PLAINTIFFS' UNOPPOSED MOTION FOR FOUR-DAY ENLARGEMENT OF TIME TO FILE THEIR OPPOSITION TO DEFENDANTS' MOTION TO COMPEL DISCOVERY RESPONSES

Pursuant to Federal Rule of Civil Procedure 6(b) and Southern District of Florida Local Rule 7.1, Plaintiffs sanofi-aventis and sanofi-aventis U.S. LLC (collectively "sanofi-aventis") respectfully move the Court for a four-day enlargement of time to file their opposition to Defendants' Motion to Compel Discovery Responses (Dkt. 78). Sanofi-aventis is currently scheduled to file its opposition on April 11, 2008. The parties have made substantial progress in narrowing the issues in dispute raised by Apotex Inc. and Apotex Corp.'s (collectively "Apotex") motion. The parties are continuing to meet and confer to resolve or narrow the remaining issues so that the Court will only be presented with those issues that remain in dispute. To that end, sanofi-aventis requests a four-day enlargement of time until April 15, 2008 to file its opposition. Apotex consents to the motion.

PLAINTIFFS' MOTION FOR CLARIFICATION OF ORDER DENYING PLAINTIFFS' MOTION TO FILE UNDER SEAL

Plaintiffs, sanofi-aventis and sanofi-aventis U.S. LLC, hereby file this Motion for Clarification of Order Denying Plaintiffs' Motion to File Under Seal. As grounds, Plaintiffs state as follows:

1. On April 15, 2008, Plaintiffs filed a Motion to File Under Seal Plaintiffs' Opposition to Defendants' Motion to Compel Discovery Responses and Accompanying Exhibits. D.I. 89/90

2. Plaintiffs moved to file their opposition brief and exhibits under seal because the arguments advanced in opposition to Defendants' Motion to Compel Discovery Responses required that Plaintiffs attach and discuss a document containing highly sensitive confidential information that Plaintiffs produced in this litigation designated as "Outside-Counsel-Only - Confidential Information" pursuant to Section 2.2(a)(i) of the Protective Order entered by Magistrate Judge Simonton. D.I. 76 at 4. The document and information at issue contain

information that is not only highly sensitive with respect to Plaintiffs, but also to third party Jagotec AG ("Jagotec").

3. Plaintiffs sought to maintain and protect the highly sensitive confidential information contained within that document and discussed within their opposition brief, as required by Section 4(f) of the Protective Order (D.I 76 at 12-13) by requesting that the Court file those papers under seal pursuant to Local Rule 5.4.

4. On April 22, 2008, the Court denied Plaintiffs' motion to file under seal. D.I. 94.

5. The Court's Order does not set a new deadline for Plaintiffs to file their opposition papers nor does it state why Plaintiffs' motion was denied.

6. Plaintiffs respectfully move for clarification of the Court's Order (D.I. 94) and request that the Court clarify its Order (D.I. 94) to allow Plaintiffs five (5) days from the date of the Court's clarification in which to respond to Defendants' Motion to Compel Discovery Responses (D.I. 78) in order to provide Plaintiffs with an opportunity to revise and restructure their opposition papers in an attempt to eliminate the need to rely on or disclose any highly sensitive confidential information. Furthermore, Plaintiffs require this time in order to discuss and resolve issues related to any possible disclosure of highly sensitive confidential information with third party Jagotec.

7. Additionally, Plaintiffs respectfully request that the Court further clarify its Order (D.I. 94) to provide guidance as to why Plaintiffs' motion to file under seal was denied. Plaintiffs make this request so that in the future both Plaintiffs and Defendants understand the Court's requirements and procedures for filing under seal which will thereby permit the parties to utilize materials that are properly designated as either "Outside-Counsel-Only - Confidential Information" or "Confidential Information" pursuant to Sections 2.2-2.3 of the Protective Order,

while adhering to Section 4(f) of that Protective Order which requires that all such material or documents referring to such material be filed under seal.

8. Counsel for Plaintiffs has conferred with counsel for Defendants in a good faith effort to resolve the issues raised in the motion and has been unable to do so.

WHEREFORE, Plaintiffs request that the Court clarify its Order (D.I. 94) to allow Plaintiffs five (5) days from the date of the Court's clarification in which to respond to Defendants' Motion to Compel Discovery Responses and to provide guidance as to how the parties should proceed in the future when filing confidential material under seal with the Court.

UNITED STATES JUDICIAL PANEL
on
MULTIDISTRICT LITIGATION

Jun 09, 2008
FILED
CLERK'S OFFICE

IN RE: ALFUZOSIN HYDROCHLORIDE PATENT LITIGATION

MDL No. 1941

TRANSFER ORDER

Before the entire Panel[*]: Plaintiffs sanofi-aventis and sanofi-aventis U.S. LLC (collectively sanofi) have moved, pursuant to 28 U.S.C. § 1407, to centralize this litigation in the District of Delaware. This litigation currently consists of four actions, three actions in the District of Delaware and one action in the Southern District of Florida, as listed on Schedule A.[1]

Actavis South Atlantic LLC and Par Pharmaceutical, Inc., which are defendants in one of the Delaware actions, support the motion. Barr Laboratories, Inc. (Barr), which is a defendant in another of the Delaware actions, does not object to centralization, but expresses concern that it might exacerbate an alleged existing conflict of interest for Kirkland & Ellis, which is one of the firms representing sanofi in three of the four actions. Barr states that it is reserving the right to move to disqualify that firm from participation in any centralized proceedings. Apotex Inc. and Apotex Corp. (collectively Apotex), which are defendants in one of the Delaware actions and the Southern District of Florida action, oppose centralization. If the Panel orders centralization over Apotex's objections, it asks the Panel to select the Southern District of Florida as transferee district.

On the basis of the papers filed and hearing session held, we find that these four actions involve common questions of fact, and that centralization under Section 1407 will serve the convenience of the parties and witnesses and promote the just and efficient conduct of the litigation. All four actions involve common factual allegations with respect to U.S. Patent Nos. 4,661,491 (the '491 patent) and 6,149,940 (the '940 patent), which are both listed in the Food and Drug Administration's register of pharmaceutical patents for sanofi's Uroxatral drug. Centralization under Section 1407 will eliminate duplicative discovery, prevent inconsistent pretrial rulings (particularly on claim construction issues), and conserve the resources of the parties, their counsel and the judiciary.

In opposition to centralization, Apotex expresses a concern that it will engender delays in a litigation in which time is of the essence. We are sympathetic to this concern but view it as misplaced.

[*] Judge Vratil took no part in the disposition of this matter.

[1] The Panel has been notified of one additional related action, which is pending in the District of Delaware. That action and any other related actions will be treated as potential tag-along actions. *See* Rules 7.4 and 7.5, R.P.J.P.M.L., 199 F.R.D. 425, 435-36 (2001).

Centralization under Section 1407 will have the salutary effect of assigning the present actions to a single judge who can formulate a pretrial program that ensures that pretrial proceedings will be conducted in a manner leading to the just and expeditious resolution of all actions to the overall benefit of the parties and the courts. *See In re Brimonidine Patent Litigation*, 507 F.Supp.2d 1381, 1382 (J.P.M.L. 2007). Indeed, actions involving the validity of complex pharmaceutical patents and the entry of generic versions of the patentholder's drugs are particularly well-suited for transfer under Section 1407. *See, e.g., In re Metoprolol Succinate Patent Litigation,* 329 F.Supp.2d 1368 (J.P.M.L. 2004) (ordering transfer under Section 1407 of two actions in which the patentholder alleged infringement of two complex pharmaceutical patents).

We are persuaded that the District of Delaware is an appropriate transferee district for pretrial proceedings in this litigation. Three of the four actions (including the first-filed action) were brought in that district, and all parties are already litigating there.

IT IS THEREFORE ORDERED that, pursuant to 28 U.S.C. § 1407, the action listed on Schedule A and pending outside the District of Delaware is transferred to the District of Delaware and, with the consent of that court, assigned to the Honorable Gregory M. Sleet for coordinated or consolidated pretrial proceedings with the action pending in that district and listed on Schedule A.

IN RE: ALFUZOSIN HYDROCHLORIDE PATENT LITIGATION

MDL No. 1941

TRANSFER ORDER

Before the entire Panel[*]: Plaintiffs sanofi-aventis and sanofi-aventis U.S. LLC (collectively sanofi) have moved, pursuant to 28 U.S.C. § 1407, to centralize this litigation in the District of Delaware. This litigation currently consists of four actions, three actions in the District of Delaware and one action in the Southern District of Florida, as listed on Schedule A.[1]

Actavis South Atlantic LLC and Par Pharmaceutical, Inc., which are defendants in one of the Delaware actions, support the motion. Barr Laboratories, Inc. (Barr), which is a defendant in another of the Delaware actions, does not object to centralization, but expresses concern that it might exacerbate an alleged existing conflict of interest for Kirkland & Ellis, which is one of the firms representing sanofi in three of the four actions. Barr states that it is reserving the right to move to disqualify that firm from participation in any centralized proceedings. Apotex Inc. and Apotex Corp. (collectively Apotex), which are defendants in one of the Delaware actions and the Southern District of Florida action, oppose centralization. If the Panel orders centralization over Apotex's objections, it asks the Panel to select the Southern District of Florida as transferee district.

On the basis of the papers filed and hearing session held, we find that these four actions involve common questions of fact, and that centralization under Section 1407 will serve the convenience of the parties and witnesses and promote the just and efficient conduct of the litigation. All four actions involve common factual allegations with respect to U.S. Patent Nos. 4,661,491 (the '491 patent) and 6,149,940 (the '940 patent), which are both listed in the Food and Drug Administration's register of pharmaceutical patents for sanofi's Uroxatral drug. In opposition to centralization, Apotex expresses a concern that it will engender delays in a litigation in which time is of the essence. We are sympathetic to this concern but view it as misplaced.
