  - Comment Text: They better be terrified there's a blood bath coming- there are Muslims on American soil who vow death to the US and believe it's their duty to kill Americans who are actively planning to kill Americans. We are no longer

sitting on the side line we are involved now and actively making plans for the most horrific genocide the worlds ever seen! The gov is reactive by then the damage is done- we are not allowing the damage to happen any more! We the American people are declaring America will be a Muslim free country. Citizen or not zero fucks given leave now. The government can't get a budget passed or agree on lunch they have become so ineffective we no longer give a shit what the gov says, does, or laws it makes they are welcome to try to enforce what they want against the largest armed civilian population in the world that owns more guns then the US military- it's not going to work out good for them so they are going to be helpless when we decide it time to act. The next time a Muslim conducts a terrorist act on US soon we are going scorched earth! There will be no survivors. We will kill every Muslim in our community then move on to your communities killing you in the streets, stores, shoot you in your bead in your home, rip your kid from your arms and blow it head off in front of you so you know you fucked up just before we blow your head off. We will have convoys of busses transporting Muslims to a location where you will be shot in the head and sent through a wood chipper. We will conduct the most efficient, effective genocide in history and are willing to kill anyone who tries to stop us. So leave now the next terrorist attack could be tomorrow your time to survive is very limited leave now or we will kill you.

- Comment Text: There are thousands of veterans all over the country that have a network of people and are actively making plans to kill Muslims. Oh that sounds like terrorism?- NO! Muslims have been openly telling us their religion dictates they kill us. They vow death to the US and to kill Americans. They are on our land we fought and died for actively making plans to kill us- in return we have entered the game and are making plans on a little more than a retaliatory attack. The gov is useless they are reactive- meaning they will try to catch those involved after the damage is done. Our attitude is no damage ever done again. So we are declaring America will be a Muslim free country! Crawl back to you sandflea infested country where you belong, regardless if your a citizen or not we the people don't recognize citizenship it comes down to are you Muslim if so which side of your head is a bullet going through. Leave now! The next time we get attacked we are going scorched earth we will eradicate every one of you. We will kill you in the stores, the streets, come in your home and shoot you in bed, we will rip your kid out of your arms and blow its head off in front of you so you'll realize we wernt fucking with you and you should have followed instructions and left then put a bullet through your head. We will fill bus loads and transport to where there are 1000 wood chippers shoot you in the head and send you through the wood chippers. We won't stop the world's worst genocide until there is not a single Muslim left! Your death will be the response to your people attacking us. And we don't give a flying fuck what the gov says or does they had their chance they failed and they can't get a bill passed do you really think they can stop the worlds largest armed civilian population on the planet that is so sick of them we

are ready to have a revolution anyway.... They can't stop our determination. Last chance- leave now or into the wood chipper you go

  - Comment Text: Muslims have been a problem since their existence their own religion says to kill all who won't conform to Alah. They have vowed death to America and Americans and are here on our land making plans to kill Americans. We also know the government is useless they are reactive meaning the damage is already done, they treat an attack as an isolated event not part of the larger ideology and mission. It has shown the American people this is something we will have to handle ourselves. We declare America will be a Muslim free nation. Every single one of you leave regardless if you're a citizen or not it's been revoked by the people. If your a "good" Muslim blame your own people your going too. ANY Muslim found on US soil after a predetermined date will be killed on the spot. If there are millions That just meant it will take a lot of bullets we will host the worst genocide the worlds ever seen. You pissed off the largest armed civilian population on earth and we don't give a flying fu-k what the gov says or tries to do- leave now! After we get hit with the next Muslim terror attack we are going scorched earth! We will rip you child out of your arms put a bullet in its head then put one through yours. We are done!

My closet is hooked up with better weapons, better ballistic vests, better heat and about 6,000x more ammo than our arms room in the army. I even have a brand new unopened military JLIst suit- the actual nuclear chemical and biological suit with military gas mask and 2 new canisters even have the iodine tablets that block radiation from staying in your lymph nodes .   - Comment Text: She's right I have to admit- all us white men wanted to do is work take care of our family and maybe play golf or go fishing on the weekend but we also have lost all empathy due to the left over the past 15 years and know as we are minding our own business fishing Muslims in America are making plans to kill is. So in order to protect our families, our country, and our way of life we have no choice except to actively start making plans to kill Muslims. Actually it more like planning the most efficient, effective genocide in history. As long as Muslims are here we are under threat so we intend to kill every single Muslim on US soil. You have your country to go back to where you belong if you stay we are going to kill you. And don't think the gov can help you they are so divided they are in grid lock and can't even get a bill to pass they can't stop the worlds largest armed civilian population that decided America is to be a Muslim free nation and will kill as many as it takes. Up to 40m illegal came here we are going to need a lot of gas for the wood chipper- we aren't playing the next time we get attacked by Muslims the violent bloody eradication begins. You will die soon if you don't leave.

- Comment Text: Ok let me break down to you how Americans feel right now: fu-k every one of you immigrants and get out of our country! If you ancestors were not here by the start of ww2 get the fuck out.... Or we are going to kill you! America doesn't want any more immigrants from any country, fu-k you and your culture there's a place for that it's called your home country- go there. Our empathy is gone, immigrants have taken advantage and now we want America to be a Muslim free nation and are willing to kill every single one here to make that happen. Muslims have and are actively plan on killing Americans and we the people would be stupid not to be planning to kill them in return. So the next terrorist attack on IS soil the US government will not be able to stop the genocide we will host! Every Muslim man woman and child will be shot and sent through the wood chipper- American blacks keep running your fu-king mouths and acting out we would love to make you extinct in America as well. People from India and every other country, your not welcome to come to America stay home and fix your country we aren't having you come here to drag ours down we would rather kill you than to allow that to happen. You wanna see what happens when you piss off the world's largest armed civilian population of citizens??? Don't leave and we will gladly show you what we will do. It's simple either leave or we will kill you and those is ticking we have zero empathy left and I couldn't pluck a fuck if it tried.

Muslims and their religion say it's their duty to kill Americans and they have been making plans to kill us- now we are making plans to kill them. If we get attacked again we are going scorched earth! The government fails to get rid of you alive we will end your existence in a few months nation wide. We never wanted immigrants to just come here- you sold us on "the best and brightest" but what we got was MS13 human and drug cartel and inbred Muslim pedophiles and rapist. You deceived the people now want us to trust the same people who brought them here to get rid of them? No- we have seen policy after policy fail sending the clear message to the people we will have

to handle this ourselves. The people have spoken GET THEM OUT OF HERE!  
Muslims are incomparable and should be bared from the US. They vow death to us making them terrorists that just haven't acted it's not a crime to kill domestic terrorists so your on a time line to get this done if you want them to live you better make this the worlds most intensive deportation effort in history because when we lose our patience or get attacked again you the government is out of it we are stepping in to regain control of our country since you obviously can't and since we the public don't have the ability to incarcerate we are the judge juror and executioners and any Muslim will be killed in the streets or in their homes zero fucks given living in America the past 10 years stripped away any empathy we had. Now either you get every Muslim gone or the genocide will start and it's all bullets and wood chippers from there. And the last thing we want is you bringing every sandniger that's vowed death to America to our country. Listen good! We are going to teach you a new level of diplomacy- we don't give a flying fuck about law after we get attacked again all law is out the window, we will host a genocide. You will be horrified because we will eradicate

every Muslim EVERY Muslim man woman or child will be slaughtered. We are going to kill every last one of them. We are out of empathy, we gave away our last fuck a long time ago we get attacked we go on a rampage. Now you have a choice to either turn your back in shame and lets us do what we are committed to doing or get involved. If you get involved you involvement better be deporting plane fulls as fast as possible to save human life. If you try to stop us- we are well past the time for having a much needed revolution. You betray is by siding with them we will temporarily ignore them to kick the gates of hell wide open and annihilate the federal government then continue our mission. You betrayed us for the last time- do it again and we the people won't be gentle when we get ahold of politicians and every one of you can be gotten to. We aren't playing we have been pushed so long we aren't taking another step back and just know we have about as much love for the federal government as we do for Muslim terrorists because with your actions the last decade we should take over and kill all of you for your past corruption as it is. Do not make the mistake of thinking you have any support of the American people at this point we aren't playing pointing rifles at both groups saying who wants some first

4. Open source research conducted by the FBI NTOS confirmed a Collier County resident by the name of Joseph Demeo with the same date of birth associated to the address provided by Google. Based on the comments and subscriber information provided by Google, the FBI relayed the information to the Collier County Sheriff's Office (CCSO). On December 31, 2025, CCSO attempted to make contact with Joseph Demeo at his aforementioned residence. It appeared no one was home at the time. CCSO remained in the area until Demeo's registered vehicle, a gray Dodge pickup truck with Florida license plate CA8459, was spotted on a license plate reader heading back towards the area of his residence. CCSO made contact with Joseph Demeo at Desoto Blvd S / 14th Ave SE, Naples, FL 34117. Upon contact, Demeo indicated he knew why law enforcement was at his residence earlier in the day (he was notified by neighbors) and admitted to making the posts on YouTube due to his frustrations with current events.

5. Based on the information set forth in this affidavit, I respectfully submit that there is probable cause to charge Joseph Eric Demeo in violation of 18 U.S.C. § 875(c).
