Re: Reissue Application Ser. No. 10/229,993
Your File No. 1945/A27
Titled: MOBILE X-RAY INSPECTION SYSTEM FOR LARGE OBJECTS

Dear Dr. Petuchowski:

We have reviewed the information disclosure statement (IDS) you filed with the United States Patent and Trademark Office on March 29, 2005 in connection with prosecution of Application Serial No. 10/229,993. The section entitled "STATEMENT AS TO INFORMATION NOT FOUND IN PATENTS OR PUBLICATIONS" (beginning on page 5 of 11) contained several inaccurate or potentially misleading statements. The purpose of this letter is to bring those statements to your attention, and to urge you to make a further, remedial disclosure to the Patent Office.

To facilitate that process for you, we have prepared the attached "Supplemental Statement as to Information not Found in Patents or Publications," which we request that you file in substantially the form presented so as to ensure that the examiner will not be misled by the noted inaccuracies. If you disagree in any way with the contents, you should file it anyway as a disclosure, informing the examiner that the document was prepared by attorneys for a party in litigation against your client on a related patent. If you wish, you may attach a copy of this letter.

As an individual owing a duty of good faith and candor to the PTO, we trust that you will file this paper promptly. If you fail to do so, however, this letter, and its contents, will be cited against your client as evidence of inequitable conduct.

Very truly yours,

WOLF, GREENFIELD & SACKS, P.C.

A handwritten signature in black ink, appearing to be "R. Abrahamsen", written over a horizontal line.
