IN THE UNITED STATES DISTRICT COURT FOR THE MIDDLE DISTRICT OF NORTH CAROLINA

UNITED STATES OF AMERICA	:	
	:	1:19CR613-1
v.	:	
	:	
JOSEPH DANIEL ORAN	:	FACTUAL BASIS

NOW COMES the United States of America, by and through Matthew G.T. Martin, United States Attorney for the Middle District of North Carolina, and as a factual basis under Rule 11, Fed. R. Crim. P., states the following:

In March 2017, Alamance County Sheriff's Office (ACSO) Detective (Det.) Zachary Neefe began an undercover operation on Kik Messenger. Det. Neefe created a Kik Messenger profile purporting to be a 13-year-old girl from Alamance County, North Carolina who attended a local middle school. The purpose of the operation was to identify and arrest individuals involved in the online sexual exploitation of minors.

In September 2017, the undercover Kik profile (the "UC") was a member of several public Kik Messenger chat groups to which an early teenage girl might belong. On five consecutive days, starting on September 7, 2017, Kik user "bj369369369" direct messaged the UC "Hey". On September 11, 2017, the UC responded. Between September 11, 2017 and October 31, 2017, user "bj369369369" and the UC exchanged at least 2410 messages. During the

Case 1:19-cr-00613-CCE Document 6 Filed 04/09/20 Page 1 of 15

exchange, user bj369369369 claimed that two different individuals were using the bj369369369 account. First, a 16 year-old and later the 16 year-old's purported adult brother. Early in the exchange, the UC alerted bj369369369 that she was a 13 year-old in middle school.

On September 13, 2017, bj369369369 directed the chat conversation to topics of a sexual nature. User bj369369369 then requested that the UC send him an image of her genitals. An excerpt from the chat follows:

Kik Messenger records revealed that the email address theoranfamily369@gmail.com was associated with user bj369369369's account. Subsequent investigation would reveal that the email address was registered to a "J Oran."

User bj369369369 and the UC discussed meeting in a park to engage in sex acts. User bj369369369 suggested that his older brother "Jamie" should be the one to engage in sex acts with the UC because "he's a lot better at showing a girl how to feel good." User bj369369369 then proceeded to encourage the UC to engage in sex acts with his "brother." The purported brother, "Jamie", took over the chat for a time before purportedly returning the phone. The chat continued to focus on topics of a sexual nature, including meeting to engage in sex acts. Eventually, "Jamie" purported to take control of the bj369369369 account and proceeded to make arrangements to meet the UC at a park. On October 13, 2017, the following exchanges took place:

bj369369369	Question is there a bathroom at the park
UC	Ya

On October 14, 2017, user bj369369369 expressed reservations about

meeting at the park. See the following excerpt:

bj369369369	I'm not sure if I want to go to the park it's kinda

On October 20, 2017, user bj369369369 informed the UC that he had

access to child pornography videos on Dropbox. See the following excerpt.

On October 30, 2017, the UC and user bj369369369 agreed to meet on

October 31, 2017 at a house in Graham, North Carolina. The following chat thread is from October 31, 2017 when user bj369369369 was en route to meet

the UC:

bj369369369	Do you have to go to school after we're done

UC	Were r u??

Simultaneously with the UC receiving the message from bj369369369, "T'm walking up now," Alamance County Det. Sergeant J. England observed a gray Mercury Grand Marquis park near the prearranged meeting location. Det. Sgt. England observed a tall white male, Joseph Daniel ORAN, exiting the vehicle. The individual looked at Det. Sgt. England and then reentered the vehicle. The individual drove to a nearby car dealership, looked at trucks for a handful of minutes, and left. Det. Sgt. England observed that the vehicle's license plate was DKA-8797.

A query of the plate number revealed that it and the vehicle were registered to Joseph Daniel ORAN of Garner, North Carolina. Det. Neefe alerted the Johnston County Sheriff's Office (JCSO). JCSO detectives positioned themselves to surveil ORAN's residence. They observed ORAN approach his residence but then drive past. The detectives conducted a traffic stop. ORAN claimed that he had been in Hillsborough, North Carolina for a job interview and had returned home to take a family member to the doctor. The detectives detained ORAN near his residence and recovered an iPhone 6S from his person. ORAN was placed under arrest and invoked his right to counsel. He has been in custody since.

Forensic Analysis of ORAN's iPhone:

Homeland Security Investigations (HSI) Special Agent (SA) Cory Brant examined an extraction of ORAN's iPhone 6S.

SA Brant observed that the phone was named "Joseph's iPhone" and that the email address, theoranfamily369@gmail.com, was associated with the iPhone's Apple ID.¹ The Kik Messenger application was not found on the phone, however SA Brant observed artifacts on the phone indicating that the application had once been installed on the phone. A query of the phone for the UC's Kik Messenger username returned positive results. Additionally, on October 13, 2017, the phone's user conducted multiple Google keyword searches for the UC's first and last name. The agreed-to address for the meeting on October 31, 2017 had also been entered into Google Maps. Finally, a picture sent to the UC on October 31, 2017 by bj369369369 was recovered from ORAN's iPhone.

During the review of ORAN's iPhone, SA Brant also observed child pornography and child erotica associated with a Dropbox account.

Investigation of ORAN's Dropbox Account:

Dropbox records revealed that the email address theoranfamily369@gmail.com was associated with a Dropbox cloud storage account in the name of "J Oran". Pursuant to a search warrant, Dropbox provided Det. Neefe with the account's content.

The structure of the account consisted of a folder titled "Teen girls"

¹ This is the same email address that was associated with the Kik Messenger account of bj369369369.

with three subfolders: "Girls Teen", "September 2017", and "x". Of the 198 files in the account, 72 were videos depicting child pornography, as defined in Title 18, United States Code, Section 2256(8)(A).
