Hi Ted,

Following up on our recent telephone conversation, the woman who called was a Jessica Bengels and her phone number is (646)465-0861. She said she worked with Theodore Kittila and it was important the document was removed immediately or they could file a motion to seal. I do deeply apologize for all the confusion on our part. I have put the rest of the Clerk's Office on notice that if someone is trying to do anything with the criminal or MJ case, they need to contact me.

Again, very sorry for all the confusion.

Regards,
