EXHIBIT 9

***Vanderbilt University v. ICOS Corporation*, Civil Action No. 05-506-SLR**

ICOS's Deposition Designations and Counter-Designations

The following is a list of the depositions and portions thereof that ICOS may offer at trial. ICOS has not designated testimony which is being relied on by ICOS's experts, but not intended to be read into evidence or played as videotape at trial. If any witness identified on Vanderbilt's or ICOS's witness list does not appear at trial, ICOS reserves the right to designate all or part of that witness's deposition testimony. ICOS also reserves the right to supplement these designations as it completes its work on the pretrial order, including without limitation, to address any issues of authentication that may arise.

Pursuant to Fed. R. Civ. P. 32(a)(4), the following is a list of the depositions and portions thereof that ICOS may offer at trial as counter-designations to Vanderbilt's deposition designations. ICOS reserves the right to supplement these counter-designations as it completes its work on the pretrial order, including without limitation, to address any issues of authentication that may arise. Vanderbilt's deposition designations of Drs. Ross and Labaudiniere were received too late for ICOS to identify its counter-designations herein. Consequently, ICOS reserves the right to provide its counter-designations for these depositions, if any, at the Pretrial Conference on December 18, 2007.
