| 21 | A. Good morning.                              |
| 22 | Q. My name is Vel Freedman, we have met       |

Page 9 and spoken a few times before. 1 2 This is your deposition. You have 3 just told us earlier that you have never taken a deposition before. Is that correct? 5 That's correct. 6 I will go through a little bit of Q. 7 the ground rules here for you and then we can get started. But before that, lets just take care of 8 a little housekeeping. 10 Can you please state your full name and date of birth for the record? 11 Jamie Robert Wilson, 15th of June, 13 1980. 14 And your home address? Q. 15 361 Westlake Drive, Queensland, Α. 16 Australia. 17 And your work address? Q. 18 11420 George Street, Queensland, Α. 19 Brisbane. All in Australia? Q. All in Australia. Α. Q. So you understand that you are under

Page 10 oath today and you are sworn to tell the truth? Α. Yes. 3 And your examination is now being Q. recorded and may be shown to a jury at some 5 point. 6 Along those lines of the ground 7 rules, the court reporter is taking down 8 everything you say. And so it might be 9 counterintuitive, but you need to try to audibly respond. So yes or no. If you shake your head 10 yes or if you shake your head no, she won't get 11 12 it. 13 Α. Okay. 14 I will try to remind you to speak 15 audibly, but try to do your best also. 16 Α. I understand. 17 Are you taking any medication today Q. 18 that might affect your ability to tell the truth? 19 No, I'm not. Α. Or to recollect anything? Q. Α. No. Q. Is there anything that would impair

Page 11 your ability to tell the truth at this deposition today? Α. No. 4 Okay. If I ask you a question and 5 you don't understand it, please ask me to explain 6 or repeat it. 7 Α. Will do. 8 If you don't, I will assume that you Q. understood the question, and I will rely on your 10 answer, okay? 11 Α. Okay. 12 MR. PASCHAL: Just one second, but 13 mine is working, but --14 MR. FREEDMAN: Go off the record. THE VIDEOGRAPHER: Off the record at 15 16 8:38. 17 (Whereupon, a discussion off the 18 record took place.) 19 THE VIDEOGRAPHER: We are back on the record at 8:39. 20 21 BY MR. FREEDMAN: And finally, if you need a bathroom 22 Q.

Page 12 break or you just need a break, stretch your 1 2 legs, take a second. Let me know. This is not a 3 marathon. Will do, okay. Okay. So, Mr. Wilson, you were born Q. 6 in Australia? Α. Yes. Q. Did you go to college or university? 9 Α. Yes. Where did you go? Q. 11 Α. Queensland University of Technology. 12 Did you attain any degrees there? 0. Bachelor of Commerce. 13 Α. 14 And what year did you get the 0. Bachelor of Commerce? 15 16 Α. 2006. 17 Did you ever become a CPA or go to Q. graduate school? 18 19 Α. No. 20 Okay. Have you been an accountant? Q. Α. Yes, but not a tax accountant. Q. And did you take any training to

    become an accountant?
            Α.
                 Yes.
                 Where?
            Q.
4
                 At JW Schubert & Co, located in
    Springwood in Logan, in Queensland.
 6
                 When did that program start?

    2008?
13
            Α.
                  Yes.
14
                  And then did you begin working as an

                  That's right.
            Α.
                  And how long did you continue
            Q.
```

Page 14 working as an accountant? Α. Up to 2010. 3 Q. Okay. Did you ever work as an accountant after 2010? 5 I, well only on the projects that I was looking after full-time. 6 7 Got it. So you weren't --So, not outside, where my interests 8 weren't involved. 10 Q. Got it. When did you first learn 11 about Bitcoin? Bitcoin, 2011. 13 Q. Okay. And how did you learn about 14 Bitcoin? 15 It was part of my travels around the 16 world where I was cross-examining a whole lot of cybersecurity experts looking for a solution that 17 18 I have built today in the market. 19 Okay. So, can you tell me when you Q. 20 first met -- well, do you know Craig Wright? Yes, I do. Α. Q. Can you tell me when you first met

Page 15 Craig Wright? Α. Craig Wright I would have met in 2012. And how did you come to meet him? 0. Through working and cross examining a whole lot of cybersecurity experts to build a 6 stronger solution. Q. And tell me about the solution that 9 you have now built. 10 Is that your digital file? 11 Α. That's correct. So, our technology 12 is called Cryptoloc which is a cryptographic 13 solution and we've got global patents which have 14 an escrow in a point of difference on a global stage. 16 Q. And you first spoke with Dr. Wright 17 to help you build this technology? 18 That's correct, yes. Α. 19 Along with a bunch of other --0. So, I already had started in 2012. Α. Q. Okay. Α. So, it would have been like '12,

Page 16 early '13 that I actually physically met Craig. 2 Q. Okay. And from there we did bring Craig in as a, the expert cybersecurity to be able to oversee the development of the product. 6 Got it. And did, similarly did Q. Craig involve you in his companies at that point? Α. No, no. It was after that period of 9 time. 10 Approximately when did Craig involve 0. 11 you in his companies? 12 It would be 2014. Around about June 13 or July of 2014. 14 Okay. Do you recall what capacity 15 he, Dr. Wright involved you in his companies? 16 Because we were working on the 17 Cryptoloc Solution for Your Digital File, he 18 liked the way I was building the culture of the 19 team. And, he said to me Jamie, I want to start 20 a new project would you come on as a director. 21 And also with my background you

would become the CFO.

Page 17 Q. Got it. So, he, Dr. Wright listed 2 you as a director of various companies. 3 That's correct. Α. 4 Were you a director of Coin 0. 5 Exchange? 6 Α. Yes. 7 Were you a director of Integers? Q. 8 Yes. Α. MR. PASCHAL: Objection, form. 9 10 BY MR. FREEDMAN: 11 Were you a director of -- do you Q. 12 remember all of the companies you were director of? 13 No, I don't. 14 Α. 15 Were you a director of Q. 16 Interconnected Research Pty? 17 I would have to have a look at the 18 ASX Register. 19 Q. Were you a director of Hotwire 20 Preemptive Intelligence Pty? 21 A. Yes. 22 Q. Were you also a shareholder in some

Page 18 of these companies? 1 Craig did gift me shares. 2 Α. 3 Q. Okay. But when I resigned, it was removed. 5 Q. Okay. Were you, do you recall if you became a shareholder of Coin Exchange Pty? 6 7 I'm positive I did, yes. Okay. And were you also the CFO for 8 Q. Coin Exchange? 9 10 I was. So, for all companies I would have been the CFO. 11 12 Okay. And bear with me here. 13 Since, we had some printing trouble earlier so 14 I'm trying to pull these up electronically. 15 Let me e-mail these to you guys. 16 I'm going to hand you what has been 17 produced in this litigation as Defense Australia 18 108905 through 108908. 19 And we will mark it as Plaintiffs 20 Exhibit 1. 21 (Wilson Exhibit Number 1 22 marked for identification.)

Page 19 1 BY MR. FREEDMAN: Q. If you could start at the top and go forward. You guys should have it in your e-mail. The resignation letters. Correct. So, if you take a look at Q. 6 the date at the top for me, Mr. Wilson. 23rd of October, 2013. Q. So, does that help you potentially 9 remember when you started working and when you 10 ended working for Dr. Wright? 11 It would have been, so, Craig would 12 have come in, I would have to have a look at my 13 records. It would have been the end of 2011 and 14 2012. 15 Okay. And then you would have Q. 16 resigned in October of 2013? 17 Yes, I did, yes. After I returned from New York. 18 19 Okay. And if you take a look for me 0. at the page that is marked at the bottom 108907, 20 it is the third down. 21

Yep.

Page 20 Do you see where it says--1 Q. 2 Α. 907, Interconnected Research Pty. 3 Does that help you remember if you Q. were the director of Interconnected Research Pty? 4 5 Yes, this one here was a company that I was set up when I was in New York which 6 7 would have been September or October, which Craig signed me up as a director without my consent. 8 9 0. Okay. Did you -- thank you, Mr. Wilson. 10 11 Did you ever help -- well, you know 12 what, before I take these back from you, do you 13 recall writing these resignation letters? 14 Absolutely. And I physically handed Α. 15 it to Craig as well. 16 0. And these are the resignation 17 letters that you handed to Craig? 18 That's right. And e-mailed. Α. 19 Okay. Did you ever help Craig set Q. 20 up a trust? 21 No. One of our lawyers, who was Α.

- Q. Okay. And then as we have just seen you have resigned in October of 2013.
  - A. Yes.
  - Q. Can you tell me why you resigned?
  - A. The reason for it is that I wasn't feeling comfortable with the position of what was happening and not understanding everything behind the documentation and the accounts. That was the purpose of it.

And also at the same time my ex-wife had medical issues as well.

- Q. Okay. Can you explain to me a little bit more what you meant, what you mean by you weren't comfortable with what was going on in the documentation.
- A. Well, in, the lead up to my resignation, and it would have been over a 12-month period, Craig did set up these companies. And I was working with Craig, prior being on the board of White Ear and as an advisor

Page 22

to us in regards to development.

But, my trouble was, and it was exciting moving in with him to start working on the new projects.

But, where I didn't feel comfortable is Craig's change of attitude from a developer that would be in hoodies and, you know, very low key and working with, to one that, that is it, I've got to be the man, I've got to be the CEO, new flash suits, ties, and it was just a massive change from where he was conservative to right out there.

Also I didn't agree on the employment of the staff and the buildup of these companies without understanding, the full understanding, of where the funding was coming from.

So, I know there was a lot of
Bitcoin there. However, when I started to have a
look at the R&D and the claiming of the R&D,
research and development, for the Australia
federal government I didn't feel comfortable when

Page 23 I noticed that these amounts were from a U.S., 2 and at that time and I am still not aware if the money actually was funded by the U.S. government. And I thought, well hang on, the Supreme Court of Australia has turned around and 6 brought this IP into Australia, and now Craig is turning around and claiming the R&D on this 8 money, that was paid by the U.S. government. 9 And I thought, this to me looks 10 And, I want nothing to do with it. 11 So, you resigned? 12 I resigned. And since then I have 13 had many times with the Australia taxation 14 office, coming and investigate where I had to 15 give evidence and the breakdown of it, purely 16 because of, they put me under a microscope, the 17 ATO. 18 And has the ATO found that you did 19 anything wrong? Α. No, no. 21 Okay. I am, and ATO is the

Australia Tax Office?

Page 24 Taxation Office. Α. 2 Q. Okay. 3 (Wilson Exhibit Number 2 marked for identification.) 5 MR. FREEDMAN: I have just sent 6 e-mails to you, counsel. 7 BY MR. FREEDMAN: 8 But Mr. Wilson, I'm going to hand Q. you what has been produced in this litigation as 10 Defense 45496. And if you can take a look at it for a second, specifically under the line is, it 11 appears to be an e-mail from you to Craiq. 12 13 you see that? 14 Α. Yep. 15 Do you remember sending this e-mail? 16 You can take a second to familiarize yourself 17 with the document. 18 MR. PASCHAL: You going to be 19 e-mailing us documents or do you have 20 physicals. 21 MR. FREEDMAN: We are waiting for 22 them to print. But I will e-mail them to you

Page 25 in the meantime. 1 2 MR. PASCHAL: If you are e-mailing, 3 it takes a second to get to us, so let us look at it before you show it to him. 5 THE WITNESS: That's correct. 6 BY MR. FREEDMAN: 7 0. So, you recognize this document? Yes. And I did send it. 8 Α. 0. Okay. And, can you tell me a little bit about what happened in this e-mail? 10 11 Α. Okay. So, the reason for it was 12 that Craig wanted to increase his holdings within 13 YDF, with --14 0. This is your company? 15 That's correct. It was called the Α. Digital Filing Company Pty Ltd which no longer 16 17 holds, in operation. 18 The reason, I wasn't aware that the 19 transfer in these amounts had been done and, nor 20 the capitalization of these accounts with the listed on ASIC, hence why I did do the e-mail 21 22 just so that it was down on paper.

Page 26 Q. Let me break this down for you. 1 The 2 capitalization of the accounts. Can you explain 3 that a little bit to the jury? This is what the issue was. I 4 5 didn't see the physical cash in the bank; it was 6 done by Bitcoin. 7 There was a capitalization of, I'm looking at your e-mail, looking at a 8 capitalization of eight and a half million 10 dollars? 11 Α. Correct. \$40 million? 12 Q. 13 A. That's right. 14 Q. \$30 million. 15 That's right. Α. Suffice to say 10s and 10s of 16 Q. millions of Bitcoin? 17 18 Oh, absolutely. And "Craig I see 19 you have issued shares to me personally and I'm 20 not aware this was done already. This needs to 21 be fully accounted for as we are dealing with a 22 publically listed company." And that was Rubik

Page 27 over in Australia. 1 2 They also were investigated by the 3 Australia Taxation Office in regards to the matter with Craig. Got it. And did you ever sit down 5 Q. with Craig and discuss this e-mail with him? 6 7 I can't recall. Α. 8 Q. Okay. But the response is there from Craig, too, it doesn't allow this right now, but 10 we have the following, oh, capitalization, that, 11 12 why didn't Xero do it? Because it didn't have 13 Bitcoin at that stage of the currency. 14 Got it. What happened to all of Q. 15 your shares in these businesses after you 16 resigned, Jamie? 17 Oh, they were just removed. 18 Okay. During the time that you Q. 19 worked for, or with Dr. Wright, so that would be 20 from about 2011 to 2000 -- October of 2013. Α. **'**13.

- 6 Q. What type of projects did you

No. 8 There may be times when opposing Q. counsel lodges an objection to the way I'm asking 9 you a question. 10 11 So you may hear me ask a question 12 more than once. 13 If you could just answer it again. 14 Α. Okay. Did Craig ever talk to you about 15 Q. 16 Dave Kleiman's intent about anything? 17 Α. No. 18 Q. Okay. Were you, did you handle the 17 accounts for Coin Exchange? 18 No. And what is strange is I didn't actually handle the accounts for any of it. 19 20 There was a bookkeeper that was involved. 21 So, although I had the title of the 22 CFO, Chief Financial Officer, my capacity as an

Page 32 accountant, I was not given full control, nor did 1 2 I even have access to zero. 3 Q. Okay. So, during the time you were director and shareholder and the CFO of Coin 4 5 Exchange, did Craig ever tell you that Dave Kleiman was also a shareholder of Coin Exchange? 6 7 Α. No. (Wilson Exhibit Number 3 8 9 marked for identification.) BY MR. FREEDMAN: 10 11 0. Mr. Wilson, I'm handing you what we 12 are going to mark as Plaintiffs Exhibit 3? it is a Document 83-5. FREEDMAN: 5 6 So, you were the CFO, in April of Q. 7 2013 -- strike that. What positions did you hold in Coin 8 Exchange in April of 2013? 9 10 I'm not too sure when I, when it was kicked off and when I was added as a director. I 11 12 would have to go through the ASX Register. 13 0. Okay. Thank you. 14 That previous -- oh, not to worry. Α. 15 Okay. Mr. Wilson, were you aware Q. 16 that Dave Kleiman died in April of 2013? 17 Α. Yes. 18 How did you know that Dave died? 19 Craig said to me a good mate of his Α. 20 just passed away, and I believe he came over to Florida. 22 Q. Okay.

Page 36 Or he did fly to the States. 1 Α. 2 Q. Did you notice a change in Craig from before and after Dave died? 4 MR. PASCHAL: Objection, form. THE WITNESS: Yes. 6 BY MR. FREEDMAN: Okay. Can you expand on what that 0. 8 change was? 9 The change was from Craig, as I stated before, being a developer, security, 10 11 hoodie, you know, very much --12 MR. FREEDMAN: Sorry. 13 THE WITNESS: You know, wearing 14 hoodies and things like that, when I would 15 have meetings down in Sydney, he would turn 16 up and we'd go to a little cafe shop and 17 things like that where the train station was. 18 Once Dave had passed away and things 19 started to get kicked off with these new 20 companies, there was a matter of all of a 21 sudden he had to dress in flash suits, you know, wear the best watches, shoes,

Page 37 fascination with socks. Even down to vehicles. He moved from his normal Subaru which was beaten up and went and got a brand new car. just a massive change in lifestyle. 6 wasn't the Craig I originally met. 7 BY MR. FREEDMAN: Q. So, I want to drill down on that a 9 little bit more. 10 Before Dave died you said Craig dressed in hoodies? 11 Α. Yes. 13 0. Can you expand a little bit more? Yes, tee shirts, normal sort of 14 Α. 15 developer sort of clothes. You could tell -- I 16 mean Craig is a very bright, very smart man. 17 Q. Right. As I have said before, one of the 18 19 greater futurists I have actually come across. 20 But it was just disappointing to see 21 the way the business was handled moving forward. And his arrogance, believing that he has got to

Page 38 change himself, I think just caused him a lot of problems. Q. Beyond the physical change of going from hoodies to suits and expensive watches, did you see a change in his attitude at all? 6 MR. PASCHAL: Objection, form. THE WITNESS: Yes. 8 BY MR. FREEDMAN: 9 Did he suddenly have confidence? 10 What was the change? 11 Oh, the confidence went through the 12 roof. It was a matter of I'm the man, I'm going 13 to do this, this is the way I'm going to go about 14 it. 15 Whereas a lot more humble prior to 16 Dave's passing. 17 And, how quickly after Dave's Q. passing did this happen? 18 19 I would have said June/July. 20 Did you understand, did you ever Q. come to have an understanding of why there was 21 22 this sudden shift in his personality?

Page 39 Did it have to do with money or any, 1 2 I mean, tell me, did you see any -- strike that. 3 Did you ever come to have an understanding of why there was a sudden, a 4 5 massive shift in Craig's outward appearance? 6 MR. PASCHAL: Objection, form. 7 THE WITNESS: No. BY MR. FREEDMAN: 8 9 0. Okay. It was only when time has gone by. 10 11 Q. Beyond flashy watches, suits, new 12 cars, did you see any other sudden displays of 13 wealth? 14 MR. PASCHAL: Objection, form. 15 THE WITNESS: Yes. 16 BY MR. FREEDMAN: 17 Can you expand on that? 0. 18 I did have a Christmas party and 19 Craig and Ramona joined us at the event that 20 night. I mean, Craig was very much, you know, the best of the Champagne, top shelf, and

Page 40

- out of a team of around about ten, there was about \$15,000 spent on the evening, all paid by Craig.
  - Q. Was that something Craig would have done prior? Is that something you had seen Craig do prior to Dave's death?
    - A. No, absolutely not. I mean, prior to Dave's passing, I was the one buying the coffees and spending the money travelling back and forward.
- Q. And then thereafter?
- A. It was a matter of he would even fly
  his team up to Brisbane. We would all go out
  together. Craig would actually pay for everyone
  who came along.
  - Q. Did it appear to you that after Dave died, Craig had access to massive amounts of assets that he did not previously have before?
- MR. PASCHAL: Objection to form.
- THE WITNESS: The money came from
- somewhere.

    Craig with a cc: to you?
            Α.
                  Yes.
11
            Q.
                  And in it, Craig says, "Hello Love."
12
    I'm assuming that is addressed to Ramona.
13
            Α.
                  Correct.
14
                  "Well I said I would be doing
15
    something with that money. And there is a link,

No. 12 Thank you, Mr. Wilson. 13 So I can stop asking the question a 14 million times, Mr. Wilson, did Craig ever tell 15 you that Bitcoin he owned or controlled was 16 locked in a file that he could not access? 17 MR. Yes. 12 Do you remember receiving it? 13 Α. Yes. 14 If you look at the last sentence of 0. 15 the first paragraph it says, "A \$5 million 16 Bitcoin fund was world news and TV globally. 17 make this look like a mom and pop operation from 18 the Winkly Bros." 19 Do you see that? FREEDMAN: 6 Mr. Wilson, I'm handing you what has Q. been marked as Wilson 14. It is Document 83-4. 7 8 If you open that up Mr. Wilson and 9 take a look, do you recognize this as an affidavit Craig Wright submitted to the Supreme 10 11 Court of New South Wales? 12 Α. Yes. 13 Q. Can you turn to Paragraph 23? 14 Α. Yes. In it Craig writes, "On first of 15 Q. 16 August 2013 a shareholder's meeting was called 17 for W&K Info Defense LLC to be held on the 16th 18 of August 2013. 19 "The meeting was e-mailed to the 20 company address as well as sent to the address of 21 the shareholders and company. 22 "The shareholding of W&K Info

Page 69

- 1 Defense LLC was Craig S. Wright 50 percent; David
- 2 A. Kleiman 50 percent. "
- And in Paragraph 24, "The meeting
- 4 from Point 23, the meeting was held on the 16th
- 5 of August 2013.
- The following people were present.
- 7 Jamie Wilson, Craig S. Wright." Do you see that?
- 8 A. Yes.
- 9 Q. Did this meeting ever occur?
- 10 A. Yes.
- 11 Q. What happened at that meeting?
- 12 A. Craig said to me that with David's
- 13 passing that we needed to do the paperwork for
- 14 him to turn around and take full control and
- 15 resolve the issue of David being on the, as a
- 16 shareholder.
- To be honest, at that stage I had
- 18 no, I didn't have the knowledge or understanding
- 19 of what it all meant, because the motions were
- 20 already happening with the Supreme Court of New
- 21 South Wales.
- 22 Q. So, if you look at the next page,

Page 70 "The following points were moved at the meeting: 1 2 "One, Jamie Wilson will act as a 3 director for purposes of consenting to orders and 4 the company to be wound down. The vote was Craig 5 Wright yes; no other parties. It was agreed that 6 filing the motion to accept the debt owned by 7 company W&K Info Defense LLC would be closed." 8 Do you recall this happening? This is my first knowledge that I 9 was acting as a director of the U.S. company. 10 So, this is the first time -- so, 11 Q. 12 let me break that down a little bit. 13 You do recall the meeting happening; 14 is that correct? 15 It was part of our meeting that day Α. 16 and it was around Hotwire PE. Okay. 17 Q. 18 Not so much WK. Α. 19 So, you remember the meeting Q. 20 happening. 21 Is it accurate to say that you

22

remember the meeting happening, but you don't

Page 71 remember being made a director of W&K? 1 2 Α. Absolutely. 3 Okay. So then you would agree with Q. the characterization in 24, Paragraph 24 that 5 there was a meeting. Present, Jamie Wilson and 6 Craig S. Wright were there? 7 Α. Yes. 8 Q. But is it accurate to say you would 9 disagree with what happened in Paragraph 26? 10 Α. Yes. This is my first that I am being made aware that I was a director of the LLC 11 12 company. 13 Q. LLC is a Limited Liability Company. The LLC meaning W&K Info Defense Research? 14 15 Α. Yes. 16 Q. Mr. Wilson, can you talk to me about 17 the type of intellectual property that Craig was 18 developing in 2013? 19 MR. PASCHAL: Objection, form. 20 MR. FREEDMAN: What is the basis? 21 MR. 19
                  The challenges were that it went to

And that is Vel Freedman, right? 17 That's correct. 18 Q. And what did you say to Mr. Freedman? 19 20 A. Good morning. Good morning to all. 21 Q. Did you say anything else to Mr. Freedman? 22

Page 85 No. That was it. You were present 1 Α. 2 when I walked in. 3 Q. Did you say, "Mr. Freedman, it is finally good to meet you in person"? 4 5 Α. Yes. Q. How many times have you spoken to 6 7 Mr. Freedman? 8 Three, four times. Α. When was the first time you spoke to 9 0. 10 Mr. Freedman? 11 Oh, maybe July. Α. 12 Q. July of this year? 13 A. Or August of this year, maybe. How -- this year, right? 14 Q. That's correct. It might have been 15 Α. 16 August. 17 Q. Okay. And how did you speak with 18 Mr. Freedman? 19 A. By phone. By phone call. 20 Q. You have never e-mailed 21 Mr. Freedman? 22 A. Originally I did an e-mail. And he

- 1 said Jamie, we have been looking for you, can you
- 2 give me a call.
- 3 Q. You said you sent an e-mail?
- A. I physically sent an e-mail.
- 5 Q. To say?
- A. To say congratulations or something
- 7 like that on the case of Craig Wright.
- 8 Q. So, in July or August of this year,
- 9 you sent an e-mail to Mr. Freedman congratulating
- 10 him on this case?
- 11 A. That's correct.
- 12 Q. And when did Mr. Freedman respond to
- 13 you?
- 14 A. Within a 24-hour period.
- 15 Q. Okay. Let me go back to your first
- 16 e-mail.
- Was there anything else other than
- 18 you congratulating him for this case, was there
- 19 anything else that you said to Mr. Freedman in
- 20 that e-mail?
- 21 A. No. I mean I could give you a copy
- 22 of the e-mail.

Page 87 Q. Yes, I would like a copy of the 1 2 e-mail. 3 Α. Sure. Q. And what did Mr. Freedman respond to 4 5 you and say? 6 A. Can we talk? It was a phone call 7 after that. 8 Q. Was that all that Mr. Freedman said to you in that e-mail? 9 10 Α. Yes there wasn't much in it at all. 11 Q. So, I just want to be clear. You 12 congratulate him and he says I want to talk to you. That is it? 13 14 A. Yes, it was very simple with a 15 reply. 16 Q. Okay. Are those the only e-mails that you had with Mr. Freedman? 17 18 Yes, I'm more than happy to supply 19 the e-mails to you. 20 Q. Do you have any text messages with 21 Mr. Freedman? 22 A. No, only that can you write or can

- 1 you give me a call. I want to book my flights.
- 2 I want to make sure that I don't stand him up and
- 3 to make sure that I'm here present.
- Q. Okay. Let me get into that. So you
- 5 booked your flight to come here for what purpose?
- A. No. So, I do have an office in New
- 7 York, a physical office on Madison Avenue.
- 8 Q. Yes.
- 9 A. I travel back and forward out of the
- 10 U.S. on a regular basis.
- 11 This, while I am here in Washington,
- 12 was for the CINet Conference, which is a whole
- 13 lot of leading CISOs nationally in the U.S. that
- 14 we all to get together.
- 15 Q. So, if I were to say that you don't
- 16 travel to the US that frequently, would that be a
- 17 false statement?
- 18 A. That's correct. And you can tell by
- 19 my passport and the amount of time that I enter
- 20 America.
- Q. When did Mr. Freedman arrange for
- 22 you to meet or have this deposition?

Page 89 When he found out that I was coming 1 Α. 2 to the States. 3 Q. When did he find out that you were coming to the States? 5 About two weeks ago. Or a week ago. Q. Okay. And how did you, how did you 6 7 communicate that? 8 Α. E-mail.9 0. By e-mail? 10 Α. Yep. 11 Q. Okay. So there is a third e-mail 12 then? 13 Α. Yes, there would be a couple of e-mails back and forth. 14 There is a chain of e-mails. 15 0. 16 Α. That's right. 17 Q. Okay. Did Mr. Freedman ask you to come or did you tell him that you were coming? 18 19 No, no. I was coming. I mean I Α. 20 have had my conference here for the last couple 21 of days. Physically here.

Q. And when -- I'm sorry, when did you

22

Page 90 tell him that you were coming? 1 2 About two weeks ago. 3 Q. About two weeks ago. Okay. Did Mr. Freedman, when you reached out to him in July 5 or August of this year, did he ever ask you to come here for any other reason? 6 7 No, not at all. Okay. Did you ever get any filings 8 Q. in this case? Did Mr. Freedman ever send you any filings in this case? 10 11 No, not at all. 12 Q. Did he ever send you any documents in this case? 13 14 A. Absolutely zero. 15 Did he ever ask you for any Q. 16 documents? 17 Α. Yes. 18 Q. You sent him documents. 19 Α. Yes. 20 How many documents did you send him? Q. 21 Α. Oh, my resignation letters.

Oh, there was an e-mail or a social

22

- 1 media from Craig Wright making out that I was a
- 2 liar and deceitful and things like that, which
- 3 was posted.
- And I thought well, you know what,
- 5 if that is the case, then I will give the
- 6 evidence that I actually did physically resign.
- 7 And these were the sequence of events.
- I am more than happy to share what I
- 9 did share.
- 10 Q. Okay. And, are you represented by
- 11 counsel?
- 12 A. No.
- 13 Q. Okay. And if I needed to get in
- 14 contact with you, how would I get in contact with
- 15 you?
- 16 A. I'm more than happy to give you my
- 17 details.
- 18 Q. What is your e-mail address?
- 19 A. Jamie.wilson@cryptoloc,
- C-R-Y-P-T-O-L-O-C.com.
- Q. And what is your phone number?
- 22 A. Plus 61-416-176-816.

Page 92 Is that a cell phone or a land line? 1 Q. 2 Α. No, my mobile number. And I will 3 give you my card as well. MR. PASCHAL: I guess we have to 4 5 mark this, can you mark this? (Wilson Exhibit Number 19 6 7 marked for identification.) 8 BY MR. PASCHAL: And just, my colleague reminded me, 9 0. what is your addresses for the offices in U.S.? 10 11 So the one in New York is 261 Α. 12 Madison Avenue, Level 9. 13 Q. Okay. And then you said, do you have another one? I can't remember? 14 15 No, just the one. Α. 16 Q. Okay. So I just, I don't want to 17 mischaracterize anything you have said. 18 So, you reached out to Mr. Freedman 19 to congratulate him, correct? 20 Α. Yes. 21 Q. And then you also reached out to him 22 two weeks ago to let him know you were coming

Page 93 here, right? 1 2 Α. Yes. 3 He did not reach out to you, Q. correct? 5 No. He did. Α. 6 He being Mr. Freedman? 7 Mr. Freedman asked me when was the next time I'm coming to the U.S. 8 9 I'm sorry, did you ever receive a subpoena to show up at this deposition today? 10 11 Α. No. Did you ever ask for a subpoena to 12 13 be at this deposition today? 14 Α. No. 15 Q. Are you here voluntarily? 16 Α. Yes. 17 Q. Okay. Now you also testified a 18 moment ago with Mr. Freedman that -- you said things changed with Dr. Wright some time between, 19 20 or after Dave's death, right? 21 Α. Correct. 22 Q. Okay. And Dave died in April

Page 94 of 2013, correct? 1 2 Α. Yes. 3 Q. And you also testified that after Dave's death Craig showed some wealth, right? 5 Α. Yes. 6 Q. In fact you were able to tell me the exact amount that Craig spent for champagne with 7 his wife, correct? 8 9 Yes, for a Christmas party. Q. For a Christmas party. And that 10 11 Christmas party was in 2013? 12 Α. Yes. 13 Q. I'm going to break that down. 14 So --15 I don't even know if it was a Α. 16 Christmas party. But it was a get together, 17 anyway, a celebration. 18 Q. Was it around Christmastime? 19 A. I would have to go back and have a 20 look. But it --21 Q. So you remember the amount he spent

for champagne, but you don't know --

22

Page 95 A. No, it wasn't champagne; it was 1 2 dinner. It was a 15,000; it was top end, not champagne, had a big top range wine as well. 3 Q. Were you responsible for the check 4 5 for dinner? 6 MR. FREEDMAN: Let the witness 7 finish his answer, Mr. Paschal, before you continue. 8 9 THE WITNESS: No. 10 BY MR. PASCHAL: 11 Q. But you remember the exact amount 12 for the bill? 13 A. Yes. 14 Q. Now I'm just going to address this 15 in parts, so ... 16 A. Sure. 17 Q. You knew of Dave, right? 18 Α. Yes. Of him. Q. Dave Kleiman, I should clarify? 19 Yes. 20 Α. 21 Q. And you have heard people talk about 22 Dave Kleiman, right?

Page 96 1 Α. Yes. 2 Q. Did you know that Dave Kleiman lived 3 in the VA Hospital for the last two years of his life? 4 5 Α. No. 6 Q. Did you know that Mr. Dave Kleiman 7 could not afford to pay his cell phone bill during that time, so his phone was disconnected? 8 9 Α. No. 0. Did you ever that his friends had to 10 11 lend him money to pay his cell phone bill so that 12 he could use his cell phone? 13 Α. No. 14 Did you know that Mr. Kleiman could 15 not afford his internet or cable and XFINITY 16 actually had to disconnect his account? 17 Α. No. 18 Did you know that the day that Q. 19 Mr. Kleiman passed, or about the day that he 20 passed or the day before he passed, his credit report showed that he had applied for a Payday 21 22 loan and was denied?

Page 97 1 Α. No. 2 Q. Did you ever know Dave Kleiman to 3 have a considerable amount of wealth? 4 Α. No. Q. Did you ever see Dave Kleiman 6 develop any intellectual property? I never met Dave Kleiman. Q. But just answer my question: You 9 never knew of him developing any intellectual 10 property? 11 Only with Craig being Blockchain or 12 Bitcoin. 13 I'm going to get into that in a 14 second. So that is the only way that you know 15 that? 16 Α. Absolutely yes. 17 And did Craig tell you that? Q. 18 Yes. Α. 19 And on how many occasions did Craig 20 tell you that? Well that is how he started Blockchain or Bitcoin. And it was a matter of I

Page 98 did it with Dave Kleiman. So, that is how I knew of Dave Kleiman was purely because of the relationship between the two. Just to clarify, you said I did it with Dave Kleiman? You did it with --6 Α. No. No. Craig. Q. So Craig told you that. Α. Yes. 10 Q. And that is how you formed your 11 belief that Dave created intellectual property? 12 Together with Craig. 13 Q. Together with Craig? 14 That's right. But I had no Α. 15 understanding that --16 Q. So, based on that statement --17 I'm sorry, go ahead. 18 That he was in financial ruin. Α. 19 Q. Who was in financial ruin? 20 David Kleiman. Α. Okay. Now, you said that there was 21 Q. a change in Craig. He started wearing suits,

|    | Page 99   |
|----|---|
| 1  | right?  |
| 2  | A. Yes.   |
| 3  | Q. You just have to answer for the                |
| 4  | record.   |
| 5  | A. Yes.   |
| 6  | Q. You mentioned fancy watches.                   |
| 7  | A. Yes.   |
| 8  | Q. You said that he was showing that he           |
| 9  | had money.  |
| 10 | A. Yes.   |
| 11 | Q. That he had bought a new car?                  |
| 12 | A. Yes.   |
| 13 | Q. And to you that made you                       |
| 14 | uncomfortable?                                    |
| 15 | A. No. What made me uncomfortable was             |
| 16 | the change in habits and also the way that he was |
| 17 | going about his business.                         |
| 18 | So, that was only a small effect                  |
| 19 | versus how he would actually run the business and |
| 20 | on-board staff and new projects.                  |
| 21 | Q. Okay.  |
| 22 | A. So there is a bigger picture here.             |

    They are the smaller elements of the bigger

           Q. But this started in Dave's, after
4
    Dave died?
           Α.
                 Yes.
                 So, he didn't exhibit this before

                 No.
           Α.
           Q.
              Okay. And Dave died in April of
    2013?
11
           A. Yes.
12
           Q.
                 I'm going to show you --

    remuneration.
19
           Α.
              Yes.
20
           Q. But you are familiar with this
21
    document, correct?
22
           A. Yes, I am.
```

Page 101 Q. Have you done this -- how are you 1 2 familiar with this document? 3 The reason for it is that I never got paid, never received a cent. And as I have 4 5 stated to the Australia Taxation Office, I never received any money whatsoever from Craig Wright 6 7 and why should I have to pay tax. 8 Q. Okay. 9 So, I got a tax bill for money I never received. 10 So, going to my question, that is 11 Q. 12 how you remember a document like this? 13 Α. Yes. 14 Okay. So, I want to just go through Q. 15 this with you. 16 Your name is on here under Employee, 17 right? 18 Α. Yes. 19 And it does say Start Date: Q. 20 August 1, 2013, correct? 21 Α. Yes. Then it says October 11, 2013, 22 Q.

Page 102 Termination, right? 1 2 Α. Correct. 3 That is when you resigned? Q. Α. Yes. 5 Q. You could take a second. But can you look at Annual Salary? 6 7 Α. Yes. 8 And you could look at them all. Q. 9 Are you the second highest paid person for this company? 10 11 MR. FREEDMAN: Objection, form. 12 THE WITNESS: Yes. 13 BY MR. PASCHAL: And how many employees are there on 14 0. that list? More than 12? 15 16 Α. Yes. 17 Q. More than 14? 18 Α. Yes. 19 So it is a significant amount of Q. 20 employees for this company? Correct. 21 Α. Yes. 22 Q. And you are the second highest paid

Page 103 person? 1 2 Α. Yes. 3 MR. FREEDMAN: Objection to form. BY MR. PASCHAL: 5 Q. And you started in August of 2013, right? 6 7 No, no. I didn't. If you have a Α. look it was January, 8 of January, 2013. 8 9 So that Christmas party that we 10 asked before --11 Q. Hold on, go ahead. 12 That would have been in December. So that does work out. 13 14 Q. So, the date on this, this goes, the 15 date then the month then the year? 16 Α. Yes. 17 So, why is your resignation say here Q. then November 10, 2013, if you resigned in 18 October? 19 20 A. That would have been Craig or who, or his bookkeeper who looked after the accounts. 21 I would not have processed my own termination pay 22

- 1 because I never received the payment.
- 2 Q. Okay. But you were scheduled to be
- 3 one of the highest employees, paid employees of
- 4 this company, correct?
- 5 A. Yes.
- 6 Q. So, it is January, you are saying
- 7 that you were employed January 8th of 2013.
- 8 A. Yes.
- 9 Q. And how many people started the
- 10 company, well I guess with you?
- 11 A. Well Ramona Watts. His wife.
- 12 Myself and Craig.
- 13 Q. Okay.
- 14 A. And then I would live in Brisbane;
- 15 Craig lives in Sydney. All of the business was
- 16 done out of Sydney. I was flying back and
- 17 forward. Craig was then on-boarding other people
- 18 around him to start up Hotwire PE.
- 19 Q. Okay. So, for nine months -- strike
- 20 that.
- 21 So in April Dave dies?
- 22 A. Yes.

Page 105 You stay on with Hotwire in May, 1 Q. 2 right? 3 Α. Yes. You stay on in June, right? You 5 stay on in July. You stay on all of the way 6 until October or November? 7 23rd of October my resignation. Okay. And at no time -- well are 8 Q. 9 there any documents where you express concern to Craig that his demeanor has suddenly changed? 10 11 Α. No. 12 Are there any documents that any of 13 their employees where you say Craig suddenly 14 changed, something is wrong? 15 But you -- the difference is I 16 actually knew Craig prior to him on-boarding staff. 17 18 I worked with Craig for quite some period of time with the technology of YDF. 19 20 So, the advisory board that I had around me, and to one of them being our lawyer, 21 22 Diane Pinder, would be one that would be able to

- 1 say, who is an attorney herself, that his
- 2 demeanor did change over that period of time as
- 3 well as Dr. Allen, I can't remember his surname.
- 4 Q. I just want to go back to my
- 5 question.
- 6 Are there any e-mails or
- 7 communications where you expressed to anyone
- 8 during this 9 month or 10 month or 11 month
- 9 period that Craig's demeanor suddenly changed
- 10 when Dave died?
- 11 A. No.
- 12 Q. Did you ever express any concern
- when you served as CFO of Hotwire?
- 14 A. No.
- 15 Q. As a CFO, and I guess there is a
- 16 difference between CFO -- well does CFO involve
- 17 tax duties?
- 18 A. It does. It can be, but we had a
- 19 external party, BDO, who would look after the
- 20 taxation part of it.
- Q. What is BDO?
- 22 A. It is one of the larger, well middle

Page 107 tier accounting firms in Australia, equivalent to 1 2 like an Ernst & Young here. 3 So it is a prestigious company? Q. Α. Yes. 5 Ο. And as CFO -- and your being an accounting CFO role for the company of Hotwire, 6 7 right? 8 Α. That's right. Not Craig Wright? 0. Α. 10 No. 11 Q. So, you owed some duties to the 12 company, correct? 13 Α. Absolutely. 14 And in this entire period there is 0. 15 not a single e-mail or communication where you 16 said I am concerned because Craig Wright's 17 demeanor has suddenly changed. 18 No, because he had the money to turn 19 around and back it, as per his Bitcoin wallets. 20 So I knew, it was all a very new thing for me and to understand Bitcoin as well. 21 22 And so I thought well, I can see why

- 1 he has got the money to be on board and he has
- 2 got the confidence to be able to bring these
- 3 people on.
- This was very new for me. I had
- 5 never had a background in technology. So, this
- 6 is the first start. It was, I was leading Craig
- 7 and following to understand how do you turn
- 8 around and make something. For what he was
- 9 doing, wanting to achieve.
- I mean some of the plans with the
- 11 company were out of my depth with what he was
- 12 wanting to achieve.
- 13 So, it was interesting for me. I
- 14 mean, he's a great futurist, so I could
- 15 understand where he was going and what he wanted
- 16 to do.
- But doing it the right way, and
- 18 trying to put the right people around is where
- 19 the challenge was for Craig.
- Q. Okay. You mentioned that you were
- 21 CFO but there was a bookkeeper?
- 22 A. Yes.

Page 109 Who was the bookkeeper? 1 Q. 2 Α. I can't remember her name. 3 Q. Okay. You can't remember her name. But what were her duties? 5 She looked after the accounts on a daily basis and reported directly to Craig. 6 7 You testified earlier that that was 8 unusual for you? 9 To not do --10 0. To not do that as the CFO? Normally I would have full access to 11 Α. the accounts and have a Xero access. Xero being 12 13 the accounting package, that is. 14 Q. Okay. 15 In this case, no. But then we are Α. 16 at the early days before we were on-boarding a 17 whole lot of staff. 18 So I knew that over a period of 19 time, that the duties would increase. But, I 20 didn't need to work in a full-time capacity. It was the early stages. It was a startup. 21 22 Q. So, for the nine months that you

- 1 were CFO, 9, 10, 11 months you were CFO, did you
- 2 ever express any concerns that there was a
- 3 bookkeeper?
- A. No, I wouldn't express concerns of a
- 5 bookkeeper. That makes total sense for the
- 6 everyday expenditure to be taken up by someone to
- 7 look after it.
- 8 Q. So, that is completely okay then for
- 9 you?
- 10 A. I have no problems with that. It
- 11 makes total sense.
- 12 Q. Okay. And what were your duties as
- 13 CFO?
- 14 A. Ours was working through the cash
- 15 flow. For me, it was, and why Craig brought me
- on, was the way that I had the discipline to be
- 17 able to build YDF, and the culture around it.
- 18 What Craig wanted was exactly
- 19 similar to what we had. But the difference is on
- 20 a greater scale, and he had a huge amount of
- 21 money behind him to be able to back it, to be
- 22 able to do it.

Page 113 marketing person looking at your LinkedIn, you 1 2 take this seriously, right? 3 Yes, the LinkedIn. Α. 4 And you hold this out because people 5 might use your company and want to look over 6 information about you. Correct? 7 Α. That's correct. So you would want to make sure this 8 Q. is accurate. Right? 10 Α. Yes. 11 You wouldn't put anything false in Q. 12 here, right? 13 Α. No. And you wouldn't leave out any 14 Q. important information, would you? 15 16 Α. No. 17 Q. Okay. Education, where it says 18 Queensland University of Technology. 19 Α. Yes, QUT. 20 Accounting and finance was your Q. 21 degree? 22 Α. Correct.

Page 114 Q. Did you take any classes in 1 2 cybersecurity? 3 Α. No. Did you take any classes related to 4 5 the Blockchain? 6 Α. No. 7 Did you take any classes related to Q. Bitcoin? 8 9 Α. No. 10 Q. Did you take any classes related to cryptocurrency? 11 12 Α. No. 13 Q. Did you take any classes related to 14 cryptography? No. And I never make out that I 15 Α. 16 have an IT background. 17 0. Okay. And then you go in from, I 18 quess right after education you go into laboratory assisted patient accounts, correct? 19 2.0 A. Correct. 21 Q. You didn't have any background 22 with --

Page 115 I have had no background whatsoever. 1 Α. 2 It was only after my dad passing that I started 3 to take an increase and understanding in cyber security. 5 But even today, I do not read code. I have experts there in my office, and I do have 6 a CISO, with a great background in cyber 7 security. 8 9 (Reporter requests clarification.) 10 THE WITNESS: Ah. CISO, chief information security officer. 11 12 What is the name of your chief 13 information security officer? 14 Α. Mark McPherson. 15 Is that the only person that you Q. 16 have in that capacity? 17 Α. Yes. 18 Do you have any computer scientists 19 working for you? 20 Yes, I have a data scientist as 21 well. 22 Q. What is that person's name?

Page 116 Melissa Crossman. 1 Α. 2 Q. And do you know their e-mail 3 addresses? Yes, I do. Α. 5 0. What is their e-mail address? Melissa.crossman@cryptoloc.com and 6 Α. mark.mcpherson@cryptoloc.com. 7 8 Q. Okay. Can you go to the first page. 9 So you say, "I took a fierce interest in cyber security solutions after two devastating events 10 in my life." Right? 11 12 Correct. 13 Q. Would that be when you first had a 14 passion for cyber security? 15 After the loss of my father, yes. Α. 16 0. And your father passed in 2011? 17 Α. Ten, so in October 2010, my father passed away. And it was through this process 18 19 when I was trying to find a solution in the event 20 that one dies, that you can find the will, the life insurance superannuation. 21 22 Q. I'm sorry, I need to ask you

- 1 questions. So that was an important -- strike
- 2 that.
- 3 When your father passed, it was
- 4 important that you were able to find documents
- 5 about him?
- A. Well it was. We were fortunate to
- 7 have dad for a 12-month period when he was
- 8 terminal with cancer.
- 9 And through that stage it was a
- 10 challenge to find all of those important
- 11 documents. And it was through that, that I had
- 12 seen, I even said to dad it was lucky that he was
- 13 alive, otherwise we never would have been able to
- 14 find the information.
- Okay. And I just want to ask you
- 16 then, so, when he, and I know it is difficult to
- 17 talk about some of this stuff, but I just want to
- 18 know.
- 19 A. Uh-huh.
- 20 Q. You were able to get documents from
- 21 him before he died because you had a window,
- 22 right?

Page 118 Yes, he was alive and we could use 1 Α. 2 him to find the information. 3 Q. But you, were you able to find documents? 5 Yes, because he was alive. Would it strike you as odd if 6 Q. 7 somebody were to destroy documents after a family member passed away? 8 9 Well, I suppose if they don't know the importance of it or a filing cabinet. 10 11 I mean, hence why I created YDF was purely in event that I drop dead that my family 12 13 and my two children would know where the information was. 14 15 Being an accountant at that stage, I 16 had a filing cabinet with a whole lot of 17 strategies of clientele. 18 Q. Yes. 19 And I thought what a mess it would 20 be that they would never receive their paperwork.

## 22 event that I passed away, that everyone receives

So I wanted to make sure that in the

21

Page 119 the information, and that it would stand up in 1 2 court. 3 So hence why I created the technology and went on this road and journey to 5 build it. 6 Q. That is a noble process. I mean, that is important for people that you are doing 7 that for, right? 8 9 It is. Α. Because it is important that if 10 Q. somebody passes they could get access to 11 12 important documents. Right? 13 Α. Yes. 14 So, would it be odd to you if 15 somebody were to throw away in the trash every 16 piece of paper that their family member had? Without looking at them? 17 18 Probably not. It depends on who the individual is. 19 20 Let's say it was your, I mean --Q.

For me it is different. Like I

21

22

Α.

would actually go through it.

Page 120 It depends on the capability of the 1 2 individual as well and the circumstances that 3 they grew up in. 4 So, if they erased hard drives and 5 threw out papers, that would be --6 That would be strange. 7 Okay. Just to clarify, I'm going to Q. show you a place on your -- actually, you said 8 9 you became engaged in cyber security after your father passed in 2011, right? 10 11 Α. Yes. 12 Q. Okay. 110. 13 Α. 14 On your LinkedIn, I don't know if it Q. 15 was just -- but it says 2010 is when you got 16 involved with cyber security. 17 Correct. So dad passed away in 18 October of 2010. 19 Q. Okay. 20 And I even spoke to dad prior to him Α. passing about it. 21 Okay. I got it. I'm sorry, if you 22 Q.

Page 121 wanted to keep --1 2 Α. No, go ahead. I understand. 3 Q. Can you take a look at what was Plaintiffs 15? 5 Yes, with the projects. 6 Mr. Freedman asked you if there was Q. a common theme between all of these things in 7 this e-mail, right? 8 9 Yes. Α. 10 The live feed here says you took 0. about 20 seconds to read this e-mail, right? 11 12 Α. Yes. 13 Q. Was that, and this is a two-page 14 single space e-mail, right? Or one page? It is 15 two pages, right? 16 Α. Yes. 17 Q. -- let me go through here. 18 Do you see the -- let's go to the 19 fourth category. 20 MR. FREEDMAN: Excuse me, counsel. 21 Could you tell me the Bates label on the 22 bottom of the page?

Page 122 MR. PASCHAL: Yes. It is 0043726. 1 2 MR. FREEDMAN: Thank you. 3 MR. PASCHAL: Let me know when you 4 have it. 5 MR. FREEDMAN: Go ahead. 6 BY MR. PASCHAL: 7 So, if you go down to the fourth Q. where it says Video System. 8 9 Α. Yes. 10 Q. Replacement for Adobe and 11 GoToMeeting. 12 Α. Yes. 13 Q. What does that have to do with 14 Bitcoin? 15 What he was trying to set up, Craig Α. 16 Wright, is the ability for, where you could go 17 into an environment, be able to negotiate and 18 then you would be able to use Blockchain, pay in 19 Bitcoin for the end of an agreement. So, of a 20 party. 21 Mainly if there was a legal problem. 22 And that as long as everyone was happy with the

- 1 outcome of it, then the money would be
- 2 transferred.
- 3 If not it would stay as an escrow
- 4 and then other legal professions would be able to
- 5 come in and voice their opinion and the money
- 6 would be dispersed at a certain percentage.
- 7 Q. Okay. But going back to my
- 8 question, though.
- 9 How is that related to Adobe or
- 10 GoToMeeting?
- 11 A. It was an improvement of what Adobe
- 12 and GoToMeeting is.
- It is the ability to be able to use
- 14 Blockchain to be able to escrow or escrow the
- 15 money with the Bitcoin and to be able to have a
- 16 background so you could actually track it all
- 17 back from those meetings.
- 18 Q. So, the process of Adobe and
- 19 GoToMeeting could be similar or, or Bitcoin, let
- 20 me say.
- 21 A. Yes.
- 22 Q. Could be similar or the same as

- 1 GoToMeeting or Adobe?
- 2 A. It would be new technology. But,
- 3 you would be able to put it on the Blockchain.
- 4 Q. Was that technology ever developed?
- 5 A. I left in October 2013. This is
- 6 August 2013. These were projects where he was
- 7 scaling his staff to be able to deliver.
- 8 Q. Okay. So -- hold on. So, the
- 9 Reputation Systems, think LinkedIn, do you see
- 10 that?
- 11 A. Yes.
- 12 Q. But with the tracking against
- 13 training?
- 14 A. Yes.
- 15 Q. That is related to Bitcoin?
- 16 A. Blockchain.
- 17 Q. Let's say Bitcoin first.
- 18 A. All of these projects here are
- 19 Blockchain-related, which then could turn around
- 20 and have Bitcoin as well.
- So when you are looking at the
- 22 LinkedIn, turning around and putting to

- 1 qualifications, et cetera, you run it off the
- 2 Blockchain.
- 3 However you are able to send
- 4 information and be able to be paid in
- 5 remuneration with the Bitcoin.
- 6 Q. So, I want to clarify this
- 7 Mr. Wilson, because earlier you said the common
- 8 point is Bitcoin?
- 9 A. Secondary is Bitcoin.
- 10 Q. So, the common theme is Blockchain?
- 11 A. Blockchain is all of this. All of
- 12 it is Blockchain as we understand. Blockchain is
- 13 the underlying technology of Bitcoin.
- 14 So, all of this does come back into
- 15 receiving money and funds.
- 16 Q. Okay. But there is a lot of
- 17 different technologies that stemmed from
- 18 Blockchain, correct?
- 19 A. Absolutely.
- 20 Q. Is the technology used at YDF, is
- 21 that Blockchain?
- A. Absolutely not.

Page 126 Do you think it is better than 1 Q. 2 Blockchain? 3 Yes, I do. Α. 4 Is that based on your cyber security 5 experts, data scientists, and developers? 6 Α. Yes. 7 And that --Q. 8 Α. When we, the reason for it is in 9 regards to privacy. 10 Blockchain doesn't give you the privacy, and that is, it is a public ledger, and 11 12 that you can track all of the transactions, 13 understand what an individual is doing, be able to do a 51 percent of tech. 14 There is plenty of information now 15 16 from the MIT which has come out and said we 17 realize that there is problems with scaling and also the privacy around Blockchain. 18 19 Q. Okay. 20 I have done a closed ledger, you know, with cryptography with an escrow being our 21 point of difference which we have patents on a 22

Page 127 global stage as well. 1 2 We actually could run a digital 3 currency off our Cryptoloc technology if we wished and it would be a lot quicker and give the privacy. But we would work with law enforcement 5 6 as well. 7 Q. Would that put you in competition with Bitcoin? 8 Would it put us in competition? It 9 would if I did want to run out a digital 10 currency, but it is not on my agenda. 11 12 Q. Oh, and do you have any communications with Diane Pinder? 13 14 Α. Not recently. 15 Can you tell me the substance of Q. 16 your communication was Diane Pinder? 17 Diane Pinder was an advisory board 18 member with YDF in the early days. 19 And since then, so, many years now. Uh-huh. 20 Q. 21 A. Probably 2014, 2016 -- it would have been 2014. 22

Page 128 It is the same year after I resigned 1 2 Diane finished up at Lloyd solicitors in a 3 capacity as one of the principal lawyers. And then I haven't remained 4 5 connected to Diane. 6 Can you go back to your LinkedIn Q. 7 page? 8 Yes. Α. Earlier you testified you would make sure that this information was accurate. 10 11 Correct? 12 Α. Yes. 13 Q. And you would make sure that 14 everything is in here that is necessary. Correct? 15 16 Α. Yes. 17 And you wouldn't leave out anything Q. that was important? 18 19 Α. I could leave out something. 20 Earlier you testified that you would Q. not leave out anything important. I am 21 22 clarifying your testimony.

- 1 A. Well, only sensitive information
- 2 such as the clientele that I was looking after.
- 3 It is not relevant to a LinkedIn profile.
- 4 Q. So it wasn't relevant that you were
- 5 involved with Hotwire?
- A. No, and I didn't turn around and add
- 7 Hotwire PE or any of the group of companies at
- 8 all to my LinkedIn profile.
- 9 Mind you, back in those days I
- 10 really didn't use LinkedIn.
- 11 Q. You said you were CFO and
- 12 shareholder of several companies with Craig
- 13 Wright, right?
- 14 A. Yes. The group of his companies he
- 15 appointed me as CFO and director.
- 16 Q. And none of these are on your
- 17 LinkedIn. Are they?
- 18 A. No.
- 19 Q. And those companies had issues with
- 20 the ATO, correct?
- 21 A. Yes.
- Q. And you were copied on e-mails with

Page 130 the ATO? 1 2 Α. Yes. 3 And you left all of them off of your Q. experience, correct? 5 Yes, because I wasn't -- Craig ran 6 the matters himself. 7 It would be different if I ran the 8 matters. 9 I'm not going to turn around and put myself out as the CFO when he is looking after 10 all of the matters. 11 12 And again you were CFO for nine 13 months, right? Yes. Well --14 Α. 15 And during that nine months did you Q. 16 ever e-mail the ATO and say something is wrong? 17 No, why would I? 18 Information was only supplied as we 19 were doing the R&D and the Australia Taxation 20 Office trying to come up with the numbers. 21 And earlier you said -- I just want Q. to make sure I get it right. You said that after 22

- 1 Dave died, you were uncomfortable with the
- 2 documentations for the companies?
- 3 A. That's correct. And when did I
- 4 receive the documentation, and the accounts, it
- 5 all started coming through from beginning of July
- 6 when our end of financial period was ended on the
- 7 30th of June.
- 8 And then when I had to start putting
- 9 the tax returns and the R&D forms all together
- 10 and Craig actually even did the numbers himself
- 11 and then would hand them to me.
- 12 So, even down to legal work. Craig
- 13 looked after a lot of his legal work, he would
- 14 look after his accounts and then it would be
- 15 handed over to me and then I would have to go
- 16 through them. And then I would ask questions and
- 17 then we would try to work it out.
- 18 And then that is when I turned
- 19 around and said I don't feel comfortable.
- 20 Q. Okay.
- 21 A. And that is why I never lodged them.
- 22 And Craig actually lodged them himself.

- 1 Q. So, from January to July I quess
- 2 there weren't any documents that you were looking
- 3 at, because you didn't get them until July?
- 4 A. That's right.
- 5 Q. So, what were you doing from January
- 6 to July with Hotwire?
- 7 A. Trying to have a look at okay, what
- 8 is the best way moving forward. How do we turn
- 9 around and increase the staffing, because things
- 10 don't happen that quickly anyway.
- 11 And the staff, if you have a look,
- 12 they were really only started in May, June, June.
- 13 It was late. It wasn't --
- 14 Q. So, what were you doing to complete
- 15 those tasks that you have just mentioned?
- A. Well that was my issue. I didn't
- 17 have enough information, nor a whole lot of task.
- 18 It was all about the projects that
- 19 Craig was involved in and his background with
- 20 Bitcoin and understanding the knowledge of
- 21 Blockchain.
- Q. Okay. So from January to July you

- 1 had an issue, because you didn't have -- could
- 2 you clarify what was it that you didn't have?
- 3 A. There was no accounts that were
- 4 required to be done or completed.
- 5 Q. Okay.
- 6 A. All of it was to do with the
- 7 transfer of information and license agreements
- 8 and things like that.
- 9 So, it was more of a legal over an
- 10 accounting.
- 11 Q. Okay. And so, did you, are there
- 12 any e-mails or documents or, did you have any
- 13 communications where you expressed concerns that
- 14 you weren't doing anything for the seven-month
- 15 period?
- 16 A. There was no work to be done. As in
- 17 there was nothing from the accounting point
- 18 because the bookkeeper was there. So a lot of
- 19 mine was strategy with Craig and sitting and
- 20 understanding, okay, how do we actually structure
- 21 this to be able to move forward.
- 22 Q. So, Hotwire agreed to make you the

- 1 second highest paid employee and you did nothing
- 2 for seven months?
- A. I never got a cent anyway.
- 4 Q. Okay.
- 5 A. But I still had to pay tax on the
- 6 money. And if you go and have a look at the
- 7 records, I also put the down deposit down for the
- 8 rental property that Craig never paid me back as
- 9 well. And all of the travel back and forward out
- 10 of Sydney and accommodation expense and
- 11 expenditure was never reimbursed as well.
- 12 Q. Are you upset about that?
- 13 A. I think it is unethical.
- 14 Q. Okay.
- 15 A. You would do the right thing. If
- 16 you are delivering and you are working and doing
- 17 your duties, and your jobs and you want to be
- 18 part of a project, well then you should pay.
- 19 Q. Were you monitoring this case?
- 20 Monitoring?
- 21 A. No. It actually was Steve Lipke who
- 22 made me aware of it.

- 1 Q. And then you reached out and
- 2 congratulated Mr. Freedman?
- 3 A. Yes, I did. And the same reason I
- 4 never got paid, that team down in Sydney did not
- 5 get paid. They were loaning money off family and
- 6 loved ones to be able to afford to pay their rent
- 7 and keep afloat.
- 8 They were in quite a state. And
- 9 still have not recovered.
- 10 Q. And you said that when you were, you
- 11 resigned your shares were just taken from you,
- 12 right?
- 13 A. That's correct.
- 14 Q. How did you feel about that?
- 15 A. No, acceptable. I never argued. I
- 16 didn't dispute. I, I was only wanting what I was
- 17 entitled to and that was the money, the physical
- 18 cash that I was out of pocket with.
- But then the lawyers got involved
- 20 down in Sydney as part of the administration, and
- 21 said no, that is an individual matter for Craig.
- 22 We are not paying you anything.

Page 136 And, were any other the lawyers that 1 Q. 2 you spoke with other than Mr. Freedman? 3 Α. No. 4 You said the ATO is asking you to 5 pay taxes on income that you would have made at Hotwire, right? 6 7 That's correct. Α. But you are saying you did not make 8 Q. 9 income --10 I did not receive one cent. And you Α. 11 can go through all the bank accounts and you will 12 notice that I never received one. It was only me 13 sending money to Craig and never being 14 reimbursed. 15 And in January did you complain that 16 you hadn't been paid your salary? 17 Α. In January? 18 Q. Of 2013. 19 Α. No. 20 And in February of 2013, did you Q. complain that you hadn't received your salary? 21 22 Α. To be honest I didn't expect to

- 1 receive a salary. And I didn't even, wasn't
- 2 aware of the Document 20, this here, that I
- 3 believe is what you received from the
- 4 administrators, of when they were looking after
- 5 and winding up the company.
- That's the only way, reason I've got
- 7 knowledge of it as well.
- Prior to that it was with the
- 9 payment summary that came in, and the ATO said I
- 10 received money and I said no, I didn't.
- But, that is how this documentation
- 12 also was supplied to me.
- 13 Q. Okay.
- A. So, no, I didn't expect to receive
- 15 any money. Otherwise it would be strange if I
- 16 turned around and said no I didn't take any
- money.
- 18 Q. Okay. So, your payment, what was
- 19 your payment for being CFO? What was your
- 20 expected payment? What, were you getting out of
- 21 being CFO.
- 22 A. It was supposed to be an annual

- 1 salary of what is here, 150. But it never
- 2 commenced.
- But, I wasn't worried anyway.
- The issue is, I wasn't concerned,
- 5 because we were in the stages of doing a setup, a
- 6 startup.
- 7 Q. Okay.
- 8 A. During that period of time, I didn't
- 9 understand the whole, you know, the Bitcoin, the
- 10 wallets, and how much money.
- 11 So, I had to get all of that
- 12 training. So, I was happy to turn around and
- 13 spend the time and learning, purely because of my
- 14 history with Craig, and being an advisory board
- 15 member of YDF and the relationship there.
- So that's why I was more than happy
- 17 to turn around and wear it. Once the companies
- 18 got money, then I would get paid but then my
- 19 duties would increase. But we never got there.
- 20 Q. So, earlier, earlier Mr. Freedman
- 21 asked you about whether or not you knew that
- 22 Dr. Wright's Bitcoin was locked up in an

Page 139 encrypted file. Do you recall that line of 1 2 questioning? 3 Α. Yes. And he asked you several times? 5 And was he able to get, and was he 6 not able to get access to it. 7 Let me break that down. 0. 8 Do you know how Craig Wright 9 obtained Bitcoin? 10 Through mining. With Dave Kleiman, that was my understanding. 11 What is your understanding based on? 12 13 From Craig saying that it was 14 working with a great mate who was in the U.S., 15 Dave. And they set up Bitcoin and that it was 16 Hitoshi --17 Were those the statements to you, were there any other statements that you recall 18 19 right now? 20 Α. No. No. 21 So, from those statements, you --Q. 22 well, let me back up.

Page 140 Craig Wright never told you that he mined with Dave? Yes, he did. Α. MR. FREEDMAN: Object to form. 4 5 BY MR. PASCHAL: Well, when did he tell you that? Well that is how I knew all about the Bitcoin and his wallets. 8 9 Mr. Wilson, I asked you a second ago what were all of the statements that Mr. Craig 10 11 Wright made to you to make you think that. 12 You did not say that Craig Wright said I mined Bitcoin with Dave. 13 14 MR. FREEDMAN: Object to form. You 15 are mischaracterizing. 16 MR. PASCHAL: He did not say that. 17 That is why the live feed is helpful. 18 THE WITNESS: You know, Dave, not 19 Dave, Craig, had been mining it for quite 20 some time. 21 BY MR. PASCHAL: 22 Q. Well, let me ask you -- I'm sorry,

- 1 are you finished?
- 2 A. Yes.
- 3 Q. Okay. If Craig purchased Bitcoin,
- 4 would you have known that he purchased it?
- 5 A. Well you could track it back,
- 6 absolutely, through the ledger. I mean there is
- 7 a history, there is an audit trail.
- 8 Q. Do you know if -- well, do you know
- 9 if Craig Wright purchased Bitcoin?
- 10 A. No, I don't.
- 11 Q. So, if he purchases Bitcoin, you
- 12 wouldn't know if it came, that could be his
- 13 Bitcoin holding, correct?
- 14 A. Correct.
- 15 Q. So, you are not sure if he mined
- 16 that Bitcoin then, am I --
- 17 A. Oh, no, he definitely mined it. He
- 18 even got new servers, et cetera, that ran in his
- 19 garage.
- Q. Okay. But let's say his garage was
- 21 closed down and he removed all of his equipment.
- A. Right.

Page 142 MR. FREEDMAN: Object to form. 1 2 BY MR. PASCHAL: 3 Would he have been mining anywhere Q. else. 5 Absolutely you can. Α. 6 Well not anyone can, he can? Q. 7 He has the ability to be able to do Α. it on a mobile device. 8 9 I mean, it might blow the phone up 10 but you still have many other options of being 11 able to mine the Bitcoin. Do you think he was mining on a 12 mobile device? 13 14 Α. No. Okay. 15 Q. 16 But if your question was do you 17 think that he had been doing -- mining Bitcoin, 18 absolutely. 19 But I'm going to go back to my 20 question. Do you know, other than his garage, was he mining Bitcoin? Α. Yes.

Page 143 And how do you know that? 0. Α. Because he told me so. 3 Q. Okay. And when he told you, was he saying that this is the Bitcoin that I mined in 5 my garage, do you know? 6 No. But that is not relevant, is 7 it? 8 Well, I'm asking you --Q. Well, I don't think --9 Α. Did he say he was mining in his 10 Q. 11 garage and you don't know? 12 Α. No. 13 Q. So, if he purchased Bitcoin 14 afterwards, you wouldn't know? 15 Α. No. 16 Q. Okay. And do you know how much he 17 mined, exactly? 18 No. Because he already had a huge 19 amount of Bitcoin as per the wallets. 20 And when Craig said to me this is 21 where my wallets are and this is the amount of Bitcoin that I have mined it, well then, I mean

Page 144 it was all new to me. So I would have to break 2 it down. But, the wallets are there. Craig 4 has e-mailed them through. 0. Okay. And I can't see Craig having that 6 sort of wealth to buy the Bitcoin when he was driving around in hoodies and also, you know, in 9 a, in a very cheap car. And a rental property. 10 Did you have access to any of 0. Dr. Craig Wright's financial records when he had 11 a hoodie? 12 13 Α. No. 14 Did you see his bank account 0. 15 statements? 16 Α. No. 17 Did you see what he was spending to Q. buy computers? 18 19 Α. No. 20 Okay. And let me ask you, when did 0. you stop speaking to Craig Wright? Or did you stop speaking to Craig Wright?

|    | Page 145  |
|----|---|
| 1  | A. It is years ago.                               |
| 2  | Q. Huh?   |
| 3  | A. Years ago.                                     |
| 4  | Q. Can you give me a date? A year?                |
| 5  | A. Two, three.                                    |
| 6  | Q. Two, three years ago?                          |
| 7  | A. Yes.   |
| 8  | Q. And what made you stop speaking with           |
| 9  | Craig Wright?                                     |
| 10 | A. I didn't like the way he went about            |
| 11 | business. The ethics and morals.                  |
| 12 | Q. Okay.  |
| 13 | A. The way he treats people.                      |
| 14 | Q. Did he treat you bad?                          |
| 15 | A. No. No. He was pretty good with                |
| 16 | me.   |
| 17 | Q. Okay. And when Craig Wright, you               |
| 18 | saw these Bitcoin wallets, did you ever see Craig |
| 19 | Wright transfer Bitcoin to anyone?                |
| 20 | A. No. See, I, I have never seen any              |
| 21 | Bitcoin transfer at all. All I have ever seen is  |
| 22 | the wallets on a screen, or the ones that he has  |

Page 146 e-mailed through. That is it. 2 So, if Craig Wright had his Bitcoin encrypted, and you never saw any transfers, how would you be able to say that they weren't encrypted? Is it just that he said he never told you that? 6 Craig would log into them. So, I 8 know that he could access them. 9 Okay. And when did you see Craig log into Bitcoin? 10 11 Oh, several times at his home 12 address. 13 Q. Okay. And what would you see? Oh, the accounts, his wallets, and 14 15 then he showed me how it works. 16 Q. And what computer, was it a computer 17 that he was showing you it on? 18 Α. Yes. 19 Was it like a laptop? Q. 20 Oh, I can't remember. Α. 21 Q. Okay. 22 Α. It was at his home.

Page 147 And how many years ago was that? 1 0. 2 Α. Oh, that would have been 2013. 3 And in what home was that? Q. At Howard Street at North Rye, I 4 5 think it was. 6 But you did not see him transfer Bitcoin or move Bitcoin? 7 8 Α. No, but there was no reason for him to do that in front of me. 10 Q. Okay. So, if you could log into the 11 screen, right, you could see Bitcoin. Α. Yes. 13 Q. But, if it was encrypted, then he 14 couldn't move them. You wouldn't know that, 15 right? 16 A. Well, once you log-in and you've got 17 access to it, you would be able to send money, 18 receive money. 19 Q. Did you see the private keys that 20 Craig Wright had? 21 A. Only what was on the screen. But, 22 they are not -- no, the wallets only.

16
           Q. Well, how many phone conversations
17
    did you have with Mr. Freedman?
18
           A. Around about three.
19
           Q. Okay. And they were three separate
20
   e-mails, also?
21
           A. Well, yes, there were e-mails going
22
    back and forward. But some of them are very

What did you discuss with Mr. Freedman? 6 7 In regards to the social media posts that Craig put up about myself, talking ill of 8 9 me, did I have any supporting documents? And I said yes I would share them with you. 10 11 Q. What did you say about the posts 12 that Dr. Wright said about you? I wasn't aware of it. I actually 13 Α. 14 had to go and search it myself. 15 Q. Okay. 16 Α. I wasn't aware at all. 17 I actually wasn't even aware of the case until Steven Lipke made me aware. 18

- 19 Q. Who was Steven Lipke?
- 20 He was one of the operations Α.
- managers for Craig Wright out of Sydney. 21
- 22 Q. Okay. For --

Page 150 I mean, even now, for today's 1 Α. 2 meeting, somehow it has been also on, there is an article about it, that I was coming in and he 3 made me aware of it, too. 5 Steven Lipke did? Q. Steven Lipke did, yes. 6 Α. 7 And where does Steven Lipke work Q. 8 now? 9 Α. I'm not sure. 10 How does he communicate with you? Q. He will send me a phone call, he 11 Α. 12 will send me an e-mail. What is his e-mail address? 13 Q. 14 I couldn't tell you. I would have Α. 15 to look it up. It is not someone I go back and 16 forward. 17 Now and then he would just sort of pop up and, I mean, I haven't even caught up with 18 19 Steve in, well, for quite some time. 20 And where does he live? Q. 21 In Sydney. Α. 22 Q. Do you know his phone number?

Page 153 The only reason I'm aware of it, 1 2 because it came up and said we have never met Ira. I actually thought it was a -- wait, is 3 that Kleiman? 5 0. Ira Kleiman. 6 No, no, I had no correspondence whatsoever. 7 8 Q. Okay. There was another person that Craig was involved with, and it was a lady. I can't 10 remember her name, though. 11 12 But her name was Ira? 13 Α. No, no. It was a Chinese name. Or 14 an Asian name. 15 Q. Okay. 16 I have had no correspondence 17 whatsoever from the Kleiman family. 18 Could you just spell Lipke, the 19 e-mail address that you had in your phone? 20 L-I-P-K-E S@hotmail.com. Α. 21 Q. And when did you start working with 22 Craig Wright?

Page 154 It would have been the end of 2011, 1 Α. 2 2012. 3 Okay. And did you develop a patent Q. with Craig Wright? 5 I already started the process because I came up with the concept in 2010. So, 6 7 the patents was already underway. 8 And, then Craig, I got Craig involved and said --9 10 Let me just ask you -- so, how did Ο. 11 you start the process? 12 Because I --Α. 13 MR. BRENNER: Object to the form. 14 THE WITNESS: Because when I was 15 looking for the solution, and I couldn't find 16 it. So I went to a patent attorney, from my 17 commercial lawyers. He said go to a patent attorney and see if you can find it. 18 19 And they said Jamie, there is 20 nothing out there on a global stage. And I 21 said you've got to be kidding, I mean it 22 makes sense to me.

Page 155 BY MR. PASCHAL: 1 2 Q. Just to clarify, what was the stage, 3 for what? 4 In the event of losing a loved one 5 that between an escrow and a cloud provider that the information would be released. 6 7 So I already started the process. 8 Q. So when you say the process, do you refer to the idea? 9 10 Α. The concept, yes. 11 Q. But you didn't actually start the whole programming and putting together and coding 12 13 or anything? 14 Yeah, I did before Craig come along. Α. 15 But you didn't? Q. 16 Α. Physically, no. As I said, I don't 17 write code. I don't have an IT background. I make it very clear, I do not have an IT 18 19 background. I do not develop. 20 Who did that for you? Q. 21 Drew Nicholas. Α. 22 Q. Can you spell that for me, please?

Page 156 A. D-R-E-W, and Nicholas, 1 2 N-I-C-H-O-L-A-S. 3 Okay. And how did you know Mr. Drew Q. Nicholas? 5 I was looking for an IT company with developers to be able to develop it. 6 7 Q. And do you still talk to Mr. Nicholas today? 8 9 Yes, I do. Α. 10 Q. Did Mr. Nicholas meet Craig Wright? 11 A. Yes. 12 Q. Did they work together? 13 A. Craig was only advisor. Craig never got involved in code. 14 15 Q. Okay. 16 Craig wasn't involved in any of the 17 coding or development of it. 18 (Wilson Exhibit Number 22 19 marked for identification.) 20 BY MR. PASCHAL: 21 Q. I'm showing you what we are marking as 22. 22

Page 157 So is this one of the patents that 1 2 you and Craig Wright put together? 3 Correct. Α. 0. Okay. And it was registered in 5 2011? 6 Α. That's correct. 7 October 28, 2011? Q. Yes. 8 Α. 0. Okay. So, when did Craig come on board with this patent? 10 Craig was only added as a name. I 11 12 had to change all of the documentation. 13 So Craig came on around about 2012. 14 Q. So, you were just using his name for 15 the patent? 16 Α. No, no, no. Because Craig said to 17 me, well, I needed a local and I wanted to make 18 sure that I had all of the I's dotted and the T's 19 crossed. 20 Uh-huh. Q. 21 A. So, Craig was even paid handsomely 22 for his time as well to oversee it, which was

- 1 wrong, and I still had to get my patents
- 2 attorneys to go through it.
- 3 So, Davies Collison & Cave were the
- 4 ones who actually looked after the patents as
- 5 well.
- And Craig, and naturally because he
- 7 was paid, it was my concept, the process already
- 8 started, he had to sign, make sure that we got a
- 9 signoff that he had no rights to it?
- 10 Q. So, when you list Craig Wright and
- 11 you as the inventor, is that incorrect?
- 12 A. No. Because Craig was also an
- 13 advisor. Same with my lawyers and people like
- 14 that.
- 15 Q. Well, would your lawyers be listed
- 16 as an inventor?
- 17 A. Well that was from the legal point.
- 18 Craig being IT and that this documentation was in
- 19 regards to the IT side, that is why it was
- 20 listed.
- Q. Why isn't Mr. Drew, why isn't Drew
- 22 listed on here as an inventor?

- 1 A. Drew was a developer. It was, well
- 2 my concept. Originally, it was just my name on
- 3 all of the documentation.
- 4 Then Craig wanted to get more
- 5 involved in it and I said well you should be
- 6 probably listed as an inventor as well. And that
- 7 is how he got his name on it.
- 8 Q. But you said he did some advising to
- 9 get this, right?
- 10 A. He was involved, we had already done
- 11 all of the paperwork and all of the knowledge and
- 12 how it worked system-wise.
- And then Craig came on later on down
- 14 the track.
- 15 And then I wanted Craig as a
- 16 director and an advisor to ensure that we were
- 17 moving in the right direction.
- So, his expertise is what I was
- 19 using to ensure that the I's were dotted and the
- 20 T's were crossed.
- Q. Good memory.
- 22 Was Dave involved, Dave Kleiman

Page 160 involved in any way in this patent? 1 2 Α. No. Not at all. 3 Do you use any of this patent today? Q. This is my technology. Cryptoloc. Α. 5 Q. This is your technology? Α. Yes. Cryptoloc, absolutely. 6 And it involves cryptography? 7 Q. That's correct. 8 Α. 0. And would it be wrong to say that Dave is entitled to half of this? 10 How could he be entitled to half of 11 Α. 12 it? How could Craig be entitled to half of it. 13 Q. I'm just asking. Would it be wrong 14 to say that Dave Kleiman is entitled to half of 15 this, your property right now, your intellectual 16 property. 17 Absolutely not. 18 MR. FREEDMAN: Objection to form. MR. PASCHAL: It would be correct? 19 20 THE WITNESS: No, he is not entitled 21 to it at all. 22 MR. FREEDMAN: Objection to form.

Page 161 THE WITNESS: Nor is Craig Wright 1 2 entitled to it. 3 BY MR. PASCHAL: Okay. So, if you were to -- I just 4 0. 5 want to -- have you ever amended the information 6 on this patent? 7 Why would I? Α. 8 To remove Craig Wright as inventor. Q. No, Craig Wright signed off all of his rights to be able to take any claim against 10 11 it. 12 Q. Okay. And --And that is all done under Davies 13 Α. 14 Collison & Cave; they are patent attorneys. 15 Okay. And when did Craig Wright 0. 16 sign that document? 17 Oh, I'm not sure. Davies Collison & 18 Cave would have the date. It was at the 19 beginning stages, because Craig was paid, 20 physically paid money to it. 21 Q. It couldn't have been early 2011, right? 22

Page 162 No, it wasn't. It was '12. 1 Α. 2 already started the process with the patents 3 before Craig came along. 4 0. Okay. 5 So, if you go and have a look at the history of it, you would notice that I was the 6 7 only inventor. 8 But, so you are saying that Craig Q. wouldn't have interest in it because he signed 9 10 over any of his rights? That's correct. Well he didn't have 11 Α. 12 the concept. It was me who came up with the 13 concept. 14 Okay. So I just want to clarify, Q. 15 though --16 A. Craig --17 -- would you think that it would Q. 18 have been an accurate statement to say that Dave 19 Kleiman, the estate of Dave Kleiman is entitled to half of this? 20 21 MR. FREEDMAN: Objection to form.

THE WITNESS: Why would you think

22

- 1 that, though?
- 2 BY MR. PASCHAL:
- 3 Q. I'm just asking the question.
- 4 A. Well if you think about it, I
- 5 started the process. I had the concept. The
- 6 patent was lodged prior to them coming on board.
- 7 Well, prior to Craig even being involved in the
- 8 business.
- 9 So, how could Dave, who I didn't
- 10 even know, and Craig Wright, who I didn't even
- 11 know at that stage, be involved or entitled to
- 12 the patent.
- 13 BY MR. PASCHAL:
- Q. Could Dave have been working on this
- 15 with -- could Craig have been working on this
- 16 with Dave without your knowledge? The task that
- 17 you told them?
- 18 A. They had no access to them. They
- 19 never had access to the source code.
- 20 Q. So, how was Craig making sure that
- 21 all of your T's were crossed and your I's were
- 22 dotted?

Page 164 It was through the lawyers and it 1 Α. 2 was just paperwork. It wasn't technology. 3 It was documentation. Q. So, you hired Craig Wright to be, to 4 look at this? 5 6 A. Yes. 7 Q. As -- well, let me -- so, Craig 8 Wright at this time he is wearing his hoodies? 9 Yes. Α. Q. He is into his IT? 10 11 Α. Yes. 12 Q. He is into his developer? 13 Α. Yes. 14 Q. So, you wouldn't hire him as a lawyer? 15 16 A. No, Craig Wright as an expert in, a 17 cyber security expert. 18 Q. And that is why his name was on here 19 as an inventor? 20 A. That's right. 21 Q. As inventor --A. Okay then, as an inventor. 22

- 1 Q. Okay. And, there is a document, I
- 2 haven't seen it, but he has signed, you said he
- 3 waived his rights to this?
- 4 A. Absolutely.
- 5 Q. In 2012?
- A. Before we even started, or I got
- 7 Craig involved.
- I mean naturally I'm not going to
- 9 turn around and hand a concept over and have
- 10 people like you look at me and try to take half
- 11 of the technology.
- 12 Q. It wouldn't be me.
- 13 A. I know where you are trying to go,
- 14 though.
- 15 Q. I don't think you do.
- 16 And so, just to be clear, if you
- 17 look on, if you look at the document on the
- 18 right-hand side of application U.S. 14/354359
- 19 events, nowhere in here does it say that Craig
- 20 Wright, or did you amend this patent to remove
- 21 Craig Wright, correct?
- 22 A. Did I -- there was movement back and

- 1 forward with Davies Collison & Cave. So, Davies
- 2 Collison & Cave would have the history and the
- 3 documentation, et cetera, that was needed to be
- 4 done in the process.
- 5 Q. And let's say in his advisory role
- 6 Craig Wright, as the inventor, as an IT guy
- 7 wearing his hoodie had conversations with Dave
- 8 Kleiman to develop this intellectual property or
- 9 to do anything with it. I mean let's say Craig
- 10 didn't tell you. Well first did Craig ever tell
- 11 you that?
- 12 A. No. It was all done in-house. I
- 13 mean, Craig may have had conversations with many
- 14 people about it.
- But, it was all done in-house; it
- 16 wasn't --
- 17 Q. Did you ever get a document from
- 18 Dave Kleiman saying he would waive any of his
- 19 interests to this patent?
- 20 A. I don't see how Dave could be
- 21 involved in it.
- Q. Let's assume that a court ordered

- 1 that that intellectual property belonged --
- 2 A. It wouldn't be involved.
- 3 MR. FREEDMAN: Objection to form.
- 4 BY MR. PASCHAL:
- 5 Q. You didn't get a waiver from Dave
- 6 Kleiman, did you?
- 7 A. No. I don't need to.
- 8 Q. Okay. So, Mr. Freedman asked you
- 9 about hacking earlier?
- 10 A. With Craig Wright, the e-mails being
- 11 hacked.
- 12 Q. So, hacking can happen, do people
- 13 know exactly when a hack happens?
- 14 A. Not -- no. Not thoroughly.
- 15 Q. I mean part of that, I mean the
- 16 hacking could be something that, in fact, I don't
- 17 know if I need to pull it, but on your website
- 18 you expressed that hacking could be something you
- 19 learn of much later. Right?
- 20 A. That's correct and it is public
- 21 knowledge.
- Q. And it is something even savvy

- 1 people need protection, because hacking can
- 2 happen?
- A. And your e-mails are one of the
- 4 weakest links.
- 5 Q. And so if Craig Wright were hacked,
- 6 and he just, is there some foolproof way that he
- 7 would know right away?
- 8 A. No.
- 9 Q. Okay. And if he learned many years
- 10 later, is that something that you see as uncommon
- 11 in your line of work?
- 12 A. No.
- Q. Okay. And, I think I am pretty
- 14 much -- just one second.
- MR. PASCHAL: I think we are good.
- 16 That is it.
- 17 FURTHER EXAMINATION
- 18 BY MR. FREEDMAN:
- 19 Q. I have five questions for you, well
- 20 maybe a little more, but we will get you out of
- 21 here.
- Did you ever respond to an e-mail

Page 169 from Craig and receive back an e-mail, I don't 1 2 know what you are talking about, I didn't send 3 this e-mail? I don't know what you mean. 5 MR. PASCHAL: Objection to form. 6 BY MR. FREEDMAN: 7 Well we were talking about whether or not the e-mails were hacked. 8 9 My question is, did you ever respond to an e-mail from Craig, either orally or via 10 e-mail and receive a response from Craig saying I 11 12 didn't send that e-mail. It is a hacked e-mail? 13 Α. No, I didn't even know he was 14 hacked. 15 Mr. Wilson, can you take a look at 0. 16 Plaintiffs Exhibit 1 for me, or Wilson 1 for me. 17 And, those are the resignation 18 letters? 19 Α. Yes. 20 Can you read the companies you Q. resigned from? 21 Coin Exchange, Hotwire Preemptive Α.

Page 170 Intelligence, Interconnect Research and Integers. 2 Q. I noticed that, and actually you 3 noticed, Mr. Wilson, during a break you mentioned this to us, that there was missing W&K was 5 missing from the resignation. 6 That's correct. Α. 0. Why is that? Because I didn't even know I was a Α. 9 director. 10 MR. FREEDMAN: No further questions. 11 MR. PASCHAL: No further questions. 12 All right, I think we are done. 13 MR. FREEDMAN: You have a right to 14 read your deposition and you can correct 15 inaccuracies that you believe are there, or 16 you can trust the court reporter did her job. 17 Do you elect to read it or do you 18 waive your right to read it. 19 THE WITNESS: I will waive my right. 20 THE VIDEOGRAPHER: All right, if 21 this is everything, we are off the record at 22 November 8, 2019, at 11:39.
