**CASE TITLE**

DREXEL, BRITTANEE MARIE - VICTIM;  
 CHILD ABDUCTION - NO RANSOM  
 OO: CO

EXAMINATION LOCATION: COLUMBIA, SC

**CASE / EXAMINATION SYNOPSIS**

On 04/22/2009, 17 year old Brittane Drexel was visiting Myrtle Beach South Carolina without the knowledge of her parents. The last time she was seen in Myrtle Beach by her friends was on 04/25/2009 and this was corroborated by her cell phone records. That same phone was historically tracked south on Hwy 17 through Georgetown, McClellanville, Santee River and Francis Marion National Forest.

During the investigation, witnesses have named several people as subjects in the disappearance/kidnapping/murder of Drexel including: Timothy Dashaun Taylor; [REDACTED] and

On June 14, 2017, Timothy DaShaun Taylor, hereinafter Taylor, came with his attorney, Mark A Peper, to the FBI Charleston Resident Agency for the purpose of taking a polygraph test. Although this polygraph was conducted pursuant to a proffer agreement between Taylor and the United States Government, Taylor was still shown the "Consent to Interview with Polygraph" form. The examiner read the form with Taylor. Taylor stated that he understood the form and signed it.

Taylor confirmed his earlier statements to agents that he had never seen Drexel in person. The only images he ever saw of Drexel were after her disappearance in the news media or pictures shown to him during the missing-

persons investigation. Taylor also discussed the time on June 26, 2016, when he overheard part of an argument between [REDACTED] and [REDACTED] concerning a time when [REDACTED] was accused of having Drexel's cell phone. Taylor advised that neither of them ever confided to him that they were involved in Drexel's disappearance, but Taylor thought the argument was suspicious in nature. The details of the argument were reported by Taylor to the FBI in his October 11, 2016 interview.

When discussing the relevant questions for the examination with Taylor:

"Know for sure" was defined as -

- A) Being directly involved himself in the disappearance/kidnapping/or killing of Drexel.
- B) Actually seeing someone else take, detain or kill Drexel, or
- C) Being told by someone directly involved in the disappearance of Drexel that they were involved in it;

"See Brittane Drexel in person" was defined as - being in the actual presence of Drexel so that he could have actually touched her or she could have touched him.

The following relevant questions were asked during the examination for Series I:

- A. Do you know for sure who was involved in the disappearance of Brittane Drexel? (Answer: No)
- B. Did you ever see Brittane Drexel in person? (Answer: No)

Taylor was told that he was strongly reacting to several of the questions. Taylor responded by invoking his right to speak with his attorney, who was outside in the lobby. After extensive discussions with his attorney, Taylor agreed to continue the interview with the examiner. During this portion of the interview, Taylor went back to the story he had previously told about the argument he overheard concerning when [REDACTED] was accused of having Drexel's cell phone. Within minutes of renewing the interview, Taylor denied that he was withholding any information in the missing-persons case, began shouting angrily at the examiner, and asked to speak to his attorney again. The interview was terminated at that point.

The results of this examination are located in the "Examination Results" section at the top of this report.
