II. Basis for Jurisdiction

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

Defendant:

Worcester Recovery Center and Hospital

United States

Jurisdiction:

Medical Malpractice

Allegations:

I was falsely diagnosed by the Worcester Recovery Center and Hospital staff; as a result of a self-imposed legal strategy, to prove my innocence. This is who I am filing this civil suit against.

The staff (Majority) refused to believe that I was in severe physical pain; from a traumatic spine injury. I disputed the mental health diagnosis, and told them I may have seemed angry or weird due to my physical pain, and the situation, and that I should have been given an MRI to prove that what I said/claimed was true.

My request was disrespectfully disregarded. I finally got around to getting an MRI this past

January 2020 (Neurologist -DR. Yin [Leominster Hospital], and it proves *that I was right*. I have 2

bulging disks. ***These are the highlights of the failures of the allegations that I am stating against the***

Hospital overall:

1.Only 20-25% of staff were nonjudgmental, and personally uninvolved (how I saw it)

2.How the rest of the staff where more concerned with the amount of people calling in about me and my “celebrity” status(es) than listening to what I said.

3.Psychological torture from 70-75% of the staff who were constantly digging at me about how I was never going to get out.

4.Removal of the staff who treated me like a human, who is, and was innocent.

5.Cleanliness. (Rusty sink fixtures, loose screws, prolonged uncleaned messes, patient room uncleanliness [walking by some rooms smelled atrocious] patient uncleanliness, morbidly obese staff

50% of which were the worst person I have ever dealt with at that size, where the other was working

hard to get by {jobs are hard to come by}}

6. Staff and patients with 9/11 syndrome, letting their paranoia per-judge me (I had a beard, they harassed me so much I cut it off to convince them that I am not a terrorist) [9-11 Syndrome is an original thought, and study I have been personally conducting, and noting, since the events of Sep. 2001]

7. Staff who would rather sit around and try to convince me that I was crazy, instead of working the patient floor hard enough, there was a mention of 'hospital record' all time high of "CODE GREYS".

8. Psychological torture- non-allowance of actual knowledge of a set evaluation time frame (they claimed 18-20 days for the first five days at least) I was never given a definite time frame.

9. Refusal to tape record, and or audio record all my interviews with staff, with threats from the female forensics' investigator (who resembled my oldest sister) that I would never leave if I didn't go through with the interviews unrecorded. I was only there as a legal strategy, and my lawyer never explained that I could be held there indefinitely {that is due to a lack of time for him to explain the full section 12 rules, but he convinced me that there was no risk to do the section.}

10. The gross dis acknowledgment of one staff member “Lisa Score”, whom, I never verbally agreed to pre-evaluate me{technically}, yet she went to the judge and literally tried to put me in WRCH(es) “care” for the rest of my days with her false witness against me [how I see it]. I said verbatim “ I will talk to you now, but I don't authorize you” (in relation to her needing my verbal consent to go before the judge about me[to fulfill my legal strategy]) My explanation, I was lonely,{I hadn't seen a woman like that in over 5 years that up close and personal (This is due to a group of stalkers of mine)} and I am heterosexual, and she was a becoming young woman with a college degree, I can never pass up a conversation, with a person, with a good brain like that, who has style and natural good looks.

11. Refusal of gym time when it was promised daily; I am an ultra-marathon daily trainer.

12. And refusal of an MRI, which caused 5 years of irrevocable damages.

13. The dis acknowledgement of staff member “Robin” who falsified documents (I verbally refused her to speak with my mother about anything, “Robin” went over my head and did so anyway, and she used my mother's testimony against me, in the group meeting before I was falsely diagnosed.

FACTS THAT BACK MY TRUTH:

1. I am the world's greatest Artist of all time, before and after time's concept, I am better than Picasso, Angelo, Davinci, Rembrandt, Goya, Pollock etc.

2. I created my own art style which is all drawing and perceptions and styles of art into one{age2-6y/o}, I officially dubbed it "ARTISI" in the year 2015/2016 I would put any piece of any other style type (sculpting, clay, string work, mosaic, tapestry etc.) of mine vs. anyone else's and still be the best, the realism found within my art outdoes all realist practitioners mathematically and realistically.

3. My social media was stolen, I suspect starting in 2005, and most directly with my previews of my ARTISI works in 2010-2012. (I will testify against all suspected parties until the day I die if need be)

4. How I see it no one or group of people will ever be able to prove me wrong... about all these things I have stated.

5. I stand firmly with myself on this, and if I am wrong about any type of lucrativity from my art (I was

offered galleria space in San Francisco instantly and they wanted me to stay in the bay area when I visited in 2016, to display my art) – everything I am saying is related- then I invite you to prove me wrong.

6. The Hospital staff(majority) could not handle the fact that I said the same thing to them, minus the 2016 stuff, because it had not happened yet, obviously. They only murmured constantly about it (my talents), and how people who claimed to know, and or represent me were constantly bothering hospital staff, and security personnel.

7. I am also a great recording artist, I write my own lyrics, I sing, and I rap.

8. I invented a mobile application website machine called “Swipe Shoppe” it should still be public on the USPTO website.

9. All my rights to control my money, receive praise, or develop these things have been stopped by anyone who called or spoke with staff behind my back.

10. As far as I am concerned, I have always been enslaved by these people who steal everything from me every day.

RELIEF:

1. A removal of all false diagnosis from my entire permanent record (concerning any and all mental health issues) against my personal testimony's leverage, any and all records age 0 to 30

[I will sign a contract to keep my personal account of the horror I lived to myself for the rest of my life] {find a way to make it happen}
2. An apology letter from your staff. (signed by all parties involved) reading... We are sorry, we were wrong to judge you Mr. Torres, We apologize for passing judgment, and inadvertently/advertently ruining the last five years of your adult life. {With signatures, on heavy paper with official sealed letterhead}
3. One Billion Dollars for 50 years (\$50,000,000,000.00) in a lump sum transfer to an account or accounts set up on the day of the transfer of funds, in a secure location, with any and all transfer fees, court fees, country and or global (Other Countries) taxes covered by adding that dollar amount to the Fifty Billion Dollars (American Currency) [the cost to run a website is so high people don't even discuss it, and for reference military machines of war cost over half of this sum 9 years ago], this is the most humble and low number based on my talent, and I wish no disrespect to the court through this request. I understand the power of the dollar.
4. A letter that states that I am a defender of good, and a recommendation/approval of a legitimate

license to carry, and use if necessary any type concealed or unconcealed firearms and explosives globally, on any commercial transports, in regulation with Global Law or as if I was a UN diplomat, or my own country (explosives for personal protection based on international weapons law) [for protection of myself and the innocent, and any personal security I may hire] and a license and documentation certifying that I am my own Country to speak directly with any countries leaders if I become incarcerated for any type of incident that my morals or self-perseverance force me to intervene in.

- 5. Proper training from the UN or US Government's
