**NARRATIVE**

On 25 November 2025 at approximately 1843 hrs. I was on patrol on RT 145 in Colebrook in a fully marked patrol unit when I observed a white van pass me heading south while I was driving north. I observed damage to the front bumper and no front license plate but could not make out the rear license plate. I turned around and caught up to the vehicle. As I got behind the vehicle, I observed it to be a white Chevy van bearing FL Registration I. This registration was only known to me as a Florida registration by the license plate design of the peaches, as the state of registration was obscured by a thick, black license plate frame in violation of RSA 261:176.

The vehicle approached the intersection of Park Street (AKA RT 145) and Main Street (AKA RT3) and failed to make a complete stop at the stop sign posted at the intersection before turning left. This is a very busy T intersection of two main routes and is blind from the left as this sits at the base of a small hill. Even with a complete stop, it is often hard to judge whether it is safe to pull out or not. I ran the registration on my Mobile Data Terminal (MDT) and observed it came back to a Cablecoast Communications, registered out of

Once it was safe to do so, I initiated a motor vehicle stop on Main Street by the intersection of Bridge Street. I approached the vehicle from the passenger side and made contact with the operator who I identified by his New York driver's license as

### JOSE CARLOS BALDIVIESO CAMPOY

I observed Jose to be wearing a construction style high visibly vest and to have a ladder onto of the vehicle. I also noted the two last names, which based on my training and experience, is typically done by people of South American or Spanish countries. Also based on this same training and experience, I know "cable company's" to be a common place of employment for illegal aliens. Due to this, they are often driving vans or trucks with ladder racks and will have a driver's license which does not match the state of the company in which they are employed. This is commonly due to them being employed as a "subcontractor" for a company which has been subcontracted for a major cable company. On the New York ID he provided me, I also noted, "Not for Federal Identification" listed in the top right-hand corner. As part of the conversation, I asked Jose if he was born in New York. This was followed by a pause and change in tone of voice before he replied that he was.

I returned to my cruiser and based on the totality of the circumstances listed above, I reached out to US Border Patrol. I advised them of Jose's name and date of birth while I worked on imputing his information and issuing him two written warnings. Within just a few minutes, I was informed Jose was a "Bolivian Overstay" who's visa had expired in 2016. At approximately this time, Supervisory Agent Norsworthy arrived to assist. Based upon the facts listed above and the light of this new information, I contacted the ICE sub office in Manchester and spoke with Agent Lischke. Agent Lischke was able to confirm what Border Patrol had stated to me and gave me the official arrest approval at 1918 hrs.

I approached the vehicle and asked Jose to exit. He exited and I informed him I was a Federal ICE Task Force Officer and placed him into custody without incident. Jose was searched incident to arrest and the work items, with his permission were placed back inside the vehicle. His personal belongings were placed on the hood of my cruiser and later transported to the station with him. Jose was secured in handcuffs behind his back; they were double locked and checked for proper fit before he was placed in the back of my cruiser.

I performed a photographic inventory of the vehicle and requested a tow truck to the scene to remove it. C4 Automotive arrived on scene and took possession of the vehicle, removing it to their storage lot at 114 Colby Street, Colebrook, NH.

Jose was transported back to the Police Department and brought downstairs. Once in the PD, his booking photo was taken and he was secured to the booking bench, as is standard procedure for any formal arrest. I spoke with Jose and completed the "ICE Interview" questionnaire. I also completed the Arrest Data Sheet. During this, I remained in contact with Agent Lischke in an attempt to obtain a location in which to transport Jose to for holding. The Coos County Jail, Berlin Federal Prison, Strafford County Jail and Border Patrol were all contacted by either Agent Lischke or me. None of these facilities had the ability to hold Jose pending ICE pickup in the morning. I completed my standard booking procedures and informed Jose he would remain here with me until ICE come to pick him up. I allowed him to access his phone to retrieve numbers from it and to make a phone call to his family from our PD line. His wallet was inventoried in front of him, and I counted \$499 in cash and several credit/ debit cards.

Due to the fact he was going to be here until the morning, I performed a second, more thorough search of Jose, ensuring he had no hidden keys or means of escape. I removed the handcuff from his wrist and placed him in a leg shackle around his left ankle. This was done so Jose could move around more and have the ability to lay down if he wished. Jose was given a blanket and asked if he would like anything to eat. I told Jose we did not have anything on hand, but I offered him some of my homemade corn chowder. He stated he did not know what that was and I offered to make him a salami sandwich. He agreed to this, and I went to get the food. I also stopped at the gas station and purchased him an Arizona iced tea as well. I made Jose one sandwich and ate with him. When he finished, I offered him another, but he declined.

Afterwards, Jose went to sleep on the bench and woke up shortly after and requested another blanket, to which I provided him with. I shut off the light as well to allow him to sleep easier.

### Colebrook Police Department's Post

**Colebrook Police Department**

6d · 🌐

Date of Incident: 25 November 2025

Time of Incident: 1845

Type of Incident: ICE Task Force Arrest

Location: Main Street

Suspect: JOSE CARLOS BALDIVIESO CAMPOY, 22, of Bolivia

On the above date and time, Officer Bishop of the Colebrook Police Department initiated a motor vehicle stop on Main Street due to multiple observed traffic violations.

While speaking with the driver, the officer developed reason to believe Jose may be in the country illegally. Within a few minutes, it was confirmed Jose was an illegal alien. Jose had been in the country illegally since 2016, when his Visa had expired. According to Jose, he was working as a sub-contractor for a cable company, hence his presence in the area.

The officer contacted ICE, who requested he arrest Jose and hold him for pickup. Jose was arrested and his vehicle was towed.

Shortly after, he was brought back to CPD where he went through the internal booking process and remained until he was picked up by ICE the following morning.

The Colebrook Police Department is proud partner in the 287G ICE Task Force program. After proper training, this program allows local, county and state officers to act as TFO's (Task Force Officers) for ICE. This gives those officers the Federal authority to identify, detain and arrest people who are present in this county illegally.

CPD stands with our Federal Partners and the mission of ICE to remove illegal aliens from our country and communities. The goal of this program is to keep our town safe from unvetted individuals who circumvent the systems we have in place to keep our nation and communities safe.

Thank you all for your continued support and please remember to report any suspicious activity taking place in Colebrook to us at (603) 237-4487 or 911, if it is an emergency.
