In late May, a Cop mentioned something about preserving a spine. Im not 100% sure they were talking about me. I have not recieved, or been served, any legal papers regarding this. Pleas prohibit any, and all, from harming me, including Donald Trump, Elon Musk, and Hillary Clinton.

I have also NOT sighed a waiver.

I am courrently working with KY ID Office to reflect my KY address, Ive been KY resident at least 2 years.

Please do not let anyone due anything to harm me, like take my spine.
