procedures.
3. I have been advised that the unauthorized disclosure, unauthorized retention, or negligent handling of classified information by me could cause damage or irreparable injury to the United States or could be used to advantage by a foreign nation. I hereby agree that I will never divulge classified information to anyone unless: (a) I have officially verified that the recipient has been properly authorized by the United States Government to receive it; or (b) I have been given prior written notice of authorization from the United States Government Department or Agency (hereinafter Department or Agency) responsible for the classification of information or last granting me a security clearance that such disclosure is permitted. I understand that if I am uncertain about the classification status of information, I am required to confirm from an authorized official that the information is unclassified before I may disclose it, except to a person as provided in (a) or (b), above. I further understand that I am obligated to comply with laws and regulations that prohibit the unauthorized disclosure of classified information.
4. I have been advised that any breach of this Agreement may result in the termination of any security clearances I hold; removal from any position of special confidence and trust requiring such clearances; or termination of my employment or other relationships with the Departments or Agencies that granted my security clearance or clearances. In addition, I have been advised that any unauthorized disclosure of classified information by me may constitute a violation, or violations, of United States criminal laws, including the provisions of sections 641, 793, 794, 798, *952 and 1924, title 18, United States Code; *the provisions of section 783(b), title 50, United States Code; and the provisions of the Intelligence Identities Protection Act of 1982. I recognize that nothing in this Agreement constitutes a waiver by the United States of the right to prosecute me for any statutory violation.
5. I hereby assign to the United States Government all royalties, remunerations, and emoluments that have resulted, will result or may result from any disclosure, publication, or revelation of classified information not consistent with the terms of this Agreement.
6. I understand that the United States Government may seek any remedy available to it to enforce this Agreement including, but not limited to, application for a court order prohibiting disclosure of information in breach of this Agreement.
7. I understand that all classified information to which I have access or may obtain access by signing this Agreement is now and will remain the property of, or under the control of the United States Government unless and until otherwise determined by an authorized official or final ruling of a court of law. I agree that I shall return all classified materials which have, or may come into my possession or for which I am responsible because of such access: (a) upon demand by an authorized representative of the United States Government; (b) upon the conclusion of my employment or other relationship with the Department or Agency that last granted me a security clearance or that provided me access to classified information; or (c) upon the conclusion of my employment or other relationship that requires access to classified information. If I do not return such materials upon request, I understand that this may be a violation of sections 793 and/or 1924, title 18, United States Code, a United States criminal law.
8. Unless and until I am released in writing by an authorized representative of the United States Government, I understand that all conditions and obligations imposed upon me by this Agreement apply during the time I am granted access to classified information, and at all times thereafter.
9. Each provision of this Agreement is severable. If a court should find any provision of this Agreement to be unenforceable, all other provisions of this Agreement shall remain in full force and effect.
10. These provisions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by existing statute or Executive order relating to (1) classified information, (2) communications to Congress, (3) the reporting to an Inspector General of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive orders and statutory provisions are incorporated into this agreement and are controlling.

(Continue on reverse.)

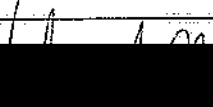

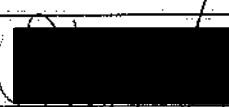

11. These restrictions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by Executive Order No. 13526 (75 Fed. Reg. 707), or any successor thereto section 7211 of title 5, United States Code (governing disclosures to Congress); section 1034 of title 10, United States Code, as amended by the Military Whistleblower Protection Act (governing disclosure to Congress by members of the military); section 2302(b) (8) of title 5, United States Code, as amended by the Whistleblower Protection Act of 1989 (governing disclosures of illegality, waste, fraud, abuse or public health or safety threats); the Intelligence Identities Protection Act of 1982 (50 U.S.C. 421 et seq.) (governing disclosures that could expose confidential Government agents); sections 7(c) and 8H of the Inspector General Act of 1978 (5 U.S.C. App.) (relating to disclosures to an inspector general, the inspectors general of the Intelligence Community, and Congress); section 103H(g)(3) of the National Security Act of 1947 (50 U.S.C. 403-3h(g)(3)) (relating to disclosures to the inspector general of the Intelligence Community); sections 17(d)(5) and 17(e)(3) of the Central Intelligence Agency Act of 1949 (50 U.S.C. 403g(d)(5) and 403g(e)(3)) (relating to disclosures to the Inspector General of the Central Intelligence Agency and Congress); and the statutes which protect against disclosure that may compromise the national security, including sections 641, 793, 794, 798, *952 and 1924 of title 18, United States Code, and *section 4 (b) of the Subversive Activities Control Act of 1950 (50 U.S.C. section 783(b)). The definitions, requirements, obligations, rights, sanctions, and liabilities created by said Executive Order and listed statutes are incorporated into this agreement and are controlling.

12. I have read this Agreement carefully and my questions, if any, have been answered. I acknowledge that the briefing officer has made available to me the Executive Order and statutes referenced in this agreement and its implementing regulation (32 CFR Part 2001, section 2001.80(d)(2)) so that I may read them at this time, if I so choose.

Fiscal Service is supporting the USDS/DOGE team during their 4–6-week engagement to understand payment processes and opportunities to advance payment integrity and fraud reduction goals.

Given the Fiscal Service’s authorities and role in enabling federal government financial operations, we must engage in a way that is secure and minimizes the likelihood of disruptions to ensure daily operations occur seamlessly. This is especially critical for those operations that support the facilitation of the 2025 tax season and the Debt Issuance Suspension Period. Disruptive impacts to technical operations, especially to payment systems such as the Payment Automation Manager (PAM) and Secure Payment System (SPS), could have catastrophic consequences that can range from debilitating U.S. economic security (and necessitating increases to the debt ceiling and defaults on U.S. Government financial obligations), endangering U.S. interests abroad, jeopardizing the delivery of lifeline payments to millions of constituents, and delaying or denying access to thousands of federal agency assets which would all erode public confidence. As such, ensuring operational excellence and resiliency remains the top priority for the Fiscal Service.

So that we can streamline communication, ensure clarity and alignment, and achieve the most optimal outcome for all parties, we have outlined our expectations for the duration of this engagement below.

ENGAGEMENT SCOPE

Objective: Gain insight on money-in/money-out through the Fiscal Service payment systems while identifying efficiencies in the overall payment flow

Timeframe: 4-6 weeks

Focus Area: Payment Processing, to include Payment Automation Manager (PAM), Secure Payment System (SPS), and Automated Standard Application for Payments (ASAP)

Deliverable: Report to the Secretary of the Treasury outlining recommendations for greater efficiencies and potential improvements to the existing payment processes and associated technology and policies in support of payment integrity and fraud prevention.

Key Points of Contact:

- **Treasury Department:** Matt Garber, PDO Fiscal Assistant Secretary
- **Bureau of the Fiscal Service:** Joe Gioeli, Deputy Commissioner for Transformation and Modernization

ENGAGEMENT PROCESS

- **Central Management and Coordination with Treasury:** Matt Garber will serve as the Departmental executive point of contact to provide policy insights, and oversight/guidance of the Fiscal Service engagement. Joe Gioeli will serve as the main point of contact for information related to Fiscal Service systems, organizational structure, and business processes. Together, they will ensure Fiscal Service is being responsive within the bounds

of the law, Treasury policy, and Fiscal Service security protocols. All requests will be prioritized, actioned as quickly as feasible, and centrally managed and tracked accordingly. Preferably, requests should be sent via email to joseph.gioeli@fiscal.treasury.gov.

- **Status Meetings:** A meeting cadence will be established for the duration of the effort for a minimum of at least once per week and will include Tom Krause, Matt Garber, Joe Gioeli and other relevant stakeholder parties to ensure requests are being addressed. Additionally, a daily standup will be established between Tom Krause and Joe Gioeli to ensure alignment on the prioritization of activities, share status, and to discuss mitigation of any challenges that arise. The frequency of this meeting series can be adjusted based on need.
- **Access to and Management of Pertinent Artifacts:** Access will be granted to pertinent artifacts via a [shared folder](#) hosted on the Treasury Enterprise Content Manager (ECM) and permissioned to only necessary individuals. Proper handling of artifacts consistent with their labelling is required. Code will be shared and controlled via an alternate method.
- **Access to and Management of In Scope Systems and Data:** Fiscal Service will provision and issue the designated technical team member with a Fiscal Service laptop (i.e., government furnished equipment (GFE)) during Day 1 (i.e., January 28) of the Week 2 Site Visit to Kansas City. This will accelerate your ability to obtain access to the in-scope systems and code repositories you are seeking while also providing the Fiscal Service with a greater level of assurance that our risk posture is being managed in accordance with our established security protocols and existing control architecture.
- **Adherence to Fiscal Service Security Control Requirements:** To adhere to the Fiscal Service's established security protocols and existing control architecture, below are our required actions (including those already completed as of 1/24/2025).
 - 1) **Vetting:** Fiscal Service confirmed with the Treasury Department Security office the (2) individuals requesting access have been properly vetted with signed Nondisclosure Agreements (NDAs) and confirmed their access to Treasury and Fiscal Service information.
 - 2) **Use of FS GFE:** USDS/DOGE confirmed that only (1) individual (i.e., the designated technical team member) requires access to Fiscal Service systems and data at this time. This designated individual will be provisioned to a Fiscal Service provided workstation. The Fiscal Service GFE must be connected to the Fiscal Service VPN network at all times while work is performed with this engagement.
 - 3) **Data Handling:** Fiscal Service will provide USDS/DOGE safeguarding and handling instructions of Fiscal Service data for the duration of this engagement. USDS/DOGE confirmed Fiscal Service data will not leave the workstation during this engagement and will only be reviewed by cleared and authorized Treasury personnel.
 - 4) **System Access:** USDS/DOGE will be provided access to in scope payment systems source code via a secure code repository. USDS/DOGE will be provided Development access to the in scope payment systems. Any recommended changes to the payments source code will be appropriately tested by security and change management controls per Fiscal Service processes and procedures.

- 5) **Payment Processing User Access:** USDS/DOGE requested to be granted “over the shoulder” access to monitor Fiscal Service personnel conducting payment processing roles, which was approved by Fiscal Service on 1/23/25. Any additional system level access (i.e. application end user access and sysadmin privileged access) will be provisioned according to Fiscal Service processes and procedures.
- 6) **Attestation:** USDS/DOGE agreed to provide Fiscal Service an attestation statement (template to be provided by the Fiscal Service) at the end of the engagement that confirms:
 - a. The provided Fiscal Service information has been properly destroyed.
 - b. Confirmation that no known suspicious or unauthorized access to Fiscal Service provided GFE and data occurred during this engagement.
- **Review of Recommendations:** Fiscal Service will be provided the report deliverable, have the opportunity to clarify any technical or process inaccuracies, and provide any necessary policy feedback or context before finalization.

Preliminary Work Plan for IT Accesses

GAO has found inconsistent reporting, lack of traceability, and need for improved controls with the Treasury's Cash Accounting Reporting System (CARS). (Link and summary below.) Mandating agencies (via Certifying Officers – COs) to use TAS / BETC for all payments at the time of payment certification as well as requiring COs to provide a short plain English reason why the payment is being requested would dramatically:

- 1) improve financial reporting auditability, accuracy and transparency
- 2) reduce the risk of improper payments
- 3) ensure all payments are supported by an appropriation, receipt, or other fund account

For background, TAS (Treasury Account Symbol) / BETC (Business Event Type Code) ([Account Symbol \(also known as the Treasury Account Symbol or TAS\) | TFX: Treasury Financial Experience](#)) is used to classify financial transactions across all federal government agencies and is the backbone for CARS (Central Accounting Reporting System) [Central Accounting Reporting System](#). Today, Treasury has three primary payments systems (PAM, ASAP, ITS.gov) that support payments on behalf of ~250 agencies. These payment systems (as well all other payment systems not managed by Treasury) feed into CARS. PAM is the most widely used. Within PAM, there are two types of payments (Type A and Type B). Type A is for high value, low volume and typically uses Fedwire. Type B is lower value, higher volume payments and typically uses ACH. We understand (but have not verified) that COs are required to input the TAS / BETC for every payment except for Type B payments in PAM. As a result, a significant percentage of payments are re-classified by agency CFO organizations in CARS well AFTER payments have been certified and processed. In fact, CARS operators use "default" accounts because they cannot tie many of the payments that BFS processes to an appropriation, receipt, or other fund account at the time of the payment.

System access as well as on-going discussions with subject matter experts are critical to understanding and verifying how these payment and accounting systems work. Without this, common sense recommendations such as this one as well as detailed plans to implement these recommendations are not possible. My discussions with both the disbursement team in Kansas City as well as the CARS team in Parkersburg, WV suggest this mandate would be widely welcomed by the operating teams at BFS. I would also submit that OMB and the White House would strongly support this mandate. The mandate would require a code change to PAM whereby a submitted payment file would be sent back to the CO prior to processing if the TAS/BETC and the reason for payment are not filled out. Based on initial discussions with the PAM technical team (from the FED KC office), this is a very modest code change and can be executed quickly.

Thanks everyone for getting together this afternoon. Attached is the spreadsheet we reviewed with the access levels updated based on our conversation.

For the items that Fiscal can implement independently we will get moving immediately, and Marko should see read-only soon.

For the items the Fed needs to implement we're working with the lawyers on the language now. Good conversations with our counterparts, so I do not currently expect any issues, although it may be tomorrow before it's finalized.

Thanks,

Matt

Dan,

We've successfully set up the technical and process adjustments at Fiscal to support this request within the appropriate bounds. A reminder of the process we discussed and will execute against beginning Monday:

- **Fiscal will intercept USAID payments files prior to ingestion into our PAM/SPS systems** (*this is in place now and can begin immediately*)
 - We developed a process to intercept the file, and additional flags to ensure we catch all USAID payment requests through our systems
 - Fiscal will manually pull an unredacted and unmodified copy to share with State officials
 - Individual ITS payment requests will be flagged and shared for review as needed

- NOTE: Fiscal will not provide any preliminary review or determination on the payments, and will not edit or modify the file at any point in this process
- **Fiscal will deliver the USAID payment file to the designated State officials for review**
 - Fiscal has set up a secure portal where the designated officials will be able to access the files (*this will have encryption and MFA, and has completed third party pen testing*)
 - We developed a user guide and instructions to support State officials in using the portal
 - We can provide additional technical support as needed
 - We will deliver the file once-a-day according to the normal USAID payment schedule
- **State officials will review and provide a determination to Fiscal on whether or not to release the file into our normal payment processes**
 - We will provide a template for State officials to provide the determination back to Fiscal
 - Files that are determined by State as able to move forward will be released by Fiscal into PAM/SPS or ITS systems
 - Files that are determined by State as unable to move forward will be returned to USAID for correction
 - *State will work directly with USAID to provide any necessary corrections prior to resubmission.*
- **Payment files that are cleared by State and released into our normal payment processes will continue to be certified by USAID certifying officers prior to payment**

While we will begin intercepting the USAID files prior to ingestion immediately on Monday, we will not transmit files to State until **we receive confirmation from the appropriate security officers (likely in the CIO office) that:**

- the individuals at State accessing and reviewing the information have the appropriate clearances, etc
- the necessary data security methods are in place at State and those standards have been communicated and agreed to by the individuals accessing the files
- NOTE: We are still working to connect with the appropriate IT/Security/Technical individuals at State, which we believe will happen as soon as Monday morning.

Additional note:

- As mentioned, these files are mixed and contain a variety of payments. We recommend State ensures they can review these files and provide a determination same-day to avoid any unintended downstream issues.

Please confirm we are still good to execute this plan beginning Monday. Happy to hop on a call if needed.

Thanks,

Matt

Dan –

There are 4 additional accounts where I would like to implement the same process we used for USAID here at BFS. These four have been identified as being subject to the foreign aid EO. In these 4 cases, we would send any payment requests across our three main systems to our State designee(s) for sign off before putting through for processing. This will ensure we are not making payments that directly violate the EO. I would like Secretary Bessent's go ahead to proceed on these four. I can call with additional info.

Synopsis

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, the Department of the Treasury, Bureau of the Fiscal Service is publishing its inventory of Privacy Act systems of records.

Text

[*11776]

SUPPLEMENTARY INFORMATION:

In accordance with the Privacy Act of 1974, [*5 U.S.C. 552a*](#), and the Office of Management and Budget (OMB), Circular No. A-108, the Department of the Treasury, Bureau of the Fiscal Service has completed a review of its Privacy Act systems of records notices to identify changes that will more accurately describe these records and is publishing an inventory of them.

On October 7, 2012, the Secretary of the Treasury issued Treasury Order 136-01, establishing within the Department of the Treasury (“Department”) the Bureau of the Fiscal Service (“Fiscal Service”). The new bureau consolidated the bureaus formerly known as the Financial Management Service (“FMS”) and the Bureau of the Public Debt (“BPD”). Treasury Order 136-01 was published in the **Federal Register** on May 24, 2013 (*78 FR 31629*). Fiscal Service

is consolidating both legacy bureau's systems of records into a new set of SORNs under the Fiscal Service name.¹

In some instances, FMS and BPD's SORNs have been renumbered. In other cases, parts of the legacy bureaus' SORNs were combined into one or more SORNs. No SORN was rescinded in its entirety.

Fiscal Service's SORNs are derived as follows:

Systems of records notice .001 (Administrative Records) is derived from FMS system of records notice .001 (Administrative Records) and BPD system of records notice .001 (Human Resources and Administrative Records).

System of records notice .002 (Payment Records) is derived from FMS system of records notice .002 (Payment Records—Treasury/FMS).

System of records notice .003 (Claims and Inquiry Records on Treasury Checks, and International Claimants) is derived from FMS system of records notice .003 (Claims and Inquiry Records on Treasury Checks, and International Claimants).

System of records notice .005 (Fiscal Service Personnel Records) is derived from BPD system of records notice .001 (Human Resources and Administrative Records) and FMS system of records notice .005 (FMS Personnel Records).

System of records notice .006 (Employee Assistance Records) is derived from BPD system of records notice .005 (Employee Assistance Records).

System of records notice .007 (Direct Deposit Enrollment Records) is derived from FMS system of records notice .006 (Direct Deposit Enrollment Records).

System of records notice .008 (Mailing List Records) is derived from FMS system of records notice .008 (Mailing List Records—Treasury/FMS).

System of records notice .009 (Delegations and Designations of Authority for Disbursing Functions) is derived from FMS system of records notice .010 (Records of Accountable Offices' Authority with Treasury).

¹ BPD last published its systems of records in their entirety on August 17, 2011, at [76 FR 51128](#). FMS last published its systems of records in their entirety on October 15, 2012, at [77 FR 62602](#). Since consolidation, Fiscal Service published two additional systems of records: (1) Do Not Pay Payment Verification Records, published on December 9, 2013, at [78 FR 73923](#); and (2) OneVoice Customer Relationship Management, published on September 19, 2014, at [79 FR 56433](#).

85 FR 11776, *11776

System of records notice .010 (Pre-complaint Counseling and Complaint Activities) is derived from FMS system of records notice .012 (Pre-Complaint Counseling and Complaint Activities).

System of records notice .011 (Gifts to the United States) is derived from FMS system of records notice .013 (Gifts to the United States).

System of records notice .012 (Debt Collection Operations System) is derived from FMS system of records notice .014 (Debt Collection Operations System).

System of records notice .013 (Collections Records) is derived from FMS system of records notice .017 (Collections Records).

System of records notice .014 (United States Securities and Access) is derived from BPD systems of records notices .002 (United States Savings-Type Securities), .003 (United States Securities (Other than Savings-Type Securities)), and .008 (Retail Treasury Securities Access Application).

System of records notice .015 (Physical Access Control System) is derived from BPD system of records notice .004 (Controlled Access Security System).

System of records notice .016 (Health Unit Records) is derived from BPD system of records notice .006 (Health Service Program Records).

System of records notice .017 (Do Not Pay Payment Verification Records) is derived from Fiscal Service system of records notice .023 (Do Not Pay Payment Verification Records—Department of the Treasury/Bureau of the Fiscal Service).

System of records notice .018 (OneVoice Customer Relationship Management) is derived from Fiscal Service system of records notice .024 (OneVoice Customer Relationship Management—Department of the Treasury/Bureau of the Fiscal Service).

System of records notice .019 (Gifts to Reduce the Public Debt) is derived from BPD system of records notice .007 (Gifts to Reduce the Public Debt).

System of records notice .020 (U.S. Treasury Securities Fraud Information System) is derived from BPD system of records notice .009 (U.S. Treasury Securities Fraud Information System).

Fiscal Service is adding one routine use to all of the systems of records to share information with other federal agencies or federal entities as required by OMB Memorandum 17-12, “Preparing for and Responding to a Breach of Personally Identifiable Information,” dated January 3, 2017, to assist Treasury/Fiscal Service in responding to a suspected or confirmed breach or prevent, minimize, or remedy the risk of harm to the requesters, Treasury/Fiscal Service, the Federal Government, or national security.

85 FR 11776, *11776

Fiscal Service also slightly expanded the scope of SORN .003 (Claims and Inquiry Records on Treasury Checks, and International Claimants) to cover payments that will be made pursuant to the Guam World War II Loyalty Recognition Act, *Public Law 114-328*, Title XVII. This change is consistent with the purpose of the SORN and many other payments made pursuant to similar statutes and requirements. [*11777]

In addition to the changes noted above, this notice updates some of the system of records notices, changes references in the systems of records notices, and makes other administrative changes to reflect the consolidation into the Fiscal Service, such as updating the procedures for gaining access to, or contesting the contents of, records in these systems of records.

This notice covers all systems of records adopted by the Fiscal Service as of February 27, 2020. The system notices are reprinted in their entirety following the Table of Contents.
