Re: *Takeda Pharmaceutical Co. Ltd. and TAP Pharmaceutical Products Inc. v. Teva Pharmaceuticals USA, Inc. and Teva Pharmaceutical Industries, Ltd.*, Civil Action No. 06-33-SLR

Dear Ms. Tassone:

In accordance with the Court's pre-trial Order of October 16, 2007 (respecting defendants' request to admit documents without a testifying witness) (D.I. 148), enclosed please find the thirty-six additional exhibits tendered by defendants for admission to the trial record. These are the "original" exhibits, and are identified by the appropriate stickers. A Second Supplemental Form AO 187 Exhibit List is also enclosed.

Also enclosed for the Court's convenience is a list of admitted exhibits that were referenced during some of the designated deposition testimony submitted to the Court yesterday.

This should complete the parties' submissions to the Court on exhibits and deposition testimony.

Respectfully,

Karen L. Pascale

The original copy of the file history of U.S. Patent No. 5,045,321 received from the United States Patent and Trademark Office was missing several pages, including the amendment and declaration discussed in DTX 4A. The missing pages were located in a third party production from the prosecuting attorney and bates labeled with prefix HAM. The HAM bates labeled documents were used as Deposition Exhibits 32 and 33, but are the same documents (minus the cover page of the '321 patent file history) as those included in DTX 4A labeled with prefix TAKEDA.
