11. Description Of Incident

(Date: 02-22-2026 Time: 0705 hrs staff became aware of incident)**This is a Re-Write**

On 02/22/2026 at 06:44:38, Inmate Pinson, Jermey (Reg. No. 16267 064) received his prescribed Suboxone at the cell door of X04 002. After receiving the medication, he remained at the door until 06:46:32, then returned to his bunk at 06:46:52.

During review of CCTV video, I, Lieutenant Teague, observed the following:

At 06:46:55, Pinson retrieved a white item resembling a paper medication dispensing spoon from the corner of the bed. At 06:46:59, he positioned himself behind a towel hanging from the upper bunk, obstructing the camera s and officer s view of his upper torso and head.

At 06:48:12, Pinson repositioned the spoon and gestured toward it while looking at his cellmate. At 06:48:22, he began manipulating the spoon. From 06:48:22 to 06:49:09, he repeatedly moved his right index finger in a manner consistent with attempting to remove or manipulate a substance.

At 06:49:15, Pinson looked toward the camera and scanned the cell. At 06:49:20, he placed the spoon back in its original location while keeping his index finger extended as if coated with a substance.

At 06:49:31, he retrieved toilet paper staged by his cellmate. At 06:49:37, he obtained a cup containing what appeared to be water. At 06:50:10, he turned away from the camera and manipulated an item at face level. At 06:50:16, he placed two small items on the desk.

At 06:50:48, Pinson picked up a small item and manipulated it. At 06:51:12, he wiped his finger on his boxers while continuing to manipulate the item. By 06:53:35, both inmates were standing and manipulating small objects.

At 06:54:25, Pinson set an item down, used toilet paper to blow his nose, and discarded it into the toilet at 06:54:37. At 06:55:12, he resumed manipulating the small item. At 06:55:26, he appeared to place something into his right eye. At 06:56:26, he wiped something onto the desk or paper. At 06:56:42, he appeared to place something into his left eye. At 06:56:53, he appeared to transfer something from his finger to his mouth. At 06:57:07, he again wiped something onto the desk or paper.

At 06:57:14, he sat on the toilet. At 06:57:24, he reached toward the desk and continued manipulating an item.

At 06:57:58, staff issued a direct order for both inmates to submit to hand restraints. At that

moment, Inmate [REDACTED] handed a paper spoon to Pinson. At 06:58:31, Pinson tore the tops off two paper spoons and handed the torn pieces back to his cellmate. At 06:58:52, he dropped items into the toilet, behavior consistent with the destruction or disposal of potential evidence.

At 07:01:23, Pinson stood and dressed. At 07:02:51, he submitted to hand restraints.

Evidence Recovery and Field Testing (0705 hours)

At approximately 0705 hours, a search of cell X04 002, assigned to inmates Pinson and [REDACTED], was conducted. On the desk area, I located the top portion of a ruled piece of paper containing an orange colored spot on the upper right corner. This location was consistent with where Inmate Pinson had earlier appeared to wipe a substance onto the desk or paper.

The paper was retrieved as potential evidence.

I, Lieutenant Teague, conducted a NIK field test on the substance using the following kits:

NIK Test Kit A: sample turned purple

NIK Test Kit U: sample turned purple brown

NIK Test Kit K: sample turned purple

The combined results of Kits A, U, and K are presumptively positive for Buprenorphine.
