**PROPOSED AMICUS CURIAE BRIEF**

**INTRODUCTION**

Jose A Perez respectfully seeks to proceed as an amicus curiae in the above styled case . Mr. Perez supports the Donald J Trump candidacy and respectfully objects to the Prosecution's interference with Mr. Perez' rights to vote and to election integrity.

The overwhelming evidence will show selective prosecution : (a) The Honorable Ana C Reyes, who is serving as a US District Court Judge in the District of Columbia , found that the Biden Administration Department of Justice is not motivated by Law and Order , i.e. that it has weaponized the DOJ against the Biden Administration opponents<sup>16</sup>. (b) Newly release testimony from CIA

Director Mike Morrell shows that the Biden Administration **COERCED** him and the Intelligence Agencies to rig the 2020 election (b) The Prosecution is severely conflicted by interest (c) the prosecution is engaged in a sophisticated, elaborate election interference ruse (d) the prosecution is representing Presidential candidate Joseph Biden , the Democratic National Committee, and a cabal of the Administrative State officials and War Profiteers (e) The Prosecution is **not** representing the United States of America – a sovereign whose obligation is to govern impartially and whose interest, therefore, in a criminal prosecution is not that it shall win a case, but that justice shall be done. In the instant case the prosecution’s modus operandi has been to strike foul blows designed to produce a wrongful conviction **BEFORE THE ELECTION**. Mr. Perez objects. In support of his motion Mr. Perez respectfully shows that :

**MR. PEREZ' INTERESTS ARE NOT PROPERLY REPRESENTED BY THE PRESENT LITIGANTS**

Mr. Perez seeks to , inter alia, suggest to the court that it enjoins the present action , and preserve the status quo, so his rights to vote for the candidate of his choice and to election integrity are not transgressed upon. The purpose of preserving the status quo is to maintain the relative positions of the parties until a trial on the merits can be held<sup>26</sup>. Preservation of the status quo enables the court to render a meaningful decision on the merits<sup>27</sup>.

<sup>24</sup> Williams v Rhodes, 393 US 23, 30-31 (1974) *Burdick v. Takushi*, 504 US 428 , 433, (1992); *Anderson v. Celebrezze*, 460 US 780 , 787-88 (1983)

<sup>27</sup> *Canal Authority v. Callaway*, 489 F. 2d 567 , 573 (5<sup>th</sup> Cir.1974).

The US District Court has the authority to enjoin federal prosecutions in order to safeguard Constitutional rights<sup>28</sup>. The right to vote freely for the candidate of one's choice is of the essence of a democratic society, and any restrictions on that right strike at the heart of representative government<sup>29</sup>.

The general rule is that a court of equity has no jurisdiction to enjoin a criminal prosecution<sup>30</sup>. An exception is recognized when, as here, it is necessary for a court of equity to enjoin the enforcement of government activity which is unconstitutional in order to protect Constitutional rights from irreparable damage<sup>31</sup>.

The Supreme Court has held that the inadequate representation requirement "is satisfied if the proposed amicus shows that representation of his interest 'may be' inadequate" and that "the burden of making that showing should be treated as minimal"<sup>32</sup>. Furthermore , even if the interests are similar , it does not mean that approaches to litigation will be the same<sup>33</sup>.

The Honorable Ana C Reyes, who is serving as a US District Court Judge in the District of Columbia , found that the Biden Administration Department of Justice is not motivated by Law and Order in its actions and that it has weaponized the DOJ against the Biden Administration opponents<sup>34</sup>

Judge Reyes chastised the DOJ for aggressively prosecuting former President Trump advisor Peter Navarro while refusing to prosecute the Biden Administration officials for the same offenses<sup>35</sup>.

US intelligence community officials to lie to the American people to save Biden's lagging campaign from a massive brewing scandal.

The problem was that Joe Biden's son, Hunter, had abandoned his laptop at a repair shop and the explosive contents of the computer were leaking out. The details of the Biden family's apparent corruption and the debauchery of the former vice-president's son were being reported by the New York Post, and with the election less than a month away, the Biden campaign needed to kill the story.

So, according to newly-released transcripts of Morell's testimony before the House judiciary Committee, Blinken "triggered" , i.e. **COERCED** Morell to put together a letter for some 50 senior intelligence officials to sign – using their high-level government titles – to claim that the laptop story "had all the hallmarks of a Russian disinformation campaign."

In short, at the Biden campaign's direction Morell launched a covert operation against the American people to undermine the integrity of the 2020 election. A letter signed by dozens of the highest-ranking former CIA, DIA, and NSA officials would surely carry enough weight to bury the Biden laptop story. It worked. Social media outlets prevented any reporting on the laptop from

being posted and the mainstream media could easily ignore the story as it was merely “Russian propaganda.”

### **THE ATTORNEY GENERAL IS USING LAWFARE FOR A SHAM PROSECUTION AND ELECTION INTERFERENCE**

According to Mr. Perez , The best presidential candidate in the November 2024 election is the Honorable Donald J Trump. Prior to running for office President Trump’s criminal record was squeaky clean and no state official was threatening to arbitrarily confiscate his property.

But once President Trump announced he was going to run for the Presidency his opponent, Joseph R Biden declared him an enemy of the state, weaponized the Department of Justice <sup>37</sup> and mobilized his supporters **to stop his candidacy by any means necessary**<sup>38</sup>.

The NY Post <sup>39</sup> reports that The White House counsel’s office met with a top aide to Special Counsel Jack Smith just weeks before he brought charges against former President Trump for allegedly mishandling classified documents raising

serious concerns about coordinated legal efforts aimed at President Biden's likely opponent in 2024.

The evidence shows that President Biden bragged about having created "**the most extensive and inclusive voter fraud organization in the history of American politics**"<sup>40</sup>.

The US Attorney General was predisposed to conduct the unprecedented attack on a former President and leading Republican candidate for the Presidency because President Trump rejected Supreme Court nominee Merrick Garland's nomination to the US Supreme Court<sup>41</sup>.

Consequently, President Trump is facing 4 "fake criminal indictments" and two equally void civil actions in which state actors seek to confiscate his property and bankrupt him.

Harvard Law Professor Alan Dershowitz accuses the DOJ and state prosecutors of simultaneously rushing their cases to hurt President Trump's chances of getting re-elected<sup>42</sup>.

In order to disguise the fact that the above styled case is a sham proceeding, President Joseph R. Biden assigned the case to an attorney allegedly employed by

the “Counterintelligence and Export Control Section – National Security Division.” .

Recently , special counsel Robert K Hur , released his report on the investigation of Joseph R Biden<sup>43</sup>. He stated therein :

“Our investigation uncovered evidence that President Biden willfully retained and disclosed classified materials after his vice presidency when he was a private citizen. These materials included (1) marked classified documents about military and foreign policy in Afghanistan, and (2) notebooks containing Mr. Biden's handwritten entries about issues of national security and foreign policy implicating sensitive intelligence sources and methods. FBI agents recovered these materials from the garage, offices, and basement den in Mr. Biden's Wilmington, Delaware home.”<sup>44</sup>

But the weaponized Department of Justice has adopted a two-tiered justice system,<sup>45</sup> Accordingly , Special Counsel Robert K Hur refused to prosecute Mr. Biden . There is no evidence that Attorneys with the “Counterintelligence and Export Control Section – National Security Division.” issued a dissenting opinion. Their insistence and determination to only Prosecute President Trump is clearly a gargantuan hoax.

The American Civil Liberties Union has accused the Biden Administration of **RETALIATING** against President Trump because, inter alia, the latter criticized the CIA and the intelligence agencies<sup>46</sup>.

Special Counsel, John Durham, recently exposed and emphatically criticized the extent of the vindictiveness demonstrated by the Administrative State: He declared: "the document that spawned three years of political misery fails to articulate a single justifiable reason for starting the "Crossfire Hurricane" investigation. What this FBI document clearly establishes is that Crossfire Hurricane was an illicit, made-up investigation lacking a shred of justifying predication, sprung from the mind of someone who despised Donald Trump, and then blessed by inexperienced leadership at the highest levels who harbored their own now well-established biases<sup>47</sup>.

Mr. Perez respectfully submits that given the facts identified hereinabove , any claim that President Trump violated the Espionage Act should be subjected to a high degree of skepticism. The Prosecution's actions confirm that in the name of acquiring absolute power megalomaniacs will definitely indict a ham sandwich .

Mr. Perez respectfully submits that the court ought to take judicial notice of the fact that in spite of the Plaintiffs' elaborate scheme to smear President Trump, he was elected to be the Republican Candidate to the 2024 election breaking all kinds of election records in the process.<sup>49</sup>. Carter, 405 US 134 , 143 (1972); Democratic Party of United States v. Wisconsin ex rel. LaFollette, 450 US 107 , 122 (1981)

Mr. Perez respectfully moves the Court to take judicial notice of the fact that President Biden and the Democrats – the parties who oppose President Trump – are the parties who presently control the prosecution.

The Due Process Clause of the Fifth Amendment requires that both the prosecution and defense be free to provide robust representation uninhibited by conflicts of interest <sup>51</sup>.

A conflict of interest occurs when a person or entity has competing interests – i.e. , is placed in a duplicitous position - that may prevent them from acting impartially or appropriately. In the context of criminal law, this means that someone involved in the legal process may have personal or financial motivations that could bias their decisions<sup>52</sup>

President Trump is not required to show an actual conflict of interest, all the due process of law requires is showing that there is "a possible conflict of interest or prejudice, however remote . . . ." <sup>53</sup> This strict standard is based upon the recognition that, in cases involving a conflict of interest, it is often difficult or

impossible to determine whether the defendant has actually been prejudiced by improper representation<sup>54</sup>. In describing the problem at the trial level, the Court, speaking through Chief Justice Burger, has explained that :

“a rule requiring a defendant to show that a conflict of interests . . . prejudiced him in some specific fashion would not be susceptible of intelligent, evenhanded application. . . . [T]he evil — it bears repeating — is in what the advocate finds himself compelled to *refrain* from doing . . . . It may be possible in some cases to identify from the record the prejudice resulting from an attorney's failure to undertake certain trial tasks, but even with a record of the sentencing hearing available it would be difficult to judge intelligently the impact of a conflict on the attorney's representation of a client”.

<sup>55</sup> **In its 1947 charter, the CIA was prohibited from spying against Americans because, among other things, President Truman was afraid that it would engage in political abuse.** During World War II, the Office of Strategic Services – the CIA’s predecessor – had become known for its skill at blackmail, extortion and the collection of information through other dubious methods. President Truman feared the implications of such behavior during peacetime on America’s basic democratic institutions. The policy against military involvement in law enforcement investigations is even more venerable. The Posse Comitatus Act of 1878 forbids military involvement in civilian policing, keeping troops focused on their military mission..

For the reasons identified hereinabove , Mr. Perez respectfully submits that (1) he ought to be allowed to proceed as amicus (2) the court ought to allow discovery in order to show selective prosecution and (3) in the alternative, Mr. Perez suggests the above styled case ought to be postponed until after the November 2024 Presidential elections in order to eliminate all the conflicts of interest identified hereinabove.
