Bob

Let's discuss Monday that is a very tight schedule. I know you have a discovery cut-off date of the 17th but I think we would be willing to do this beyond that date if acceptable to your client and ICOS.

Dear Mary,

Thank you for your call yesterday. I hope that your flight was uneventful.

In connection with Glaxo's offer to make Drs. Ross, Grondin and Daugan available for deposition, we would need to know their availability during the week of November 13. Our current preference would be to schedule Dr. Ross for Tuesday, November 14 and Drs. Grondin for Thursday, November 16th and Friday, November 17th, respectively.

I look forward to speaking with you Monday.

Regards,

Bob Brennen
