Kicking ass. But it's still a ton of work with not a ton of time. What's the chance we can do body scenes at the end of the schedule?

JB Justin Baldoni <[REDACTED]> ► 2/17/2023, 12:37 PM  
I'm sure you are!  
Honestly, there's 1 billion moving parts to schedule right now I just turned in the rewrite and so they are hard at work -  
'so much' of it comes down to locations and the other cast availability etc. so to be really honest I have no clue.

I Want you to know- you will look amazing. Anything you are insecure about we will talk through and get creative  
together and make you comfortable. I just don't want you to stress about your body. It's the last thing you need. As soon  
as I have a rough schedule that's even remotely accurate I'll share and I'll make sure the team keeps this in mind as well
