FLASHPOINT TECHNOLOGY, INC., Plaintiff, v. CONCORD CAMERA CORP., Defendant.	)	Civil Action No. 05-802-GMS

PLAINTIFF'S UNOPPOSED MOTION FOR ENLARGEMENT OF TIME TO EFFECT SERVICE

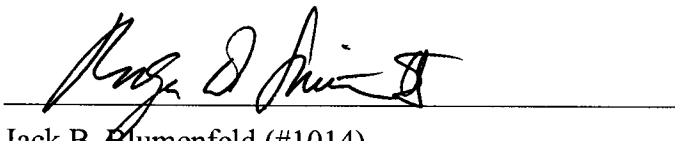

Pursuant to Federal Rules of Civil Procedure 4(m) and 6(b), plaintiff Flashpoint Technology, Inc. moves for an order, in the form attached hereto, extending the period for service of the summons and complaint upon defendant in this action through and including May 17, 2006. The grounds for this motion are:

1. This action was filed on November 18, 2005. In order to facilitate settlement discussions, the defendant has not been served. Since the filing of the complaint, the parties have been actively discussing settlement of this case. The defendant has requested that plaintiff delay the service of process so that the parties can seek to effectuate a settlement.

2. Rule 4(m) permits 120 days to serve the complaint. The time for service was previously extended by 30 days (D.I. 4). Plaintiff believes that an additional 30 days to serve the complaint will allow the parties to complete their settlement discussions without requiring them to incur the costs and expense of litigation. Counsel for the defendant has advised plaintiff that it assents to the extension sought.

3. Rules 4(m) and 6(b) provide that the Court, in its discretion, may enlarge the time for cause shown.
