Re: United States v. Menendez et al., No. S4 23 Cr. 490 (SHS)

Dear Counsel:

Pursuant to Federal Rule of Criminal Procedure 16(b)(1)(C), and in accordance with the agreement reached between the parties on April 2, 2024, and the Court's Order of earlier today, Senator Menendez hereby provides notice that he anticipates calling the following witnesses at trial in this matter. This notice is subject to the confidential "Protected Material" provisions of the Court's protective order.

Dr. Karen B. Rosenbaum

Senator Menendez anticipates calling Dr. Karen B. Rosenbaum MD, DFAPA, as an expert witness, pursuant to Rule 16(b)(1)(C). Dr. Rosenbaum's qualifications are set forth in her curriculum vitae, which is attached.

Dr. Rosenbaum is expected to testify at trial that Senator Menendez experienced two significant traumatic events that resulted in the development of [REDACTED]. In particular, Dr. Rosenbaum is expected to testify that Senator Menendez suffered intergenerational trauma stemming from his family's experience as refugees, who had their funds confiscated by the Cuban government and were left with only a small amount of cash that they had stashed away in their home. Dr. Rosenbaum is also expected to testify that Senator Menendez experienced trauma when his father, a compulsive gambler, died by suicide after Senator Menendez eventually decided to discontinue paying off his father's gambling debts.

Furthermore, Dr. Rosenbaum is expected to testify that the [REDACTED] Senator Menendez developed as a result of these traumas was never treated. The [REDACTED] and lack of treatment resulted in a fear of scarcity for the Senator and the development of a longstanding coping mechanism of routinely

withdrawing and storing cash in his home. Dr. Rosenbaum's conclusions are also based on her experience and research that demonstrates that such coping mechanisms are a common response to scarcity among trauma victims, especially for those who suffer from intergenerational trauma.

In addition to her experience and research, Dr. Rosenbaum's conclusions are based on evaluations she conducted of Senator Menendez, as well as a review of discovery produced in the case, including photographs of the cash seized from Senator Menendez's home, Senator Menendez's bank records, and photographs taken of the interior of Senator Menendez's home, as well as her review of relevant scientific literature.

Russell Richardson

4/24/2024

Senator Menendez anticipates calling Russell Richardson, CPA, CFE, as an expert witness pursuant to Federal Rule 16(b)(1)(c). Mr. Richardson's qualifications are set forth in his curriculum vitae, which is attached.

Mr. Richardson is expected to testify that Senator Menendez's spending habits throughout the relevant time were consistent with his income and compensation as a U.S. Senator and from a rental property he owns; that is, that Senator Menendez lived within his means. He is also expected to testify that Senator Menendez did not, during the relevant time, regularly make extravagant purchases nor did he excessively transfer funds or items of value to any other person (including his wife, Nadine Menendez).

Mr. Richardson is expected to testify that his conclusions are based upon review of records of Senator Menendez's depository accounts, credit card statements, tax returns, financial disclosures and related financial documents, interview(s) with the Senator, and Mr. Richardson's training and experience as a forensic accountant.

Senator Menendez reserves the right to supplement this notice with notice of additional potential expert witnesses and/or additional information concerning the witnesses disclosed herein.

Truly yours,

/s/ Adam Fee
