8. The main concern and the production of this Civil Rights Suit is formatted and directed to approach these officers and bring their incomprehensible behavior to the attention of a Magistrate Judge that can enlighten them to the fact that their behavior cannot and will not go overlooked!

To bring and submit to a Federal Judge that a person's rights should in fact no way be violated to obtain an arrest!

To send a clear and precise message that they themselves are not above the law.

To send a message that upon applying these unethical tactics will not go without consequences for their actions as well as their misguided conduct within the public in whom they're hired to protect!
