Spring 2023

Statements that would cease investigation if FS pled guilty

4/23 - AUSA took covert steps - SW for content of MR + RS phones  
Had already produced 589k + 67k docs, respectively

4/28 - WebEx w/ DS 2  
DS asked if copying MR + RS - status had shifted  
Said yes  
DS said (creedily from notes) - early disposition, no promises, conclude as to pt, conclude this facet of investigation

Taken aboard for that offer

Never seen that inducement  
Also talking points

FS pled guilty - motivation that office would cease investigation  
Thought office would honor that statement

5/25/2023

- No records of FTX team walking back
- No notes that it was walked back - quick call

One instance where non-promised benefit was honored  
Recently departed alms - never heard of floating this,  
would be honored

RS prejudiced

~~the~~ MB would not have spoken to court  
for co-signer interview

Had baby together, etc.

MB prejudice - no access to email, texts, etc.

She didn't preserve records from ADAM, which  
are disclosed

Baby thinking this matter resolved  
Custody trial
