Ms. [REDACTED]

I am the chief attorney of a criminal investigation in Mexico of more than 20 individuals tied together in a cooperative destructive network. These individuals, including yourself, have been acting against individuals who participate in the NXIVM corporation community.

You are currently connected to several criminal investigations involving fraud, coercion, extortion, harassment, stalking, theft, larceny, hate crime, criminal conspiracy, breaking and entering, computer crimes, wire fraud, criminal enterprise, and corporate espionage.

I strongly suggest that you cease and desist, undo, reverse, cancel, and retract, participation in all past, present, and future, conversations, conference calls, meetings, news media, social media, blogs, or websites, relating to this subject matter until the criminal matters are resolved. You should do everything in your power to affect this.

Your best course of action to minimize your exposure, in addition to the above, is to repair all damages to parties you have acted against, reconciling with them, and fully cooperating with the criminal investigations. In this regard, I can help you for I represent some of your victims and have access to others.

I know that people in the media (and also bloggers and the like) can be coercive, abusive in their power, and force unwitting, uninformed, participants to complicate situations and potentially even waive rights. You still have the ability to pull away from all participation with these people.

Please contact me as soon as possible,

You are the only person receiving this letter. This overture is against my better judgement as I feel there is little probability of success yet more expense, but I am writing you on my clients' behalf. If you do not respond affirmatively to this letter by 1:00pm September 19th I will need to proceed as previously required. I will then not contact you informally again.

My clients want to give you this opportunity to cooperate and minimize the impact on your life. The criminal investigations will increase in number, and thoroughness, and will not stop until justice is served. This will not go away.

The group with which you are involved contains individuals who have already served prison time, others who are currently indicted, and some that face extradition proceedings. The others are under investigation for quite serious crimes. The form of justice to which they subscribe is trial and conviction by media, personal opinion, and abuse of power. They appear to have no issue with committing a crime when it suites them. They use the actions of others to justify this. Whether the person they target is right or wrong, this method of persecution is very wrongful. You must separate from them completely to mitigate the effects on yourself.

Please divest yourself from this wrongfulness and this group. Please write to me affirmatively by the above deadline indicating you will cooperate fully. I can also help you with any criminal investigations within the United States.

Sincerely,

Subject: Final Public letter - not to go live til you have my final thumbs up

Marianna, there are a few minor changes - this is the final text.

The past few months have been deeply painful for many of us at NXIVM, as we have seen our friends, associates, and the organization we care deeply for come under fire. Some have asked me why I remain a member and why I still support NXIVM and Keith Raniere. The answer is simple: I've seen so much good come from both our programs and from Keith himself. It would be a tragedy to lose the innovative and transformational ideas and tools that continue to improve the lives of so many.

There have been many accusations made and I have taken them seriously. Determining the truth is extremely important to me, therefore, I have personally overseen the hiring of outside experts to interview and investigate the allegations. I can say firmly that neither NXIVM nor Keith have abused or coerced anyone.

I retired from a very successful career as a professional show-jumper because I wanted to do something more meaningful with my life. NXIVM is that. As I said, the programs help. I am happy, healthy and wealthier than I have ever been. I frequently hear and witness stories of individuals improving relationships with loved ones, achieving business goals they never imagined, and overcoming some of the most debilitating conditions, amongst other things.

My experience with Keith is no different. I have witnessed his kindness even in the hardest of times, I have seen world leaders, business leaders, doctors and others seek his counsel on some of the hardest topics and I am inspired by the humility and compassion with which he approaches them all. I know him to be a man dedicated to the betterment of the lives of others, and most importantly for me, he is a dear friend who has and continues to help me through the hardest decisions and moments in my life, including my father's illness and eventual death

Lastly, while I am not and never have been a member of the sorority, I was reassured to hear from various third party experts that the sorority has not coerced nor abused anyone. In fact, the sorority has truly benefited the lives of its members, and does so freely. I find no fault in a group of women (or men for that matter) freely taking a vow of loyalty and friendship with one another to feel safe while pushing back against the fears that have stifled their personal and professional growth. It's not for any of us to judge how they, or anyone else, choose to advance their lives and values.
